One day Guest Lecture on
“OPPORTUNITIES IN CIVIL ENGINEERING”

One day Guest Lecture on “Opportunities in Civil Engineering” on 04.03.2016 presented by Mr.C.Natarajan, Managing Director, Aaram Shelters Pvt Ltd, Coimbatore

A one day guest lecture on the title “**Opportunities in Civil Engineering**” was organized by the Department of Civil Engineering, Paavai Engineering College, on 04.03.2016.

Mr. C.Natarajan, Managing Director, Aaram shelter Pvt Ltd, Coimbatore was the Chief Guest. Ms.N.Asitha, third year student, Paavai Engineering College welcomed the gathering.

Dr.M.Premkumar, Principal, Paavai Engineering College presided over the function and introduced the chief guests.

C.Natarajan spoke elaborately about the Opportunities for Civil Engineers in future. The discussion was about the scarcity of the skilled human resources and how to overcome those scarcities by updating our self and knowledge gaining. A good number of Professors heads of the departments and students actively participated in the programme and benefited by the guest lecture.

ABOUT THE INSTITUTION

Paavai Engineering College established in 2001, is one of the many educational institutions nurtured by Paavai Varam Educational Trust. The college is Self-Financing, approved by AICTE, accredited by NBA, New Delhi and NAAC with “A” grade and affiliated to Anna University Chennai. Our college was granted fresh Autonomous status under UGC Scheme for Autonomous Colleges with effect from the academic year 2015-2016 by UGC, New Delhi. Equipped with latest facility and excellent infrastructure, the college offers a total of 20 full time programmes including U.G, P.G and Ph.D. Currently more than 100 research scholars, both full time and part time, are working for their Ph.D degree. The college has developed five centres of excellence in various disciplines. More research facilities have been created in tie-up with numerous leading industries worldwide.

ABOUT THE DEPARTMENT

The department of Civil Engineering is offering B.E (CIVIL) and M.E (Structural Engineering).The department is enriched with latest lab equipment and wherever possible. The department has well equipped Structural Engineering & Concrete Lab and Survey lab with state-of-the-art technology. The faculty members are well experienced and dedicated towards the upliftment of the student community.

OBJECTIVE

Our aim is to provide road safety information for road users to encourage safer road user behaviour among current and prospective road users and reduce the number of people killed and injured on our roads every year.

COURSE CONTENTS

- ✓ Introduction about Highway Safety
- ✓ Methods and measures used to prevent road users
- ✓ Importance of Highway Safety designs
- ✓ Role of Highway safety features

ELIGIBILITY

This workshop is mainly for the benefit of students of multi-disciplinary backgrounds of UG and Post Graduates, Researchers and faculty members.

ABOUT THE INSTITUTION

PAAVAI ENGINEERING COLLEGE (An autonomous institution) was started in the year 2001 and promoted by PAVAI VARAM EDUCATIONAL TRUST with the basic principle of providing purposeful, goal-oriented technical education and establishing a center of excellence in Engineering & Technology. The college is approved by AICTE, Accredited by NBA. The college has the vision to strive to be a globally model institution all set for taking "leacrote" in grooming the younger generation socially responsible and professionally competent to face the challenges ahead. It has obtained research grants from AICTE, TNSCST, MHRD and other funding agencies. The college has Entrepreneurand Management Development cell, ISTE, IEEE, CSI & MMA Students Chapters, HRD Cell, Testing Centre, WomenDevelopment Cell, Cell for Competitive Examinations, Separate Examination Wing, NSS, NCC, YRC, etc. The college attracts outstanding students by virtue of its discipline, modern infrastructure, Library and faculty.

ABOUT THE DEPARTMENT

The department of Computer Science & Engineering is offering B.E (CSE) & M.E (CSE) courses. The department shares the mission and vision of the institution imparting goal-oriented; quality-based and value-added education. The department is well equipped with 6 diversified laboratories. The department has extensive computing facilities with the latest software. It has faculty members specialized the area of image processing, networking, data mining, cloud computing etc. The department aims at training the students gain in-depth knowledge of cutting edge technology to meet the ever increasing demands

ABOUT THE SEMINAR

The One-day Guest Lecture on "Paavai GLUG" is to teach how to select appropriate data mining technology and analytical techniques, as well as systems for reporting and tracking which can enable measuring of results. This data mining based prediction system reduces the human effects and it is cost-effective as well.

