- "Introduction about IQAC" for the newly inducted faculty members
- Outcome based education system
- Blooms taxonomy in disseminating knowledge and setting question papers for the Examination.
- Best practices in learning & teaching pedagogy
- Academic Audit and Departmental Mentoring
- Curriculum Development and Restructuring
- Transformational Leadership
- Basic Counselling Skills and Mentoring for the newly-recruited Faculty
- **'TECHFINIX 16'**- National Level Technical Symposium organized (Every year)
- IQAC has successfully organized many inter and intra institutional workshops, seminars and Conferences. Recently, IQAC has organised a two day international conference on title "International Conference on Adaptive Technologies for Sustainable Growth" **(ICATS 2016),** to exchange new and creative ideas and concepts in science and technology. Mr. HERMANUS ADRIAAN BERNARD, Chief Executive Officer, INTELE Track, Pretoria, South Africa., Ir. Dr. NURSYARIZAL MOHD NOR, Universiti Teknologi Petrona, Malaysia and Dr.

AMIMUL AHSAN, Universiti Putra Malaysia, Malaysia, participated as special guests for the function which was held on 13th and 14th May 2016 . As many as 170 research papers have been shortlisted from the innumerable papers received in the branches of CSE, EEE, Civil, EEE, Power systems, Power Electronics, etc.

- **P**aavai Microsoft Innovation Center and C Sharp Corner jointly organized a one day Program – "Learn IoT with Raspberri pi" on 01-05-2016.

2.14 Significant Activities and contributions made by IQAC

- Periodical meetings with various stake-holders who were initiated to formulate the plan of action aiming at quality sustenance.
- The implementation of action plan was reviewed in the subsequent meetings.
- Motivational and Career guidance training programmes were offered to strengthen the confidence level of students to pursue their higher studies and for better placement.
- Memorandum of Understanding was established with various industries to build up the Industry Institute Interaction at various levels.
- Library services were upgraded periodically by increasing no. of books, journals and e-journals to facilitate reading among the faculty members and students.
- Enhanced employability by implementing personality development programs, value added certificate courses & pre-placement training program for the students
- Career Guidance and Placement Cell strengthened
- Upgraded library by subscription to e-journals (IEEE)
- More avenues for students to engage in community services
- Sensitizing students to ecological and environmental issues
- Publication of articles in Journals of international standard
- Seminars, conferences and invited talks arranged for students & Faculty members
- Conducting Faculty development programme every year involving the use of ICT enabled teaching.
- Governing council meeting held on a regular basis with members of the committee as a part of Academic Review activity and Internal IQAC Academic Audit.
- Constant revision of learning content and techniques based on feedback by students, alumni and other stake-holders.

2.15 Plan of Action by IQAC/Outcome

The plan of action chalked out by the IQAC in the beginning of the year towards quality Enhancement and the outcome achieved by the end of the year

Plan of Action	Achievements
To improve the academic results and the graduation rate.	In the academic year 2015 – 16, the academic result was 73.60% and the graduation rate was 93.19%
To increase the admission rate	The total admission was improved by 10.12%, comparing with the previous academic year.
To revise and to process CBCS curriculum	CBCS Curriculum is revised and approved by the Academic council and implemented from the academic year 2016-2017
To enhance the placement rate in core and multinational companies	90.1% of students got placed in various core and multinational Companies.
To conduct Faculty Induction Programme for the newly recruited faculty members	Newly recruited faculty members are trained in the process of Teaching, Learning and Evaluation and Research
To organize events for creating social and environment awareness among students	Green Club Activities, Green Rally, Clean Pachal Village.
To improve the students participation in International / National/State Sports Events	**Champion of Champions, No.01 in Anna University** Sports Board, among all the Engineering colleges in Tamilnadu.
To establish Academic Networking with Foreign Universities	University Technology, Petrona, Malaysia
To organize national/international level seminars, workshops, guest lectures, leader's speeches, conferences.	National / International level seminars / workshops, guest lectures and conferences were conducted for the benefit of the students and faculty members.
To strengthen the activities of all the clubs and forums in the college	Clubs like Aura & Sparism, NSS were organizing various functions to build social awareness & responsibility among the students.

1.3 Feedback from stakeholders*

(On all aspects)

Alumni ✓ Parents ✓ Employers ✓ Students ✓

Mode of feedback : Online ✓ Manual ✓ Co-operating schools (for PEI) ☐

(* The analysis of the feedback form is enclosed in **Annexure-III)**

1.4 Whether there is any revision/update of regulation or syllabi, if yes, mention their salient aspects.

Yes, Regulation is changed from Regulation 2015 (R2015) to Regulation 2016 (R2016) with CBCS system by the affiliating University and implemented during 2016-2017.

