Paavai Engineering College, Namakkal

Date : 29.11.2018 & 30.11.2018

Time : 9.30 A.M to 4.30 P.M.

Venue : Hall No: 313

ALL ARE WELCOME

Report on Faculty Development Programme

A two day Faculty Development Programme on Electromagnetic Fields (FDP-2018) was successfully conducted in the department of Electronics and Communication Engineering, on 29th & 30th November 2018, arranged by Department of Faculty Development, Paavai Engineering College (Autonomous), Namakkal. The FDP programme received an overwhelming response with overall 21 participants from Paavai group of institutions.

The programme was inaugurated in the forenoon by Dr. K.K. Ramasamy, Director-Admin, Paavai Institutions in the presence of Dr. M. Premkumar, Principal, Paavai Engineering College, Dr. K. Selvi, Dean-Academics & Dr. R. Kasthuribai, Dean-Faculty Development. The inauguration was followed by the welcome address by Dr. K. Selvi. Dr. K.K. Ramasamy delivered his presidential address on the pedagogical aspects of FDP and how it becomes more effective towards student centric teaching learning. Dr. M. PremKumar delivered his special address on the importance of continuous learning among faculty to create the curiosity on pedagogical approach in teaching among the participants. Dr. R. Kasthuribai concluded the function with her motivational speech on knowledge enhancement for faculty which is like the ‘balancing pole for the tightrope walker’ to enrich their teaching pedagogy. Dr. R. Arangasamy, HOD/ECE/PEC and Mr. Immanuel, HOD/ECE/PCE and the faculty members from PEC, PCE and PCT were present.

The first session was handled by Professor C. Vanaja on the topic ‘Electrostatic fields’. In this deliberation, Professor C. Vanaja discussed in detail about the co-ordinate systems, vector differential operators and various laws of electrostatic fields. The applications of those laws were

also discussed in detail. This session ended with tutorial on mathematical problem solving of vector analysis, static electric field and its associated laws. The next session on the same day was handled by Dr. T. Loganayagi about electric fields in material space. Electric properties of conductors and dielectrics and its associated laws were explained along with various application aspects. Assignments on this topic were given to the faculty participants for more understanding.

The next day started with the discussion of the previous day assignments and a doubt clearing session and it was handled by previous day resource professors. The actual session started on the scheduled time and it was handled by Prof. A. Samundeeswari on the topic of 'Maxwell Theory and Equations' with clear steps how Maxwell concluded his four equations from Gauss's law, Faraday's law and Ampere's law. The afternoon session was allotted to deal with the application of electromagnetic fields in various types of antenna and its working.

The FDP was concluded with a session on sharing the views of the participants N.Thenarasu, M.Punitha, S.Vimalnath & R.Boomidevi about how the electromagnetics concepts are applied in transmission lines. The FDP was validated with a lot of positive feedback from participants and it paved the way for the participants to improve their teaching in order to teach the students on the subject Electro Magnetic Fields. The two day FDP ended with vote of thanks given by Dr. T. Loganayagi ASP/ECE/PEC.

SUBJECT NAME: ELECTROMAGNETIC FIELDS

DATE : 29-11-2018 & 30-11-2018

Detailed Schedule

Date	Time	Activity	Faculty Resource
29-11-2018	9:30am-10:00am	Inauguration Function	Prof. C. Varaju AP/ECE
	10:00am-12 noon	Lecture on Electrostatic Fields	
	12 noon-12:30pm	Tutorial Problems on Electrostatic Fields	
	1:30pm-2:00pm	Assignment Problems on Electrostatic Fields	Dr. T. Loganayagi ASP/ECE
	2:00pm-4:00pm	Lecture on Electric Fields in Material Space	
	4:00pm-4:30pm	Tutorial & Assignment Problems on Electric Fields	
30-11-2018	9:30am-10:00am	Doubt clearing session on assignment	Prof. A. Sarmaadeeswar ASP/ECE
	10:00am-12 noon	Lecture on Maxwell's Equation and its related concepts	
	12 noon-12:30pm	Animation Video and Lecturing on EMF fundamentals	
	2:30pm-4:00pm	Lecture on Electromagnetic Fields & Antenna	
	4:00pm-4:30pm	Feedback Session

PAAVAI ENGINEERING COLLEGE, NAMAKKAL
(Autonomous)
Department of Electronics and Communication Engineering

Academic year 2018-2019

Technological Advancement and Development for the Safety of Women

ABOUT THE INSTITUTION

PAAYAI ENGINEERING COLLEGE WAS LAID IN THE YEAR 2001 AND POSSESSED BY PIVAN VARAN EDUCATIONAL TRUST with the basic principle of providing superior, goal-oriented technical education and establishing a center of excellence in Engineering & Technology. The college is approved by AICTE, accredited by NBA and IQAC with 'A' Grade & affiliated to Anna University, Chennai. The college has 14 UG programs and 10 PG Programs. It also had the vision to strive to be a globally model institution all over for taking 'look-out' in grooming the young in computer society responsibility and professionally competent to face the challenges ahead. It has initiated research grants from Intel-UC, Projects, MHRD, AICTE, CSIR, DRDO, TRSCT and other funding agencies. The college actively extending students by virtue of its education, and an infrastructure money in its faculty.

