Dear Sir / Madam

Sub: Intimation about the mentor-ship for the FAER-McAfee Scholar Program 2020

Greetings!

We are happy to note that the project proposal named "P-02 Dye Sensitized Solar Cell" by your students is short listed in the first round for "FAER-McAfee Scholar award Program". Based on the experience of conducting "FAER scholar program" during the last 12 years, felt that timely mentorship from qualified experts would improve the quality of project content and deliverable. FAER has extended mentor-ship for selected projects last year and the response was positive. This year also a number of experts from reputed academic institutions / industry have come forward to interact and advise the student groups.

Prof.T.Srinivas of IISc Bengaluru has agreed to mentor your students' group and extend appropriate advice and support during the execution of their project.

FAER would like your students to utilize this opportunity and get benefited from this mentorship program. We would like to emphasize that the identified mentors will not be acting as project supervisors, the project guides are the owners of the projects. The mentors are engaged elsewhere in fulltime jobs and they are extending this help to the students out of their interest. Their interactions are meant to provide timely help and guidance in terms of technology and project execution skills.

Contact details of mentor are given below: -

Name of the mentor: T Srinivas
