**Academic Year: 2019 – 2020**

**Circular**

Ref: AERO/CIR/RC/2019-2020/01

Date: 28.12.19

In the previous academic year 2019-2020 Even semester, AE16801-ROCKETS & MISSILES was identified as result pulling subject and we have plan to conduct remedial class to the slow learners for this subject. Slow learners are identified by the student's performance in previous end semester examinations. Similarly, students having backlogs in their previous semester end examinations can be also considered as slow learners. Remedial class schedule will be announced and attendance of these students for the class work will be monitored.

The following final year students are asked to attend the remedial class without fail. Attendance is compulsory.

### Remedial Class Analysis - Graph

The slow learners were observed that the improvement in performance of periodical Continuous Internal Assessment Tests. The graph is drawn below, based on the remedial classes and timely analysis.

The graph shows in the subject AE16801-Rockets & Missiles by conducting remedial classes for the slow learners before each Continuous Internal Assessment test, the pass percentage (%) of the students got increased.

Thus the pass percentage (%) of the particular subject is **100%** when compared to the previous academic year **91.67%**.

Remedial Class Analysis -Graph

The slow learners were observed that the improvement in performance of periodical Continuous Internal Assessment Tests. The graph is drawn below, based on the remedial classes and timely analysis.

The graph shows in the subject CS16303 - Design and Analysis of Algorithms by conducting remedial classes for the slow learners before each Continuous Internal Assessment test, the pass percentage (%) of the students got increased.

Thus the pass percentage (%) of the particular subject is 78% when compared to the previous academic year 70.37%.

**Remedial Class Graph Analysis Report**

The performance of the slow learners were improved through the periodical continues assessment, remedial classes and timely analysis response are shown in the graph.

In context to improve the results in the end semester exams Nov / Dec 2018, remedial classes was scheduled and conducted for the course EC16501- Microprocessor and Microcontroller before Nov / Dec 2019 end semester exams. So that the pass percentage of EC16501-Microprocessor and Microcontroller was increased from 78.08% to 90.23%.

Date: 01.07.2019

The result of previous year (2018-19) for the course EE16302/ Measurements and Instrumentation was low while comparing with other subjects in that year. The students are identified by the performance in previous end semester examinations for remedial class.

The Special Classes will be conducted after college hours for these students to revise the topics of the course. Remedial class schedule and list of students was given below and attendance of these students for the class work will be monitored. The students should attend the class mandatory.

Ref: IT/CIR/RC/2019-2020/001

Date: 24.06.2019

In the previous academic year 2018-2019 odd semester, IT16302 - Design and Analysis of Algorithms was identified as result pulling subject and we have planned to conduct remedial class to the slow learners for this subject in the academic year 2019-2020 odd semester. The Slow learners are identified by their students performance in previous End semester examinations.

Remedial Class will be conducted after college hours for these students to revise the topics of ongoing semester subjects. Counselors also will maintain special attention on these students. Remedial class schedules will be announced and attendance of these students for the class work will be monitored.

The following Second Year students are asked to attend the remedial class without fail on the previous day evening of the scheduled commencement of Continuous Internal Assessment test in their corresponding subject. The remedial class schedule is given below.

Academic Year: 2019 – 2020

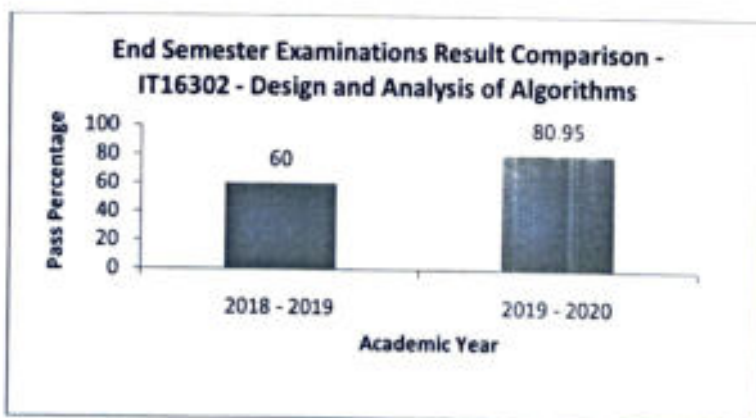

### Remedial Class Analysis Graph

The slow learners were observed that the improvement in performance of periodical Continuous Internal Assessment Tests. The graph is drawn below, based on the remedial classes and timely analysis.

The graph shows in the subject IT16302 - Design and Analysis of Algorithms by conducting remedial classes for the slow learners before each Continuous Internal Assessment test, the pass percentage (%) of the students got increased.

Thus the pass percentage (%) of the particular subject is 80.95% when compared to the previous academic year 60%.

Slow learners are identified by the student's performance in previous semester end examinations. Similarly students having backlogs in their previous semester end examinations can be also considered as slow learners. Special Classes will be conducted after college hours for these students to revise the topics of ongoing semester subjects. Counselors also will maintain special attention on these students.

Remedial class schedule will be announced and attendance of these students for the class work will be monitored.

Remedial Class Analysis - Graph

The slow learners were observed that the improvement in performance of periodical Continuous Internal Assessment Tests. The graph is drawn below, based on the remedial classes and timely analysis.