- CBCS grid for UG programmes was introduced.
- Zero credit system is introduced to make the students participate in extra and co-curricular activities which will help them to develop their personality, event organizing skills, time management skills, leadership skills and team management.
- Advanced topics are included in theory & practical syllabus according to the alumni feedback and industry needs.
- More hands on sessions are added in the form of mini project and Project.

Value Added Courses

In the autonomous curriculum, to bridge the gap between the academic and industry needs, **value added courses** are introduced. In order to meet the industry requirements, each **department offers latest Technologies/Techniques as Value Added Courses (**VAC) to the students. Through these courses, students get hands on training on latest software packages to be used in their laboratory. Utilizing the software packages they find new solutions for contemporary issues. All the UG students have to undergo at least one value added course within the seventh semester of their study. Each Value Added Course is assigned 0 Credit and the credits earned through value added courses will not be considered for CGPA calculation.

(The list of Value Added Courses offered by different departments is enclosed in **Annexure IV)**

1.5 Any new Department/Centre introduced during the year. If yes, give details.

Yes, 03 New Departments & 01 Centre are introduced. They are BE-Chemical Engineering, B.Tech Agricultural Engineering & BE- Aeronautical Engineering and TVS-Harita Techserv Research Centre.

2.6 Innovative processes adopted by the institution in Teaching and Learning:

- Staff members have adopted the new pedagogy of ICT - enabled teaching during the last four years. The course content presented through multi- media approach accelerates the attention span of the students.
- Teachers encourage collaborative learning among the fast learners and the slow learners who interact with each other clarifying conceptual difficulties which arise during the time of exchanging one's academic strengths and weaknesses. The teacher acts as subject guide and supervisor.
- The institution has provided adequate number of CDs which are used in the classrooms for effective teaching.
- Virtual learning is also encouraged among the learners.
- Besides teacher-oriented lecture method, the faculty follows student-centric activity method where the practice of taking up class seminars by students is implemented. It develops independent learning and imparts confidence and subject competence. It enables presentation skills among students.
- Mapping of COs, POs with PEOs
- Content Delivery and Question paper preparation is based on Outcome Based Education principles. Blooms Taxonomy model is adhered to in the preparation of Question papers.
- Students have been encouraged to use Moodle, NPTEL materials and other e-learning resources to gain domain knowledge and occupational skills.
- Comprehensive individual assignments are given to PG students who present the same before submission. Seminars, term paper and mini –projects promote innovative learning.

The effect of innovative teaching results are:

- Improved results and pass percentage of students.
- Improved quality of final year projects and assignments.
- Improved placement ratio of students.
- Improvement in the interest shown by students to join higher studies and undertake funded research projects.
- Reduction of backlogs and detention.
- The services of innovative teachers are duly acknowledged
- The Management awards appreciation certificates to them and monetary benefits are also given.
- In addition to that the Management encourages those teachers to share their experiments and success with the novices in teaching so that there would be total quality improvement in teaching and learning.
- The Management periodically deputes the faculty to attend webinars and other teaching learning programs conducted by Infosys & Wipro and IIT Bombay spoken tutorial classes.

2.12 How does IQAC Contribute/Monitor/Evaluate the Teaching & Learning processes

The IQAC designed a unique kind of form for the evaluation of the teacher performance by the student. The Co-ordinator of the IQAC went through the feedback process and the forms of various universities in and out of India and designed a structure for the student evaluation of the teacher. The feedback programmes are conducted at the end of every semester and at end of the academic year and are monitored by the IQAC Co-ordinator. The feedback is very much helpful for the teachers to redefine their teaching and evaluative strategies.

Monitoring Mechanism:

Attendance, Assessment and Audit Record	- 15 Days once
Class committee meeting	- Twice in a semester
Department meeting	- Weekly once
HODs Meeting	- Weekly once
IQAC Meeting	- Once in a semester
Management Review Meeting	- Once in a semester
Class room observation	- Monthly once
Students' Feedback on the evaluation of Teachers	- Twice in a semester
Internal Audit	- Once in a semester
External Audit	- Once in a Year
Exit survey	- Once in a Year

3. Research, Consultancy and Extension

3.1 Initiatives of the IQAC in Sensitizing/Promoting Research Climate in the Institution

Paavai Engineering College has the following committees for sensitizing and promoting the research climate in the institution which meet periodically and advice on the course of action to be taken in this regard. Based on the outcomes of these committee, IQAC has designed its orientation programs and chair persons of these committees were invited to address the faculty members in suitable forums.

Initiatives of the IQAC

- The IQAC insists upon the research culture among faculty so that innovative ideas can be identified and worked on to bring better results.
- Encourage faculty members to publish research findings in reputed refereed Journals and Conferences.
- On-duty (OD) facility for attending conferences.
- Encourage the faculty members to prepare and submit project proposals to Government and Private funding agencies.
- The college has a policy to encourage research activity by regularly conducting seminars, guest lectures and subscribing to journals, e-library, etc.