ABOUT THE DEPARTMENT

The department of Electronics and Communication Engineering is offering ECE and ECE (Communication Systems). The department is formed accredited by NBA, New Delhi and currently affiliated to Anna University, Chennai. The department provides B & D activities in related areas in collaboration with its industries. The department is involved with open-cellular lab equipped in circuit lab, PCB lab, VLSI lab, Communication systems lab, Signal and lab, Network lab, Virtual & Embedded Real-time lab etc. The faculty members are well experienced and dedicated towards the upliftment of the student community. The students are exposed to the practical and industrial aspects of the subjects through laboratory works, industrial visits, internship, multiple regularly. Complaint free.

SCOPE & OBJECTIVE OF THE WORKSHOP

The National Level Workshop on 'Technological Advancement and Development for the Safety of Women' highlights the utilization of technology for supporting women's security. Today, applications would not assume a fundamental role in security, but rather its considered use and standard approach according to the need and intelligences about security will help us to give technological solutions. On one side, the problem of opportunities that internet opens for us and on the other side, the over dependence on it and lesser dependence on our own selves. With the arrival of modern technology and social media the problems has become even more interesting. Information is right at our fingers and the internet can cause bad use of it for their safety.

COURSE CONTENTS

- Evaluate the 2010 and give feedback to use women safety products
- IoT safety techniques
- Use insights given by our government of India
- Increasing the media and health strength using apps

FACULTY

Speakers will be invited by the Department and Industrial experts

EXPECTED OUTCOME

- Exposure to the different women safety products available
- Awareness of the use of IoT for the safety of women

IMPORTANT DATES TO REMEMBER

Last Date for Registration : 22.02.2019
Announcement of Results (to be held) : 28.02.2019
Session Date : 01.03.2019 to 02.03.2019

ELIGIBILITY AND SELECTION

Participants should ideally have AICTE approved Institution (under research, science, Engineering, Arts and Science) degree with a minimum of 50% marks in the subjects in the workshop.

The selection of the event on the same day will be going on continuously.

REGISTRATION FEE DETAILS

Invited Participants / Research scholars / Academicians : Rs. 1000
All other students : Rs. 2000

The selected participants are requested to stay in the respective hostels and attend to the Convention along with the program by 5:30 in the evening at 'The Principal, Pavai Engineering College' Function at Narasipalli.

CSIR Sponsored

National Level Two Day workshop on

“Technological advancement and development for the safety of women”

To bring safety at our fingertips, legislative measures are increasingly being sought to ensure the safety of women where technology is facilitating the process. The issues of safety of women and other vulnerable sections of society are engaging the attention of the police and agencies concerned in and outside the government. A number of safety applications have entered Indian markets. With technological development, newer applications keep entering the market, claiming to have features better than the previous ones. The utilisation of technology for supporting women's security is important. Today, applications would not assume a fundamental role in security, but rather its consistent use and standard upgrade according to the need and mindfulness about security will help to give technological solutions.

For improving women's safety in India we need to focus on four things: 1: A mechanism to deter or avoid any danger to them. 2: A mechanism to help them defend themselves. 3: A mechanism to reach out for help. 4: A mechanism to help identify and incarcerate the predators.

Study of the currently available solutions revealed that somehow smartphone safety apps are not considered the best solution by the masses. There is a need to think the problem through, keeping in mind the infrastructure presents in India. Hence, there is a need to understand how to design the solution so that it will have the maximum impact. The efficiency of technology in guaranteeing women's safety is questionable. The reach of technology is extremely narrow in order to make women safer. The rural and the small town women are completely alienated from it. Adequate training should be given to women on how to make the maximum use of technology for their safety.

DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

FACULTY DEVELOPMENT PROGRAMME ON SOLID STATE DRIVE

The Electrical and Electronics Departments of Paavai Engineering Colleges conducted a two day in-house Faculty Development Programme on the title, 'Solid State Drives' in the Cute Hall of PEC on 29.11.2018 & 30.11.2018. The resource persons were Mrs.G.Umamaheswari, ASP/EEE/PEC, Mrs.R.M.Thamilselvi, ASP/EEE/PCT, Mr.R.Manikandan, ASP/EEE/PCE, Mrs.R.Deepa, AP/EEE/PCE and Mr.S.Rathinavel AP/EEE/PEC. Dr.K.K.Ramasamy, Director Admin, Dr.M.Premkumar, Principal, Dr.K.Selvi Dean-Academics and Dr.R.Kasthuri Bai Dean –Faculty Development inaugurated the FDP and insisted that the faculty members should make use of FDP as a learning forum to discuss the advancements in the subject and also identify emerging areas to promote research and development initiatives. The first session on 29.11.2018 was handled by Mrs.G.Umamaheswari on the topic 'Introduction to Electric Drives'. In this session she gave a brief introduction about the need for learning drives and a detailed review of comparing of four quadrant operations of drives. She also elaborated on the factors influencing the selection of drives. The next session was handled by, Mrs.R.M.Thamilselvi on the topic, 'Chopper and Rectifier based Drives'. In her session she explained about different types of DC drives and the control strategies employed in it. She gave a detailed explanation of the method of deriving the output voltage and output current for the different types of chopper drives.

On the second day, 30.11.2018, the first session was handled by Mr.R.Manikandan on the topic 'Design of Controllers for drives'. He enumerated the different control strategies followed in drives. He also derived the transfer function of drive control circuits. The next session was handled by Mrs.R.Deepa on the topic, 'AC drives'. She focused on the Stator and Rotor speed control of induction and synchronous motors. The session was concluded with some animations to have a clear understanding of the drive operations and solving of technical questions frequently asked in GATE exams and other competitive exams by Mr.S.Rathinavel. The Hands on training on 'Electric Drives' using MatLab software was given in the afternoon sessions.

The faculty members were able to simulate and verify the outputs of circuits learnt in the theory sessions. The two-day FDP became an exclusive forum to discuss and extend the knowledge of faculty members in the Drives field. It was for sure that the faculty members have got a clear idea about the ways and means of explaining the functionality of solid state drives to the students.

FDP ON POWER SYSTEM PROTECTION AND SWITCH GEAR

The department of EEE conducted a two day in house Faculty Development Programme on the title 'POWER SYSTEM PROTECTION AND SWITCH GEAR' on 04.01.2019 to 05.01.2019 and 15 faculty members attended this programme. The resource person of this function is Mr. V.Royana Daisy ASP/EEE, G.Umamaheswari ASP/EEE and K.K.Poongodi ASP/EEE Paavai Engineering College.

The lecture focused on substation overview, introduction to switchgear, and discussion on Gas Insulated Substation (GIS) and Air Insulated Substation (AIS). As the transformer is the most expensive component in power transmission and distribution, providing a good protection scheme for the transformer is of utmost importance. The two-day FDP became an exclusive forum to discuss and extend the knowledge of faculty members in the power system.

It was for sure that the faculty members have got a clear idea about the ways and means of explaining the functionality of switch gear to the students.

“FACULTY DEVELOPMENT PROGRAMME ON MOODLE” ON 04.06.2018 TO 08.06.2018

The Department of Computer Science and Engineering, MCA, Information and Technology organized a Faculty development programme on the title, “Faculty Development Programme on MOODLE”. The session was handled by Dr.A.Suphalakshmi Head of the Department of Computer Science and Engineering .She elaborated on bulk course creation using Moodle notes and collaborative tools in building interactive digital learning platform to share the resources among teaching and learning community. Faculty members from various departments participated in the programme. The faculty members of CSE department were trained on 4.06.2018 and subsequently the various department faculties were trained Moodle environment from 05.06.2018 onwards and all the faculties practiced creating courses and discussions in Moodle. The session was useful in creating online quiz modules and online assignments.

“FACULTY DEVELOPMENT PROGRAMME ON THE TITLE 'PYTHON PROGRAMMING' ON 28.11.2018 & 29.11.2018

The Department of Computer Science and Engineering, MCA, Information and Technology a Faculty development programme on the title, “FACULTY DEVELOPMENT PROGRAMME ON THE TITLE 'PYTHON PROGRAMMING'". The Computer Science departments of Paavai Engineering Colleges conducted a two day in-house Faculty Development Programme on the title, ‘Python Programming’ on 28.11.2018 & 29.11.2018. The faculty members of CSE department, IT Department and MCA Department of Paavai Engineering College, attended this FDP. Dr.K.Selvi, Dean Academics, welcomed the faculty members and motivated the faculty members to learn the new languages under the developing technologies and interact with the IT world. Dr.M.Premkumar, Principal, Paavai Engineering college in his presidential address gave a noteworthy quote that “Be a Leader or Be with a Leader” and Dr.R.KasthuriBai Dean –Faculty Development stated that knowledge shared is knowledge multiplied. Hence the faculty members must make use of the FDP and get benefited. The first day session on 28.11.2018 was handled by M.Revathi on the topic ‘Basics of Python’. In his session he gave a brief introduction about the Language and a detailed review of the history of language. He also elaborated on the basic data types of Python and its usages. On the second day, (29.11.2018), the first session on the topic ‘File and Modules’ was handled by M.Sivaranjani. She explained the concept of file inclusion and permission that set on the file. This session focused on creating one’s own module on Python. The next session was handled by R.Santhiya on the topic, ‘Packages & Pygames’. She gave a detailed explanation of the advantages of packages and the different ways to define a package and also how it works practically. Sample programs were also discussed under this topic. The two day FDP became an exclusive forum to discuss and extend the knowledge of the faculty members on the Python Programming Platform.