TOPIC TO BE COVERD

- Local LUGs.
- Online LUGs.
- Women in Free Software Communities.

RESOURCE PERSON

Ms.C.Srravya, Paypal, Chennai
and Mr.M.J.Deva Kumar, Spritle
Software, Chennai

REGISTRATION DETAILS

The seminar fee includes seminarkit, course material, Lunch & Refreshment. Registration for seminar can be made by sending duly filled in application form along with DD = drawn in favour of " Paavai Engineering College " Payable at Namakkal an or before 11.09.2015

For Students, : Rs.200
For Faculty : Rs.300.
For Industry People : Rs.500

**One Day Guest Lecture on “SOIL TESTING & FIELD EXPOSURE” on 08.08.2016 presented by
Mr.Abhishek Kumar, Managing Director, Albatross Inserv Engineering/U.P.**

A one day Guest lecture on the title “**Soil Testing & Field Exposure**” was organized by Department of Civil Engineering, Paavai engineering college on 08.08.2016.

Mr. Abishek Kumar Sinha, Who is the passed out student of our college in the year of 2015, and he presented the topics of “Essential Skills for Construction Industry” on 08.08.2016. Now, He is running his own construction company in Delhi, and he is doing railway projects in Mizoram at a project amount of 36 crores.

Mr.M.Sajeeth Vaibhav, Final year Student, Paavai engineering college welcomed the gathering, Ms.S.Vishanth, Third year student; Paavai engineering college gave a brief introduction about the chief guest.

Our Honorable Principal **Dr.M.Premkumar** gave his valuable presidential address about the field of civil engineering and about the session.

In that presentation he covered the topics of Brick work and concrete quantity estimation and analysis of rates, type of soil and importance for railway and multi storey building, tunneling and methods particularly TBM method and ordinary excavation methods by explosives, in surveying temporary BM and permanent BM, pile foundation and pier cap used for bridges and in railway construction. By his presentation students gained more knowledge about practical field.

Finally, the vote of thanks was proposed by Ms.Sandhya kumari, Final year, Paavai Engineering College. A good number of professors, head of the departments and students actively participated in the program and benefited by the guest lecture.

Seminar on “INDUSTRY NEEDS IN VLSI DESIGN”

A one-day seminar programme was conducted on 08.09.2016 on the topic “Industry needs in VLSI Design” by ECE Department. The Chief Guest of the programme was Dr.V.Selvakumar, M.E.,Ph.D., Corporate Application Engineer, Synopsys India Pvt. Ltd., Bangalore.

He said, there are plenty of job opportunities in the semiconductor industries. To properly align your career goals and your training, you need to have a better understanding of the job titles and job profiles that a career in VLSI has to offer. More importantly, you should know about your strengths and personal attributes and choose the right job accordingly. Let us look at the various job opportunities and designations in the VLSI industry.

REGISTRATION FEE

The course fee includes course material, Lunch & Refreshment. Registration for seminar can be made by sending duly filled application form along with a DD for Rs.300/- drawn in favour of “The Principal, Paavai Engineering College ” Payable at corporation bank, Namakkal.

PAAVAI ENGINEERING COLLEGE

(Autonomous)

NH-7, Pachal Post, Namakkal -637 018.

Tamil Nadu.

ABOUT THE INSTITUTION

Paavai Engineering College established in 2001, is one of the many educational institutions nurtured by Paavai Varam Educational Trust. The college is Self-Financing, approved by AICTE, accredited by NBA, New Delhi and NAAC with “A” grade and affiliated to Anna University Chennai. Our college was granted fresh Autonomous status under UGC Scheme for Autonomous Colleges with effect from the academic year 2015-2016 by UGC, New Delhi. Equipped with latest facility and excellent infrastructure, the college offers a total of 20 full time programmes including U.G, P.G and Ph.D. Currently more than 100 research scholars, both full time and part time, are working for their Ph.D degree. The college has developed five centres of excellence in various disciplines. More research facilities have been created in tie-up with numerous leading industries worldwide.

