**ACADEMIC YEAR 2019-2020**

**A Report on the Motivational Talk “Believe in you” programme was held on 11.07.2019**

A one day guest lecture on the topic “**Believe in You**” was organized by the department of Computer Science and Engineering, Paavai Engineering College, on 11.07.2019. Mr. Ganapathy Chandrasekaran, Account Technology Strategist (Virtual CTO), Microsoft, San Fransisco was the guest speaker of the day.

The session started with a prayer song. Ms. Akila Jetkin of final year CSE, welcomed the gathering. Dr.M.Premkumar, The principal, Paavai Engineering College, in the presidential address, urged the students to improve their thinking ability, innovative and creative ability by saying that the human mind is a powerful tool which has paved the way for machine intelligence. He motivated the students to train their minds and update themselves related to the recent technologies from various interdisciplinary domains.

Ms.Ankita Sreekumar, Final year CSE, introduced the guest speaker to the gathering. Dr. A. Suphalakshmi, HOD/CSE, welcomed the guest by presenting a bouquet and memento. Mr. Gana, started the keynote address by stating that one’s goals should be consistent so that he/she can work for continuous progress with ambition and passion. He said that, one can improve their innate character and cognitive ability by creating opportunity and utilize that opportunity to the maximum extent.

Also, He spoke about entrepreneurship by acknowledging Mr. Satya Narayana Nadella, CEO, Microsoft and Mr. Sundar Pichai, CEO, Google. He motivated the student participants to take a single problem and fall in love with the idea to give solution. Five principles including growth mindset, mindfulness, key planning, rewire thinking, spreading relationship which foster innovation were listed out to the students. These key factors help in increasing one's intensity and depth day by day, reframe unhelpful thoughts, train oneself, spread kindness, improve collaborative learning, appreciate good work and create a personal mantra to achieve the goal.

Finally, the students were made to analyze and answer the following five questionnaires and the talk ended up with a feedback session.

- How will you challenge yourself today?
- What else do you wanted to learn from others?
- Can you ask for help? Now?
- What would you do differently?
- Share five goals that you have completed today?

Henceforth, the guest speaker made the students believe that young people have massive impact to the business and to the technology. Students and faculty members from CSE, IT and MCA departments attended the session.

### **Orientation Program for First year students was held on 09.08.2019 - 28.09.2019**

“The capacity to learn is a gift, the ability to learn is a skill and the willingness to learn is a choice”. The Faculty Development Department organized a six day orientation programme for

the first year students of Paavai Engineering colleges to make them familiar with the culture of the institution, learning techniques, Yoga, meditation, Respect for education, values, health, Autonomous rules and regulations and also prepare them for the transition from school to college.