Governance, Leadership and Management

6.1 State the Vision and Mission of the institution

Vision:

To strive to be a globally model Institution all set for taking 'lead role' in grooming the younger generation socially responsible and professionally competent to face the challenges ahead.

Mission:

- To provide goal oriented, quality based and value added education through state-of-the-art technology on a par with international standards.
- To promote nation building activities in science, technology, humanities and management through research.
- To create and sustain a community of learning that sticks onto social, ethical, ecological, cultural and economic upliftment.

6.2 Does the Institution has a management Information System?

Yes, Paavai Engineering College has a management information system whereby the process of information flow is systematised and channelled properly. Software for autonomous examination work, library maintenance, fee collection, Paavai SMS are integrated under management information system. The suggestions given by the Governing Council, BOS Academic Council and other committees are implemented under the leadership of the principal. Regular staff meetings are held to discuss and decide on matters relating to academics & administration.

6.3 Quality improvement strategies adopted by the institution for each of the following:

6.3.1 Curriculum Development

Advanced topics are included in theory & practical syllabus according to the alumni feedback and industry needs and Zero credit system is introduced to make the students participate in extra and co-curricular activities.

More hands on sessions are added in the form of mini project and Project. Attending Spoken Tutorial, Open Source Certification courses from IIT Bombay is treated as mandatory to enable the students to become industry ready.

6.3.2 Teaching and Learning

The vision and mission statement focuses on providing quality education which enables the learners to be globally competent, socially responsible and ethically desirable.

In order to materialize the same, the institution gives the learners a good infrastructure and recruits committed teachers who are sincere about serving the learning community with necessary knowledge, skills and expertise. All the academic programmes and research initiatives of the institution aim at making the students cater to the needs of society.

The subjects are allotted to the faculty before the semester begins based on their specialization and experience. The faculty members are then asked to submit the lesson plan, notes and question bank to the HoD. Faculty maintains the subject log books, records of daily lectures delivered and practicals conducted. This is reviewed by the HoD weekly and countersigned by the Principal monthly. Internal tests are conducted to the students and their results are analysed. Based on the results, the following remedial measures are taken:

- Guiding the students on the preparation and presentation skills during exams.
- Arranging tutorial classes.
- Conducting special coaching classes for slow learners.
- Conducting additional tests.
- Offering counsel to the students.
- Encouraging the students to attend workshops, conferences and seminars.
- Providing references materials.

The Effectiveness of the Teaching –Learning Process is reviewed regularly based on the following:

- Students Feedback
- Results of Internal Tests
- University Results

6.3.3 Examination and Evaluation

- The curriculum & Syllabus with Choice Based Credit System is adopted.

- Supplementary Examination, Photocopy, Revaluation, Withdrawal from examinations & Authorized break of study are available to the students.
- The Evaluation for the examinations is done by External examiners from other reputed autonomous institutions and central valuation is also done respectively.
- Blooms Taxonomy is followed while framing the question papers.

6.3.4 Research and Development

The college is creating a very congenial atmosphere to the faculty for sustainable development in the wake of modern challenges in imparting quality education, for which the college management is very co-operative in encouraging the teaching fraternity to do the research work and the list of department wise research work undertaken are following.

6.3.5 Library, ICT and physical infrastructure / instrumentation

- The Central Library with adequate space contains large number of books and journals, Internet and other support facilities.
- The class rooms are spacious with proper lighting and ventilation enabling seating arrangement with proper visibility for both students and lecturers.

- All the Departments have separate self-contained structures. The College has spacious seminar/conference halls, adequate number of classrooms, well-equipped laboratories, computer labs, staff rooms, and cabins for HoDs.
- The College has an out-door Sports Ground for sports activities and a Health Center to meet the diagnostic and medical treatment of students and staff.
- The College has three cafeterias to serve food and refreshments to staff, students and guests.
- The institution has 250 KVA (2 Nos) generators in addition to UPS backup in various laboratories. The college has bank facility with ATM centres. The institution has sufficient water facilities from bore wells. RO water purifiers are there Rain harvesting plant called ”Amirthavarshini” is established.

6.3.6 Human Resource Management

The faculty is trained and appraised through the following stages.

- In the first phase, the faculty self- appraisal form is filled in with reference to their participation in various activities which are carried throughout the year in the area of teaching , training, consultancy, research and academic administration
- In the second phase, The Head of the Department checks the appraisal.
- At the final phase of appraisal, Head of the institution assesses the quality of the faculty.
- The self-assessment report is one of the important yardsticks used for the promotion of the faculty. It also gives a picture of the academic status of the faculty in terms of their research and other activities.
- The Faculty Development Department conducts orientation programmes for the newly recruited faculty and the department continuously monitors the teaching performance of the new staff.