ABOUT THE DEPARTMENT

The department of Civil Engineering is offering B.E (CIVIL) and M.E(Structural Engineering).The department is enriched with latest lab equipment and wherever possible. The department has well equipped Structural Engineering & Concrete Lab and Survey lab with state-of-the-art technology. The faculty members are well experienced and dedicated towards the upliftment of the student community.

OBJECTIVE

Lately, software development has effectively contributed in various civil engineering disciplines, as it provides engineers with the ability to perform variety of complex calculations, modelling, drafting, designing practice and several analysis processes for civil engineering infrastructure.

COURSE CONTENTS

- ✓ Introduction about Role of Software Technology in Civil Engineering
- ✓ Applications of various software’s in design and construction field.
- ✓ Importance of software in to perform variety of complex calculations, modeling, drafting and designing practice

ELIGIBILITY

This workshop is mainly for the benefit of students of multi-disciplinary backgrounds of UG and Post Graduates, Researchers and faculty members.

“ROLE OF SOFTWARE TECHNOLOGY IN CIVIL ENGINEERING”

One day Workshop on “Role of Software Technology in Civil Engineering” on 10.09.2016 presented by Lion Er.R.Sundararaj, Consulting Engineer & Structural Consultant, Ezhil Constructions (Proprietor), Karur

A one day workshop on the title “**Role of Software Technology in Civil Engineering**” was organized by Department of Civil Engineering, Paavai engineering college on 10.09.2016.

Lion Er.R.Sundararaj, Consulting Engineer and Structural Consultant, Ezhil Construction Proprietor, Karur was the chief guest. Mr. Yuvaraj.M, Second year student Paavai engineering college welcomed the gathering, Mr. Santhosh.K, second year student, Paavai engineering college gave a brief introduction about the chief guest.

Our Honorable Principal, **Dr.M.Premkumar** gave his valuable presidential address about the session. Next our respected chief guest **Lion Er.R.Sundararaj**, started his lecturing.

Lion Er.R.Sundararaj delivered elaborately about the guidelines on the way of studying in their respective core. The discussion was about the general terms which are majorly adopting in

both construction field and in the academics. Later he included some executed plans of residential buildings and their way of execution.

A good number of professors, head of the department and students actively participated in the program and the queries from the students and faculties were effectively replied by the chief guest.

Finally the vote of thanks was delivered by Ms.Kaviya Priya.K, Second Year student and our one day workshop program was successfully concluded.

“RENEWABLE ENERGY”

One day Guest Lecture on “Renewable Energy” on 11.02.2017 presented by Dr.S.Murali Mohan, Associate Professor, K.S.R.College of Engineering, Thiruchengode.

A one day guest lecture on the title **Renewable Energy** - Geothermal and Ocean Energy was organized by the Department of Civil Engineering, Paavai Engineering College, on 11.02.2017.

Dr.S.Muralimohan, Associate Professor, Department of Civil Engineering, K.S.R.College of Engineering, Erode, was the Chief Guest. Mr.E.Lokesh, Final year student, Paavai Engineering College welcomed the gathering. **Dr.S.Sukumar**, Dean-Civil Engineering presided over the function and introduced the chief guests.

Dr.S.Muralimohan, spoke elaborately about the Renewable Energy - Geothermal and Ocean Energy. The discussion was about the scarcity of the natural resources and how to overcome those scarcities by using the renewable energy such as geothermal and ocean energy. A good number of Professors heads of the departments and students actively participated in the Programme and benefited by the guest lecture. Ms.C.Indhuja, Third year civil student, Paavai Engineering College proposed vote of

thanks.

Equipped with latest facility and excellent infrastructure, the college offers a total of 20 full time programmes including U.G, P.G and Ph.D. The college has developed five centres of excellence in various disciplines.

ABOUT THE DEPARTMENT

The department of Mechatronics was established in the year 2011. The department has well developed laboratory infrastructure which bridges the gap between industry and academia. The department regularly invites people from the industry to interact with the faculty and students to update them. Mechatronics Engineers will be empowered to work in Automation, Robotics, Computer simulations and modeling, Gaming, Engineering design, Propulsion systems and Control System. To prepare industry ready engineers of future, the department has a right blend of faculty members having expertise in Mechanical, Electronics and Mechatronics engineering.