“Mobile App Development 14.12.2018 and 15.12.2018”

A two days FDP on “Mobile app development “was organized by The Department of Computer Science and Engineering, MCA, Information and Technology on 14.12.2018 & 15.12.2018. The resource person was E.ELANCHEZIYAN, CHIEF CONSULTANT, TECHNO INFO, CHENNAI. Faculties belonging to the department of CSE and IT attended this FDP session. Hands-on-training was given to the participants along with the concept presentation by resource people. The topics discussed were specification of system for mobile application development ,necessary tools for mobile application development, overview of the Java programming language, Install Android Studio and setup the environment, how to Debug an Android Application, Create a signed APK file to submit to the Google Play Store, Use Explicit and Implicit Intents, Make use of Fragments, Create a Custom List View, Create the Android Action bar, Create a custom Toast, Use Shared Preferences, Files and SQLite. After the completion of the lecture on these above mentioned topics, assignment was given by the resource person on sample application creation. Doubts were asked and cleared whereas example programs were executed for each of the topic mentioned above. After the completion of the session, valedictory program was held in presence of Dr.A.Suphalakshmi, HOD/CSE-PEC who motivated all the staff members to utilize the knowledge gained for effective guidance for real time application development.

PAAVAI ENGINEERING COLLEGES
DEPARTMENT OF MECHANICAL ENGINEERING
A TWO DAY FACULTY DEVELOPMENT PROGRAMME
ON
KINEMATICS OF MACHINERY
(29-11-18&30-11-18)

A two day intra-collegiate Faculty Development Program (FDP) was organized on the subject 'Kinematics of Machinery' for Mechanical Engineering faculty members of Paavai Engineering Colleges on 29th and 30th of Nov 2018 at Paavai Engineering College.

The resource persons were Dr.J.Selvakumar, Associate Professor, Department of Mechanical Engineering, Paavai College of Engineering, Mr.S.Maniraj, Assistant Professor, Department of Mechanical Engineering, Paavai Engineering College & Mr.A.Rajasekar, Assistant Professor, Department of Mechanical Engineering, Pavai College of Technology.

The program took place in four sessions covering theory and practicals related to the area 'Kinematics of Machinery'. On the first day 'Basics of Mechanisms, kinematics and its Applications' were taught by Mr.S.Maniraj along with an audio visual presentation. In the second session the topic 'Kinematics of linkage Mechanism' was discussed by Dr.J.Selvakumar with problems to be solved.

The next session was handled by Mr.A.Rajasekar, on the topic 'Friction in Machine Elements' and tutorial problems had been practised. On the second day in the morning session Mr.S.Maniraj explained about 'Kinematics of CAM Mechanisms' and he also trained the participants. The next session 'Gears and Gear Trains' which was taken by Mr.A.Rajasekar and he clarified the doubts of the participants. All the participants practised tutorial problems in the afternoon session of the second day program and they have clarified their doubts got clarified while receiving their corrected exercise, the members gave their feedback that the program fulfilled their expectation. Earlier, Dr.K.Selvi, Dean Academics welcomed the gathering and talked about the need for FDP, Dr.M.Premkumar, Principal, Paavai Engineering College and Director Admin encouraged the staff members to attend many more events of these types.

PAAVAI ENGINEERING COLLEGE

FACULTY DEVELOPMENT PROGRAMME ON “DYNAMICS LABORATORY”

An in-house faculty development programme on “Dynamics laboratory” was conducted by the FDD on 18.05.2019 for the faculty members of Mechanical Engineering department of Paavai Engineering College, Mr. R. Meiyazhagan, Assistant professor, Mechanical Engineering, PEC, was the resource person for the forenoon and after session. He handled the session on various dynamics laboratory elements like governors, gyroscope, balancing of rotating and reciprocating masses. The practical session was held on various components available in the dynamics lab.

The training was received by the faculty members and their feedback was positive and encouraging one. Various experiments likes compound pendulum, turn table apparatus and governors like watt, porter, proel, hartnel, hartung and pickering were demonstrated. The sessions went well with hands on training of all the 35 faculty members from different domains like mechanical, aeronautical, mechatronics from all the three institutions.