6.3.7 Faculty and Staff recruitment

Staff requirement for each department is collected well in advance by the office of the Head of the institution and the Management approval is also obtained in this regard. Appointment is done on merit basis. The college advertises in the leading newspapers in order to reach out to the best faculty from the country. Interviews are conducted by a panel comprising the Management, Head of the institution, and Head of the department, subject experts, and senior

faculty from the department. The college finds new faculty members through the reference from other teachers and experts in the area. In addition to this walk in interviews are also conducted after duly publishing it in the newspapers.

6.3.8 Industry Interaction / Collaboration

The institution has signed MoUs with many leading multinational companies for the skill development of the students which help them in their placement. The institution has set up the following centres in collaboration with industries,

- Microsoft innovation centre.
- Wipro Mission 10x Technology Learning Centre
- IIT Bombay - Spoken Tutorial
- British Council Membership
- Infosys Campus Connect Programmes
- Oracle Academy
- E-Governance
- Emc2 Academic Alliance
- ESCI supported Skill Development centres

- Industrial visit to Infosys Limited Campus, Bangalore - Paavai Engineering College 19-Aug-2015 nearly 180 students visited and benefited.

6.3.9 Admission of Students:

- Admission process for UG programme in Engineering is followed according to the guidelines mentioned by Tamilnadu State Government.
- Through TNEA counselling system the students are admitted based on the marks obtained in HSC through merti cum reservation basis.
- There is a central online system maintained by Anna University, Chennai for 65% of the Sanctioned intake.
- The remaining 35% of the total seats are filled by the college as per the guidelines issued by the DOTE in a highly transparent manner.

6.4 Welfare Schemes for

Teaching & Non-teaching	➢ Parental Pension Scheme for ten year experienced faculty and special pension scheme (Both parents or Spouse/Husband) for 15 years experienced faculty ➢ 100% fee concession if the faculty is deputed for deputy warden. ➢ 30% fee concession for their wards if they study in this group of Institutions. ➢ 06 months Maternity leave for female faculty members. ➢ 10 days Special Leave for Marriage Occasion ➢ 12 Causal leave & 24 Vacation leave. ➢ Recommendation for getting personal loan from the bank at lowest interest rates. ➢ Free bachelor accommodation and boarding. ➢ Free transport and medical insurance.

6.6 Whether annual financial audit has been done ✓ Yes ☐ No

6.7 Whether Academic and Administrative Audit (AAA) has been done?

Audit Type	External		Internal	
	Yes/No	Agency	Yes/No	Authority
Academic	Yes	Eminent Professor from Autonomous Engineering Colleges	Yes	IQAC
Administrative	Yes	-	Yes	IQAC

6.8 Does the University/ Autonomous College declares results within 30 days?

For UG Programmes Yes [✓] No [ ]

For PG Programmes Yes [✓] No [ ]

6.9 What efforts are made by the University/ Autonomous College for Examination Reforms?

- Yes, Regulation is changed from Regulation 2015 (R2015) to Regulation 2016 (R2016) with CBCS system by the affiliating University and implemented during 2016-2017.
- CBCS grid for UG programmes was introduced.
- Zero credit system is introduced to make the students participate in extra and co-curricular activities which will help them to develop their personality, event organizing skills, time management skills, leadership skills and team management.
- Advanced topics are included in theory & practical syllabus according to the alumni feedback and industry needs.
- More hands on sessions are added in the form of mini project and Project.

6.10 What efforts are made by the University to promote autonomy in the affiliated/constituent colleges?

- Choice Based Credit System
- Revision of Syllabus based upon Industry needs
- Selection of Project by students
- Identifying appropriate industries to go for inplant training and doing mini projects.
- Value added courses to bridge the gap between academia and industry

6.11 Activities and support from the Alumni Association

- The Alumni meet encourages the learners to get groomed adequately for placement.
- The existing students are made to be aware of employment opportunities in various companies and the skill preparation that they need to take is strongly emphasised.
- The alumni has given suggestions to include industry demand courses & certifications programmes courses in the curriculum.
- Interaction with alumni inspires students.
- Emotional and professional support is gained through the alumni association.
- The Management has increased the bus routes to the remote places as per the feedback given by alumni.
- We have conducted more certificate courses as per the feedback.
- On Duty is given to our students to participate in sports, workshops, conferences and in-plant training as per the suggestion given by feedback.

6.12 Activities and support from the Parent – Teacher Association

Feedback received from Parents

1. The maintenance of the Institution hostel is good.
2. Need Phone facility in hostel.
3. College bus facility to remote places.
4. Wi-Fi speed improvement.

Corrective Action

1. We have requested the Management to increase the number of buses.
2. We have planned to increase the Wi-Fi speed and coverage area.
3. For the student's placement and for the growth of the institution, we have planned to sign up MOU with leading MNCs
4. We have planned to improve the phone facility in the hostels.

