About Talent Sprint

TalentSprint (www.talentsprint.com), a National Skill Development Corporation (NSDC) partner company, is a leader in professional skill development and talent transformation for the Information Technology and Banking sectors. Funded by Nexus Ventures, TalentSprint's skill development programs are designed by industry experts and backed by international and national certifications. TalentSprint has successfully skilled more than 10,000 professionals and has a corporate partner network of 200 companies. The company's world-class training centres are located in Hyderabad, Bangalore and Chennai. It is also implementing a network of centres across select colleges so that students can be fully-skilled and certified for industry-readiness before they graduate. TalentSprint was founded by industry leaders with 200+ person years of collective management experience. TalentSprint has centers in Andhra Pradesh, Karnataka, Tamil Nadu and Kerala.

Awards & Recognition

Professional

About The Program

The CRT-communication program aims to enhance the communication level of engineering students and thus increase the employability of these students. The training program is designed for entry level students who on completion will be better prepared to work on real life customer projects. The course covers the basic knowledge required for a professional. The following is the list of the placement training program that will be delivered.

S.No	Topic	Hours
1	Quantitative Aptitude/DI	24
2	Logical Reasoning	12
3	Verbal English	12
4	Communication	15
5	Resume & Interview Skills	12
6	Company based Revision	12
7	Technical	12
8	Assessments	9

Communication Skills

This course provides a functional understanding of Basic English Grammar, language skills to eliminate errors in pronunciation and sentence, and equips students with the requisite skills to make their communication effective.

Intrapersonal and Interpersonal Relationship Skill

This course provides the students with information and equips them with the requisite skills to enable them to deal with feelings, understand assertiveness and develop self-confidence. It also enables them to become good team player and form an effective team.