FACULTY DEVELOPMENT PROGRAMME
AUTOMATION AND CONTROL**

A two-day faculty development programme on 'Automation and Control' was held at Paavai Engineering College, on 04th and 05th, December, 2018. The FDP aimed at providing opportunities to the faculty members to enrich their teaching skills. The Programme also intended to develop the knowledge of the participants for Automation and Control with the advanced tools in the relevant field for inculcating the learning values into the minds of the students and guiding and monitoring their progress. The FDP was attended by 45 participants. Session I: Mr. R. Arunbabu, Assistant Professor, department of Mechatronics Engineering, Paavai Engineering College, delivered the lecture on 'Automation in Pneumatic System'. He explained the importance and working principle of pneumatic systems. Mr. P. Elanchezhian, Assistant Professor, department of Mechatronics Engineering, Pavaai College of Technology, delivered a lecture on 'Automated Storage and Retrieval System (AS&RS)'. He explained the importance of automated storage and retrieval system. Various tasks were given to the participants so that all the methodologies could be understood easily. Mr. S. Suryakumar, Assistant Professor, department of Mechatronics Engineering, Pavaai College of Technology, delivered an interactive lecture on 'Automated Guided Vehicle (AGV) Systems'. He explained through demonstration how to design the guided vehicle and the working principle of AGV and its application in industries.

PAAVAI ENGINEERING COLLEGE (Autonomous)

Department of Information Technology organized a two day National level Workshop & Hands on training on G Suite for Education

Date : 26th Sep, 2018

The department of Information Technology organized a two day National level Workshop & Hands on training on “G Suite for Education” in association with the Indian Society for Technical Education (ISTE) on 24.9.2018 & 25.9.2018 in cute hall of Paavai Engineering college. The function started with Prayer song. Dr.M.Premkumar, Principal, Paavai Engineering College, presided over the function. In his presidential address, he insisted that it is responsible for every teacher to update the new technology and they should incorporate these technologies in their teaching. He also suggested that the teacher should motivate the students to learn these new technologies for their effective learning. Mr.RageshRaju, Assistant Professor & Google certified educator- Level 2, Department of Computer Applications, St. Joseph Engineering College, Mangalore, was the chief guest and he gave his keynote address where he stressed that the teachers should focus on the online classrooms.

He gave a brief introduction about the MOOCs which are related to pedagogy, virtual labs, Gamification in education and the discuss forum. Regarding G Suite he explained Google suite is one of the E-learning technique which offers a plenty of opportunities for the learners to explore

various options in front of them to leverage E-learning. In the lab sessions the chief guest presented a live demonstration on how to use Google Docs, Google sheet, Google slides and Google forms. He also demonstrated how to start the Google classroom so that the participants they can effectively utilize their class hours to the students by giving assignments and conducting the quiz via Google Classrooms. He also made the entire participants to create their own website. Mr.B.Venkatesan,HOD/IT, welcomed the gathering.Dr.R.Jayavadivel, Associate Professor, IT, introduced the chief guest.The valedictory function was held on 25.9.2018 at 3.30pm in Computer lab III .Mr.RageshRaju,the chief guest distributed the certificates to all the participants.Mrs.M.Babylatha,AP,IT, gave the vote of thanks.

“Recent technologies in Aerospace industry”

A faculty development program was conducted by the Department of Aeronautical Engineering from 12.06.2018 to 17.06.2018 on the title **“Recent technologies in Aerospace industry”**. The faculty and students of Paavai Engineering college attended the first day program given by Dr. R. Kannan, Assistant Professor, Aerospace Engineering, Amrita Vishwa Vidyapeetham, Coimbatore. He gave a brief presentation among the students, faculties regarding the recent research going in on aeronautics like Small size satellities, Rockets structures and gave speech about career opportunities in aerodynamics field. The presentation was useful and inspiring for the students as well as the faculty who had participated.

On second day a wonderful lecture given by Muthuraman.R.K, HOD/Aerospace Engineering and I. Karthic subramaniyan, Asst Prof/Aerospace Engg, Periyar Maniammai institute of science & technology, Thanjavur about the basic aspects expecting from an aeronautical engineers in core field as well as in software field.

Next day presentation was given by Dr.C.Ramesh, Associate Professor/Aeronautical engineering, Hindustan University, Chennai. He was shared his experience about ongoing projects doing in simcrash centre, Hindustan university such as Under water explosion, Projectile impact using and he gave demo presentation about how they are designing the specimen and testing in software. It was very useful and inspiring speech among participants.

On Fifth day Dr. S. Venkatachalam, Asst Prof/Aerospace Engineering, Karunya Institute of Technology and Sciences who is expert in aircraft structures. He shared his knowledge about basic concepts about structures and gave solution to some critical structural problems in aircrafts. It was very useful and inspiring speech among students.