6.13 Development programmes for support staff

- Providing chances to upgrade their qualification
- The supporting staff members are encouraged to participate in skill development Programme organized by parent (or) other institutions.
    - Skill development Programme (4)

6.14 Initiatives taken by the institution to make the campus eco-friendly

The college campus is totally eco friendly. For this the Management, the head of the institution and the whole staff are committed and they are working towards it. The institution has also taken several other steps/initiatives to make the campus eco-friendly.

Energy Conservation

The college bus drivers are advised to save fuel by adopting cautious driving. The class rooms are so airy and well ventilated with natural lighting and they rarely need any artificial lighting. The institution propagates the importance of energy conservation by informing all the faculty and students to turn off the fans and lights in the classrooms, college premises and hostel whenever they are not needed. Proper supervision is carried out by the authorities concerned. Awareness programme is conducted periodically for elaborating the importance of saving water resources.

Use of Renewable energy

The lawns and saplings in the garden are watered by the recycled waste water which is treated properly.

Rain Water Harvesting

Rain Water Harvesting is the accumulation and deposition of rainwater for re-use before it reaches the aquifer, thus promoting water and energy conservation. We are collecting rain water from all our building and is stored in our biggest Rain Water Harvesting pond namely 'Amrithadavarshini' of size 270' * 180' * 18' Sq.ft.with a storage capacity of 2 crore litres. Because of this initiative all our borewells are supported throughout the year and the nearby lands are also benefitted.

Efforts of Carbon neutrality

The College at its own level has taken up certain preventive measures to check the emission of carbon dioxide. The college has made arrangements for the parking of the vehicles of the students in the college ground. This helps in keeping the campus as much clean as possible. The dead leaves and the waste papers are not allowed to be put on fire. The leaves are buried in the soil itself and the papers are disposed off.

College transportation system encourages students & staff to travel in common transports thereby reducing carbon emission.

Tree Plantation

The campus is located in a green serene area. The NSS unit organizes tree plantation, and cleanliness awareness activities. A lot of expenditure is incurred to keep the environment green. For this the college support staff are working wholeheartedly. The College is planting trees every year with the help of students and staff. Forestation is in progress in the nearby hills. Free saplings are distributed on important days to promote tree plantation.

E-waste Management

The institution has taken adequate initiatives to manage e-wastes which are collected in a systematic manner and disposed periodically.

Criterion – VII

Innovations and Best Practices

7.1 Innovations introduced during this academic year which have created a positive impact on the functioning of the institution. Give details.

The college practices innovations in Teaching-Learning Process such as Paavai Moodle , webinars for subjects, NPTEL videos, e-Resources, Video lectures, Puzzles solving to develop critical thinking, Peer Group learning, remedial classes, value added courses, Guided study from 5.00 PM to 6.30 PM and Faculty Development and Revalidation Programmes. The students are enabled to communicate and commercialize unique ideas meaningfully through the following centres of excellence

- Microsoft innovation centre.
- Wipro Mission 10x Learning Centre
- IIT Bombay - Spoken Tutorial
- British Council Membership
- Infosys Campus Connect Programmes
- Oracle Academy
- E-Governance
- Emc2 Academic Alliance
- ESCI supported Skill Development centres

Benefits for the innovative practices

- Students' placement has increased.
- More industrial projects and internships are recorded.
- Graduation rate is improved
- Students' participation in various academic activities has been increased.
- Better students' feedback on faculty.

7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year.

- Counselling Suggestions are given to the faculty members who are yet to improve the results who achieved < 75% in student feedback by the respective Head of the Department.
- Result Review meeting for Faculty members based on student feedback and Academic Result was conducted by the Principal and Deans and the faculty members were counselled accordingly.
- Slow learners were motivated to improve their academic performance through Mentoring system.
- To achieve university ranks in Anna University Examinations, Creamy layer students were identified and they were counselled to improve their performance.
- Improvement in providing quality education results in the increase in admission rate.
- Academic council revises and approves CBCS curriculum and implements the same.
- Special training was given to the students to improve the placement rate in core and multinational companies.
- Faculty Induction Programme for the newly recruited faculty members were organized.
- Creation of social and environment awareness among students by various clubs like Green Club activities, clean Pachal Village, etc.
- National / International level seminars / workshops, guest lectures and conferences were conducted for the benefit of the students and faculty members.
- Scholarship Student's participation in International/National/State Sports Events was improved.
- Academic Networking with Foreign Universities were established.
- To fetch funds for research proposals, Faculty members were given instruction to identify funding agencies and write appropriate project proposals to get their projects approved.

