SpaRism
nurture and preserve

"I will give you a talisman. Whenever you are in doubt or when the self becomes too much with you, apply the following test: Recall the face of the poorest and the weakest man whom you may have seen and ask yourself if the step you contemplate is going to be of any use to him. Will it restore him to a control over his own life and destiny? In other words, will it lead to Swaraj for the hungry and spiritually starving millions? Then you will find your doubts and your self melting away"

- Mahatma, The Father of our Nation.

These words resonate in our souls and got canalized in the form of "SPARISM". "SPARISM" makes an effort to restore the poorest of the poor a control over his life and destiny and meanwhile inspire the richest of the rich to shed the domination of his self by working for the common good. The light can be spread either by being a candle or by being a mirror that reflects it and "SPARISM" ignores none of the above. Hence, the initiatives undertaken by us are nothing second to service and are strongly committed to enhance the living standards of the deprived community.