On last day of the faculty development program Dr. T.A. Sundara Vadivel, Assistant Professor/ Mechanical, R.M.D. engineering college delivered a wonderful presentation on

“Thermodynamics and heat transfer”. He shared his wide knowledge in engines to students and faculties. It was nice and useful presentation.

Earlier, Welcome address was given by Mr.D.Rajkumar, AP/Aero for all five days. And the vote of thanks was given by Mr.G.Sasi, AP/Aero. The Head, faculty members and students of the department graced the function with their presence.

Professional Career in Engineering Product Design and Development

The program was conducted by the Department of Aeronautical Engineering on 20.07.2018 on the title “Professional Career in Engineering Product Design and Development” at Paavai Engineering College (Autonomous). The students of Aeronautical engineering attended the lecture given by Mr.Alaguraj Vellaiappan, founder of MACH Engineers, Coimbatore. He gave a brief presentation among the students regarding software tools like AUTOCAD, CATIA, AUTODESK, CFD, FEA ,ANSYS, HyperMesh, Creo and Solid works. He elaborated the list of companies which uses the software and the pay scale. Earlier, Welcome address was given by Ms.M.Malathika of Second year Aeronautical Engineering, the chief guest introduction was given by Ms.S.Daya Sri of Second year Aeronautical Engineering and the vote of thanks was given by Mr.M.Harish of Third year

thanks was given by Mr.M.Harish of Third year Aeronautical Engineering. The Head of Department and the faculty members of the Aeronautical departments graced the function with their presence and a total of 110 students attended the lecture.

FDP on “BIOSENSORS”

The Department of Agriculture Engineering organized a FDP on “BIOSENSORS” on 23.10.2018 at a cute hall. The welcome address was given by Mrs. A. Subashini Faculty of Agriculture. The Principal, Paavai Engineering College, Presided over the function. In his presidential address, he emphasized the importance of this session and made the student enthusiastic to learn from the guest speaker. The chief guest started his session by saying about the importance of biosensors in agriculture to measure the levels of pesticides, herbicide. She also said that knowledge about the heavy metals in the soil and ground water. She explained about the Biosensors is used to forecast the possible occurrence of soil disease, which has not been feasible with the existing technology. The session ended up with doubts and questions by our students and the guest solved their doubts. Mr. A. Meignanamoorathi Faculty of Agriculture proposed the vote of thanks.

(Autonomous)
DEPARTMENT OF MCA

The Department of MCA organized a Faculty Development Program on “Mobile App Development using Android ” on 14.12.2018 - 15.12.2018 at Brilliant Hall . The function started with silent prayer followed by prayer song. The welcome address was proposed by C.Rathnakumar,Asp/MCA,. The Principal, Paavai Engineering College, presided over the function. In his presidential address, he emphasized the importance of this FDP and made the staffs enthusiastic to learn more on Counseling students. The chief guest S.Senthilvelan Asp/MCA started his session by saying about the importance of counseling students and its Tactics . He insisted that the faculties should know the value of counseling .. The session ended up with doubts and questions by our staffs and the Guest solved their doubts. Mr. C. Rathinavel AP/MCA proposed the vote of thanks

ENHANCEMENT OF EFFECTIVE PRESENTATION SKILLS

The Department of English, Paavai Engineering College organized a workshop entitled “ENHANCEMENT OF EFFECTIVE PRESENTATION SKILLS” from 20.12.2018 to 22.12.2018. The workshop was conducted by Dr. Kasturi Bai, Dean Faculty Development. The workshop was designed to give out a valuable lesson to the faculty on effective presentation of their knowledge using new technology. In her session, Dr. Kasturi Bai, implied that nowadays teaching using visual aids help the learner as well as the teacher. He explained how to utilise computer and technology to drive the students to their utmost potential. Her session also focused on how to deliver a lecturing using the available aids. The workshop was attended by 10 members.

Faculty Development Programme on “Physics for Emerging Technologies”

A Two day Faculty Development Programme (FDP) on “Physics for Emerging Technologies” was conducted by department of Physics, Paavai Engineering College on 28.03.2019 at Smart Hall, Paavai Engineering College. Dr.S.Vadivel, Head of the Department of Physics, Paavai Engineering College was the resource person. On the whole, this FDP programme was beneficial to all the faculty members of Physics belong to Paavai Institutions. Dr.M. Premkumar, Principal, welcomes the gathering and suggested the faculty members to make use of the opportunity to develop their knowledge in new topics.