7.3 Give two Best Practices of the institution:

Best Practices

Three best practices which contributed to the better academic and administrative functioning of the institution are:

1. Faculty Revalidation Program
2. Programs enabling the Holistic Personality of the Students
3. Community Engagement

Best Practices-I: Faculty Revalidation Program

The Institution aims at faculty development in terms of their teaching skills, research initiatives and project proposal submission. To achieve/execute this, a separate department; Faculty Development Department is established to look into the matters of academic performance like class room teaching, research efforts and paper presentations. The performance of the faculty is constantly validated and revalidated for further enhancement of knowledge, skill and expertise.

As the faculty is the asset of an institution the performance is periodically strengthened. To ensure the same professionalism of the faculty, different training and orientation programmes are conducted. Pre-service training courses are organized to benefit those who joined as freshers to the service.

The Faculty Revalidation Programme is being conducted annually, where all the faculty members present their teaching and they are being evaluated with seven components of teaching criteria by subject experts. Feedback and remedial measures are given to the faculty then and there itself, to improve their efficiency of teaching. The teachers are asked to present and publish research papers in the International Journals. This kind of practice has a tremendous effect on the academic performance of classroom teaching. This ensures quality in teaching and learning process. The practice has made an impact on teachers to enable them to be effective in their pedagogical skills and professionalism

Best Practices-II: Programs enabling the holistic personality of the students

The main objective of an institution is to mould the personality of a student in a balanced way. The student should be physically, mentally, morally and socially sound. In order to achieve this, Value Oriented practices such as Padha Pooja to parents during Induction

programme and salutation to teachers in the form of Padha Pooja on Teacher's day are encouraged for it is said parents are the first teachers and teachers are considered to be the second parents. By practicing this, the students naturally inculcate the value of gratefulness and respect towards parents and teachers.

This practice has a great effect on students to know about the great culture and tradition of our country. This gives an insight into the act of being human and the importance of adherence to Human Values. Similarly, the institution provides various orientation programme through International trainers on "Goal setting" and "Time-management" to the first year students to develop and achieve short term and long term goal. This practice paves the way to set the goal and the strategy to achieve it. The students' personality is thus developed by making them emerge as competent technically, professionally and linguistically.

Best Practices-III: Community engagement

1. Rain- water harvesting

Water is one of the essential components of life. The ground water level is very important to retain the soil moisture and to sustain the entire flora and fauna. In this area the ground water level is sinking alarmingly fast .The college has identified water shed management as a proper means to achieve positive results. Therefore 'Amrithavarshini Lake' is being constructed to collect rain water from college and is being utilized for watering plants on the campus. This ensures an increase in ground water level and improves the soil moisture in and around Paavai Institutions.

The method of rain water harvesting enables the campus to be ever-green. This proves that water sinks and does not flow. This practice makes the campus **"GLOW AND GREEN"**. It also has an effect on neighboring areas to cultivate maize and other vegetation. The community is being served through this rain water harvesting. The waste water is recycled through RO plant (Reverse-osmosis) process.

2. Service-learning through Blood donation & Tree plantation

The community-based learning combines traditional classroom instruction with community-service to enhance the learning of the students and civic participation. The college emphasizes community improvement and engagement by connecting academic program with

community service so that students, faculty and community partners can forge linkage between theory and practice, between knowledge and action, and between the resources of the institution and the community development.

The objective of the practice is to engage community to establish /relationship between higher education and communities they serve, with the outcome to deepen the quality of learning. Therefore, the institution organizes blood donation camps and tree plantation programmes during department symposium and conferences. The institution aims at ensuring easy accessibility and adequate supply of safe and quality blood collected from voluntary blood donors to those in need. The blood is stored and transported under optimum conditions with the help of voluntary clubs. Student volunteers at times of contingency go to the hospital on the request of patients and donate blood. The voluntary blood donation on the campus has resulted in creating great effect on the students as well as teachers. The impact is also apparent on personality development and citizenry learning. It has also given a scope to improve leadership traits and managerial ability among students. Simultaneously, Programmes like tree plantations are regularly organized. It shows the environmental and ecological responsibility of the students, the teachers and institution. The practice has made an impact on community, students and teachers.

7.4 Contribution to environmental awareness/Protection

Yes. The campus looks green with appropriate landscaping and continuous maintenance of saplings, trees and lawn. Many initiatives are taken by the institution in inculcating the ecofriendly culture among the students and faculty members.