The graph shows in the subject **ME16605 – Finite Element Analysis** by conducting remedial classes for the slow learners before each Continuous Internal Assessment test, the pass percentage (%) of the students got increased.

Thus the pass percentage (%) of the particular subject is **100%** when compared to the previous academic year **48.25%**.

Slow learners are identified by the student's performance based on their Higher Secondary marks and the entry form academic level. Similarly students having backlogs in their medium of study, vocational students and class slip test performance can be also considered as slow learners.

Remedial class will be conducted after college hours for these students to revise the topics of ongoing semester subjects. Counselors also will maintain special attention on these students. Remedial class schedule will be announced and attendance of these students for the class work will be monitored.

The following first year students of CSE-A are asked to attend the class without fail on the previous day evening of the scheduled commencement of Continuous Internal Assessment test in their corresponding subject. The remedial class schedule is given below.

S.No	Course Code & Course Name	Name of the faculty	Time
1	MA19101-Matrices and Calculus	K.Uma	5.00 P.M to 6.30 P.M

**Coaching Class Report**

Date: 29.08.2019

The coaching class for the students who scored less than 50% of mark and absentees in the Continuous Assessment I in the course BM16303/Digital Electronics has been conducted as per the coaching schedule. After completion of the coaching class, it is notice that the students that some students shown the considerable performance increase in Continuous Internal Assessment I result publish, have also shown the considerable performance increase in Continuous Internal Assessment II (CIA II). The rich effectiveness of conducting the coaching class is inferred as a whole for test result. Here with the coaching class comparison report is enclosed.

**Coaching Class Report**

The coaching class for the students who scored less than 50% of mark and absentees in the Continuous Assessment I in the course CM16303 – Mechanical Operations has been conducted as per the coaching schedule. After completion of the coaching class, it is notice that the students that some students shown the considerable performance increase in Continuous Internal Assessment I, II, III result publish, have also shown the considerable performance increase in Continuous Internal Assessment IV (CIA IV). The rich effectiveness of conducting the coaching class is inferred as a Whole for test result. Here with the coaching class comparison report is enclosed.

S.No	Register Number	Name of the Student	Marks	
			CIA III	CIA IV
1	18201004	Angelin Joseph	52	73
2	18201008	Ganasekar M	50	80
3	18201009	Jasvanth Sanjay R	37	53
4	18201012	Karthikeyan M	45	45
5	18201014	Kavya R	65	82
6	18201016	Manikandan M	38	33
7	18201023	Nandhagopal K	44	54
8	18201026	Nirmal R	56	81
9	18201027	Parasu S	53	80
10	18201028	Pranav Pramod	40	61
11	18201030	Ramesh E	51	88
12	18201034	Santhosh Kumar P	45	61

Date: 25.06.2019

In the previous academic year 2018-2019 odd semester, CE16303 – Strength of Materials - I was identified as result pulling subject and we have planned to conduct remedial class to the slow learners for this subject in the academic year 2019-2020 odd semester. The Slow learners are identified by their students performance in previous End semester examinations. The following Second Year students are asked to attend the remedial class without fail on the previous day evening of the scheduled commencement of Continuous Internal Assessment test in their corresponding subject. The remedial class schedule is given below.

S.No	Course Code & Course Name	Name of the Faculty	Time
1	CE16303 - Strength of Materials - I	B.Saranya	5.00 P.M to 6.30 P.M

S.No	Register Number	Name of the Student

**Remedial Class Analysis Graph**

The slow learners were observed that the improvement in performance of periodical Continuous Internal Assessment Tests. The graph is drawn below, based on the remedial classes and timely analysis.

The graph shows in the CE16303 - Strength of Materials - I by conducting remedial classes for the slow learners before each Continuous Internal Assessment test, the pass percentage (%) of the students got increased.

Thus the pass percentage (50%) of the particular subject is (80.95%) when compared to the previous academic year.

**Coaching Class Report**

**Date: 07.08.2019**

The coaching class for the students who scored less than 50% of mark and absentees in the Continuous Assessment I in the course IT16702 – Cloud Computing has been conducted as per the coaching schedule. After completion of the coaching class, it is notice that the students that some students shown the considerable performance increase in Continuous Internal Assessment I result publish, have also shown the considerable performance increase in Continuous Internal Assessment II (CIA II). The rich effectiveness of conducting the coaching class is inferred as a whole for test result. Here with the coaching class comparison report is enclosed.

Coaching Class Schedule

Circular

Ref: MECH/CIR/CC/2019-2020/05

Date: 04.02.2020

Slow learners are identified by the student's performance in continuous Internal Assessment I examinations. Coaching class will be conducted for the slow learners of VI<sup>th</sup> Semester B.E.MECH. The Students concerned are advised to attend the Coaching class from 5.00 P.M to 6.30 P.M for the subjects as mentioned below to improve their academic performance and the attendance of these students for the class work will be monitored.

CIA II Coaching Class Time Table

S.No	Date	Subject Name	Faculty In-charge Sign
1	06.02.2020	ME16601-Industrial Robotics	<i>P. Dhanasekaran</i>
2	07.02.2020	ME16602-Power Plant Engineering	<i>Seetha</i>