The main objective of this Faculty Development program is to develop the competency in teaching advanced Physics for emerging technologies introduced in the curriculum of various universities and colleges and also to facilitate teaching resources and in-depth knowledge in the latest technologies. The course plan includes Lectures, Practical sessions and Demonstrations on Nano – Technology, Micro Electro Mechanical Systems, Solar Cells, Laser and Photonics, Advanced Materials, Non Destructive Evaluation, Instrumentation and Teaching methodology. Mrs. P. Dhivya, AP/Physics proposed the vote of thanks

Faculty Development Programme on “Application of Nanocomposite materials”

A One day Faculty Development Programme (FDP) on “**Application of Nanocomposite materials**” was conducted by department of chemistry, Paavai Engineering College on 06.02.2019 at Cute Hall, Paavai Engineering College. Dr.G.Raja, Head of the Department of chemistry, Paavai Engineering College was the resource person. On the whole, this FDP programme was beneficial to all the faculty members of Chemistry belong to Paavai Institutions. Dr.K.Selvi, Dean Academics, welcomes the gathering and suggested the faculty members to make use of the opportunity to develop their knowledge in new topics.

From this programme, the faculty members learnt the basic concepts of nanomaterials and its applications. Nowadays, nanocomposites offer new technology and business opportunities for all sectors of industry, in addition to being environmentally friendly. In the case of biodegradable polymer-based nanocomposites, recent developments in preparation, characterization and properties, including crystallization behaviour and melt rheology, of both the matrix and the layered (montmorillonite) nanocomposites have been discussed. The session ended up with doubts and questions by our staffs their doubts. N.Vijayanand, ASP/Chemistry proposed the vote of thanks.

Workshop

on

MATLAB

Paavai Engineering College (Autonomous), Department of Chemical Engineering organized Two days workshop on MATLAB from 09-10-2018 to 10-10-2018.

Dr.K.K.Ramasamy, Director-Administration, Paavai Institutions, and Dr.M.Premkumar, the principal, Paavai Engineering College (Autonomous), presided over the inaugural function. Mr.G.Srinivasan, HOD, Department of Chemical Engineering, welcomed the director, staff and students. He gave warm welcome to chief guest Dr. Udaya Bhaskar Reddy Ragula, Associate Professor, Amrita University.

The Dr.K.K.Ramasamy, in his presidential address, explained briefly about the concept of MATLAB and its importance in engineering applications.

The chief guest Dr. Udaya Bhaskar Reddy Ragula gave short introduction and importance of MATLAB in inauguration function and later he trained the students and lab technicians in simulation lab. Some of the points are given below.

The name MATLAB stands for MATrix LABoratory. MATrix LABoratory was originally developed by Cleve Moler in the 1970's, then chairman of the computer science department of the University of New Mexico. MATLAB was written originally to provide easy access to matrix software developed by the LINPACK (linear system package) and EISPACK (Eigen system

package) projects. It was an interface for the LINPACK and EISPACK libraries. Matlab was originally intended for a linear algebra course. MATLAB is a high-performance language for technical computing. It integrates computation, visualization, and programming environment. Furthermore, MATLAB is a modern programming language environment. It has sophisticated data structures, contains built-in editing and debugging tools, and supports object-oriented programming. These factors make MATLAB an excellent tool for teaching and research. MATLAB has many advantages compared to conventional computer languages (e.g., C, FORTRAN) for solving technical problems. MATLAB is an interactive system whose basic data element is an array that does not require dimensioning. The software package has been commercially available since 1984 and is now considered as a standard tool at most universities and industries worldwide. It has powerful built-in routines that enable a very wide variety of computations. It also has easy to use graphics commands that make the visualization of results immediately available. Specific applications are collected in packages referred to as toolbox. There are toolboxes for signal processing, symbolic computation, control theory, simulation, optimization, and several other fields of applied science and engineering.

SKILL ENHANCEMENT PROGRAMME

A Two day Faculty development programme was organized by the Department of faculty development department, on 16/08/2018 to 18/08/2018 on the topic, “skill enhancement Training for engineering faculties”. The faculty members of Engineering colleges participated. Dr.R.Kasthuri Bai and Mrs. K.Subashini, Associate professor, Faculty Development Department emphasized the soft skills and enhancement of teaching. They further highlighted the different strategies and techniques of teaching and learning to make the classroom interactive and interesting. Games and exercises were given to the faculties to explain the ways and means to improve their communication skills. At the end of the session, Mrs. K.Subashini, Associate professor, Faculty Development Department proposed the vote of thanks.

Faculty Development Program on Case Study Methodology of Teaching (29.11.2018 - 30.11.2018)

A Two day Faculty development programme was organized by the Department of faculty development department, on 29/11/2018 to 30/11/2018 on the topic Case Study Methodology of Teaching .The programme elaborated on - Enhancing teaching learning process by Creation and use of technologies, such as visualizations, and technology tools, such as Wiki and Moodle, in the teaching-learning process. Creation and use of strategies, such as Peer-Instruction and Think-Pair-Share, for facilitating students learning and engagement. This Workshop, worked on how to apply our knowledge to use Moodle, Open Educational Resources, tools for blogging, surveying, commenting, tagging, posting, Digital Learning Tools, Rubrics for assessment, Writing higher-order Assessment questions, how to integrate new forms of technology to teach, like videos, animations, and simulations through sources like YouTube channels etc.