- Environmental awareness is encouraged by all departments to instill interest among the campus population on the importance of green campus.
- Rain water harvesting system is implemented on the campus. A sewage water treatment is installed.
- plant and drip irrigation system is implemented for efficient water conservation on the campus

7.5 Whether environmental audit was conducted? Yes No

7.6 Any other relevant information the institution wishes to add. (for example SWOT Analysis)

SWOT analysis of the Institution

Strength:

- Accredited by NAAC with 'A' Grade.
- Qualified and well educated Management with a broad vision for academic excellence
- Participative Management system
- Eco-friendly initiatives
- Internal Quality Assurance Cell (IQAC) is formed and it monitors the progress of academic, co-curricular and extra-curricular activities of the institution
- Decentralized governance is practiced. Delegation of powers to Deans, Principal and the HoDs, has enhanced the transparency in the administration of the institution.
- Fully motivated faculty members with a lot of enthusiasm for teaching, learning, research and development. Faculty members are trained in pedagogy through the Centre for Enhanced Learning and Teaching. Innovative teaching-learning process is being followed.

  Special coaching classes/ special courses and industry relevant skill enhancement courses are conducted for bridging the gap between theory and learning. Necessary efforts are taken to improve the soft skills and the employability of students.

Weakness:

- International collaboration needs to be addressed
- Consultancy work is to be improved.
- More funded projects to be obtained from various funding agencies
- Technology incubators to transfer the technology to industries to be established

Opportunities:

- An improved research environment can be foreseen as a good number of faculty members are pursuing Ph.D.
- Improved Industry-institution interaction in R&D projects Sponsored by Industry
- Exchange programmes for faculty and students with internationally renowned institutions
- National and International level institutional collaboration for academic and Industrial

Research Enhancing preparation of UG students for GATE, GRE, TOEFL and Government/ Public sector competitive examinations.

- Scope for advanced research in emerging areas.
- Widening the placement opportunities for students of all disciplines especially in core Industries.

Challenges

- Meeting the fierce competition in Higher Educational field.
- Drastic rise in expenditures.
- Government regulations with respect to fee structure of students.
- Communication enhancement among the rural students.

8. **Plans of institution for next year**

- To establish more educational and research collaborations internationally.
- To acquire more University Ranks.
- To achieve higher pass percentage in the semester examination.
- To set a target based consultancy work for each department.
- To apply for more funded research projects.
- To achieve better placement record at Tier-I and Tier-II companies.
- To enhance industrial relations in terms of internship, in-plant training etc.,
- To emerge as an Institution with a potential for excellence.

Dear Principal,

Greetings from NAAC!

I am glad to inform you that the outcome of the Assessment and Accreditation exercise of your institution has been processed and approved by the Standing Committee of Executive Committee constituted to examine the peer team reports and declare the accreditation results. Your institution has been **Accredited** with a **CGPA** of **3.14** on a four point scale at **A Grade** valid for a period of five years from 03/03/2015.

The Executive Committee of NAAC in its 66th meeting held on 21st February, 2014 has decided that, henceforth there will be no **"NAAC Accreditation Award Ceremony"** and the original certificate of accreditation with the quality profile be dispatched to accredited institutions after the declaration of the result. Accordingly, your accreditation certificate will be dispatched to you at the earliest. I am sure the detailed peer team report handed over to you during the exit meeting will enable the institution to initiate further quality enhancement measures.

With best wishes
Yours sincerely

நமது நம்பிக்கை...

இந்திய இளம் துறவி விவேகானந்தர் அமெரிக்காவில் நடந்த சிகாகோ சமய மாநாட்டில் ''சகோதர சகோதரிகளே'' என உளப்பூர்வமாக அனைவரையும் அழைத்து, உலக அரங்கில் இன்றளவும் இந்தியப் பண்பாட்டினை, இந்த வேத சத்திய பூமியின் மாண்பு மற்றும் அடையாளத்தை நிலை நிறுத்தியுள்ளார். இதே அடிப்படையில் பாவை தனது மாணவ, மாணவிகள் தங்களுக்குள் எந்தவித எதிர்பார்ப்பும், அடிமைத்தனமும் இன்றி ஒருவருக்கொருவர் தூய அன்புடன் கூடிய அறிவினைப் பெற வேண்டும் என்ற நோக்கத்தில் சகோதர உணர்வுடன் கூடிய சிநேகிதத்தை வலியுறுத்தி வருகிறது.

இங்கு கட்டாயமாக ஒரு மாணவி தன் சக மாணவியை 'Sister' என்றும், சக மாணவரை 'Brother' என்றும், அதே போன்று ஒரு மாணவர் தன் சகமாணவரை 'Brother' என்றும், தன் சகமாணவியை 'Sister' என்ற அடைமொழியுடனும் அழைக்க வேண்டும் என்ற நடைமுறை நூறு சதவிகிதம் கடைபிடிக்கப்படுகிறது.

THE COLLEGE

IDEALS:

Education is the process of growth and is continuous and life long. Educational Institution should be the home and repository of fresh thoughts and new orientation. Whatever may be the transformation, it will be clear that education has two main aspects, the cultural aspect which makes a person grow and the productive aspect which makes a person do things. These two aspects are not exclusive to each other. Education, Science based and in coherence with Indian Culture and Values alone can provide the foundation and also the instrument for the nation's security and welfare and it will also infuse the youth with central cost of values and transmit to them a cultural heritage....