ORIENTATION PROGRAM FOR RECENTLY INDUCTED MEMBERS OF PAAVAI FAMILY

18th Jun, 2018

Batch-II:

Confidence comes from training and discipline of the mind of an individual. The Faculty Development Department organized a five day orientation programme for the recently recruited faculty members to acquaint them with the institutional practices and the Pedagogy of teaching and learning, because teachers are considered to be the pillars of Paavai. The orientation programme was held from 18.06.2018 to 22.06.2018 at the Smart Hall for Batch-II. 40 faculty members from Paavai institutions attended the orientation programme

The Inauguration was held at the Smart hall on 18.06.2018, where the Shri.CA.N.V.Natarajan, Chairman stressed the significance of teaching profession, role of teachers and their commitment towards students to groom them as good citizens of the society. The objectives and methodology of the orientation programme were read by Dr.K.Selvi, Dean Academics, PEC. After the inauguration, the technical sessions commenced. Shri.CA.N.V.Natarajan, Chairman, Paavai Institutions, Dr.K.K.Ramasamy, Director Administration, Prof. R.Chenniappan, Dean English, Dr.S.Sukumar, Dean, Civil, Dr. R. Kasthuri Bai, Dean, Faculty Development Department, Dr. K.Selvi, Dean Academics, Dr.A.S.Kandasamy, Dean ECE, PEC, Dr.B.Murali Babu, COE, PEC, Mrs.C.Jayalakshmi, Dean Counselling, Dr.M. Prem Kumar, Principal, PEC, Dr.M.Devi, Principal, PCE, Dr.J.Sundarajan, Principal, PCT, Dr.R.Arangasamy, ECE/HoD, PEC, Dr.A.Suphalakshmi, CSE/HoD, PEC, Mrs.Mahalakshmi, Additional Placement and Training officer, PEC and Mrs. K.Subashini, Associate professor, Faculty Development Department were the resource persons for the programme who threw light on areas such as 'History of Paavai and Goal setting', 'Paavai culture', 'Institutional belongingness', 'Fundamentals of science', Importance of Research, Role of Teachers in Character Building, 'Triple SSS relationship', 'Pedagogy of teaching and learning', 'Communication skills', 'Role of teachers in placement', 'Teachers are second parents', 'Attitude', 'Professional ethics and responsibility of teachers', 'Teacher accountability' and 'Smart teaching'.

Shri.CA.N.V.Natarajan, Chairman, Paavai Institutions narrated the History of Paavai and its growth. His vision, mission and his strong determination in establishing Paavai was explained clearly. He further explained the need for following ten commandments to become a good teacher. Dr.K.K.Ramasamy, Director Administration, expounded on the different roles and responsibilities of the teachers. He advocated the practical method of teaching to reach out to the students of all categories. Various examples related to different branches of study were explained. Prof.R.Chenniappan, Dean English elaborated on the need for communication skills. He further expatiated on the urgency and requirement of the English language in the Engineering field. Dr.K.Selvi, Dean Academics detailed the message of Paavai Culture, Paavai Mantra and Paavai belief. Dr.S.Sukumar, Dean, Civil highlighted the importance of character and teachers' role in shaping the future of the students. He cited many examples in this regard. Dr.M.PremKumar, Principal, PEC, emphasized the importance of developing right attitude to serve as worthy member of Paavai. He demonstrated the topic, 'Robotics' and explained the significance of teaching a particular concept in a unique way. Dr.M.Devi, Principal, PCE explained the Institutional belongingness and further touched upon the principle of integrity and loyalty. Dr.J.Sundarajan, Principal, PEC, expounded the significance of Research, its gravity and its implementation for the betterment of the society. Dr.A.S.Kandasamy, Dean ECE, explained the thrust on teaching the fundamentals of physics, chemistry and mathematics.

Faculty Revalidation Programme(FRP) for the academic year 2018-19

The inauguration of Faculty Revalidation Programme(FRP) for the academic year 2018-19 for the faculty members was held in the Smart Hall at 02.00 p.m. on 19.11.2018. The programme started with the prayer song followed by an epigraph, 'Ask yourself, if what you are doing today, is getting closer to where you want to be tomorrow' emphasizing the significance of the introduction of Faculty Revalidation Programme. Smt.Mangai Natarajan, Correspondent, Paavai Institutions, inaugurated the event and delivered the inaugural address. In her inaugural address, she highlighted Paavai philosophy and principles with the slogan, 'Healthy Paavai, Wealthy Paavai and Powerful Paavai'. Dr.K.KRamasamy, Director Administration, felicitated the gathering. He told the objectives, importance and ideology of Faculty Revalidation Programme.