OBJECTIVES :

To Provide Purposeful Coal-Oriented Technical Education

To Acquaint with New Techniques and Technology.

To Adapt 'a sense of Reliability'

To Vouch for bringing up Good Engineers to the Nation.

To Assimilate Ethnic Styles.

To Imbibe the term-One for All & All for One.

LIBRARY

READING MAKETH A FULL MAN

- FRANCIS BACON

We, the Paavai family, try to make our students intellectually competent and books are the vital source for being so. To make it possible, we have a well-equipped library with books in all the fields. We encourage students to read books and make them self-reliant and complete in their fields successfully.

At present, there are more than 37,187 volumes. A number of journals are subscribed for the benefit of the students and staff. students are allowed to borrow books from the library for their reference. The number of books that they can borrow, will be intimated during the commencement of the Academic year. The period of retention will be 10 days. Normally, renewal for a book will be allowed.

Every year, the college subscribes more books to the students. Many national and international magazines are purchased for the betterment of the students. All prescribed books for each semester are bought and circulated among the students.

1. Time 9.00 a.m. to 8.00 p.m.
2. Perfect silence should be maintained in the library.
3. A student may borrow three to five books on one library card issued to them. The period of time will be 10 days for each book.
4. The books should be returned on or before the due date which is marked on the first page of the books issued.

5. Reference books, Magazines, Journals and Dailies should not be taken out of the library.
6. The students, who do not return the books in time, will have to pay fine for each such book. The amount per book per day for over keeping the book will be collected at the time of return.
7. The students are responsible for the library cards issued to them. Loss of Library card should be reported to the Librarian immediately. Duplicate card will be issued on payment of Rs.20/- per card.
8. The responsibility of the books borrowed goes only to the person who has borrowed.
9. Library card should not be exchanged among the students.
10. If the book issued is lost or damaged, the student should pay double the cost of the book.
11. Students and staff who leave the college for any reason in the middle of the term should return the books before they leave the college.
12. Writing or underlining in the book or tampering of books in any manner is strictly prohibited.
13. Students who enter the Library should affix their signatures in the register kept for the purpose.
14. Violation of any said rule may lead to the cancellation of borrower's library card.

ATTENDANCE / LEAVE RULES

No student shall absent himself / herself from the class without obtaining previous permission of the Principal.

Staff members take attendance at the beginning of each period.

Absence for one period either in the forenoon or afternoon will mean absence for one session as the case may be and will result in loss of attendance for half a day.

No student will be allowed inside the class room after 9.00 a.m. for the forenoon session and 1.20 p.m. for the afternoon session.

Late comers will be allowed to enter the class room only after getting permission from the Head of Department / Principal.

Attendance for each student will be totalled at the end of every month and indicated in the progress report and on the notice board.

The attendance maintained by the respective Chief Faculty Advisor will be the valid record. Medical certificates will be considered to avail leave and they will not be considered for the calculation of percentage of attendance, Late submission of leave letter will not be accepted.

The minimum percentage of attendance required to appear for University examinations is 80% in each of theory and practical classes.

Any student who falls short of attendance will be dealt with in accordance with the rules and regulations of the University and he / she will not be permitted to write the University Examinations.

LEAVE RULES :

1. Students should attend the classes regularly.
2. Leave of absence will have to be obtained from the Principal in advance for valid reasons. If prior permission cannot be obtained on grounds of ill health or unforeseen circumstances that shall be sent to the principal later.
3. All leave forms should have the signature of the parents.
4. Attendance shall be calculated on hour basis in terms of each lecture period.
5. A student is liable to be fined if he / she absents himself / herself without applying for leave.
6. Attendance for the examinations and weekly test is compulsory. Absence during the test will affect the sessional marks awarded as Internal Assessment by the staff members concerned.

CERTIFICATE OF MERIT

Certificate of merit will be awarded to the First Rank and Second Rank holders of every class annually. The counting of marks will be done as specified by the University.

BEST OUTGOING STUDENT AWARD

An award for the "Best Outgoing Student" is instituted for each course, (B.E., B.Tech., B.Sc., M.C.A., M.B.A., M.Sc., M.E.,) and students are selected based on their overall performance in Academics, Co-curricular and Extra Curricular Activities.

Consolidated Analysis Report on Feedbacks Samples of Students Feedback

Every 20 (approx) students from a class is assigned faculty advisor/counselor who guides and advises the students in academic and non-academic activities. Counseling meetings are conducted twice in a semester and need based. The staff mentors help the students to achieve a good result in the examination, motivate the students to improve their technical and softskills which are much essential in their career development. They contribute for the overall development of their students and hence facilitate for their career growth.