OBJECTIVE

- Blade vibration has been recognized as one major cause of failure in turbo-machinery which has directed enormous efforts toward developing reliable techniques for its measurement.
- available blade vibration measurement technique can be classified into two broad categories

OUTCOMES

- Explained about the concepts of vibration of bladed-disk structures, facing vibration problems, aerodynamic design a
- an overview of turbo machinery blade vibrations, analyses techniques and challenges.

ABOUT THE GUEST

The Chief Guest, Dr. S. Madhavan, Senior Scientist and Group Director, Vibration Engineering, Ministry of Defense, Bangalore

Guest lecture on
"TURBO-MACHINERY BLADE VIBRATIONS - MEETING THE CHALLENGE"

A Guest lecture was conducted by the Department of Mechatronics and Aeronautical Engineering on 12.08.2016 on the title "Turbo-machinery blade vibrations - Meeting the challenge". The students of Aeronautical Engineering attended the Lecture given by Dr.S.Madhavan, Senior Scientist and Group Director, Vibration Engineering Group of Gas Turbine Research Establishment (GTRE), Defense Research and Development Organization (DRDO), Ministry of Defense, Bangalore. He gave a wonderful presentation to the students regarding the recent trends in the turbo machinery industry and the various challenges in dealing with blade vibrations. The Head and the faculty members of the departments graced the function with their presence.

REGISTRATION FEES

The course fee includes course material, Lunch & Refreshment.

Registration

for seminar can made by sending duly filled application form along with a DD for Rs.300/- drawn in favour of "The Principal, Paavai Engineering College " Payable at corporation bank, Namakkal.

Total number of participants is limited to 50 members Confirmation of participation is

to be made after the selection intimation from the organizers. Selection is done on first come

first served basis.

“ESSENTIAL SKILLS FOR GET PLACEMENT IN IT INDUSTRY”

**One day Alumni Guest Lecture on “Essential Skills for Get Placement in IT Industry” on 16.08.2016
presented by Ms.M.Venkatalakshmi, Software Programmer, Tech Mahindra, Chennai**

A one day Guest lecture on the title **“Essential Skills for Get Placement in IT Industry”** was organized by Department of Civil Engineering, Paavai engineering college on 16.08.2016.

Ms. M. Venkatalakshmi, Who is the passed out student of our college in the year of 2015, and she presented the topics of **“Essential Skills for Get Job in Tech Mahindra”** on 16.08.2016. Now, she is working as software programmer in Tech Mahindra, Chennai. In that presentation, she covered the topics of preparation of aptitude for interview, confidence for facing Technical HR and Personal HR, Essential of English communication, General awareness on day to day life for example difference between browsing and surfing, and finally her job nature at Tech Mahindra. This presentation will very useful to our students to get placement in Tech Mahindra.

**One day Workshop on “Scientific Methods of Research” on 18.03.2017 presented by
Dr.VAnandkrishnan, Assistant Professor, Department of Production Engineering
NIT, Trichy**

A one day Workshop on the topic **Scientific Methods of Research** was conducted by the Department of Civil Engineering, Paavai Engineering College on 18.03.2017.

Dr.VAnandkrishnan, Assistant Professor, Department of Production Engineering, NIT Trichy was the chief guest was there to inculcate students with more knowledge about the topic. Mr.M.Sajeeth Vaibhav Final year student welcomed the gathering followed by **Mr.P.Kalimuthu** Head of Civil Engineering presided over the function and introduces the chief guest.

The chief guest was honored and he started delivering his speech about the topic scientific methods of research in an elaborate manner. He made very clear about the students understanding about all the information about the topic like characteristics, limitations and

purpose of scientific methods of research. He started with doing a background research, constructing a hypothesis, testing the hypothesis by doing the experiment, analyzing the data and then drawing a conclusion followed by communicating the result. He explained every step clearly about the topic .It was a very interactive session with students and even the staff members. All the staff members, head of the department, students have been actively present for the session. In the end we had doubt clearing session too for the better enhancement of the students. Ms.J.Benny Third year student, Civil Department proposed the vote of thanks.

One day Guest Lecture on “Construction Materials and Construction Technology of Infrastructure Projects” on 30.08.2016 presented by S.A.Manojkumar, M.E., Assistant Engineering Manager, Larsen & Toubro Ltd., Chennai.

A One day Guest Lecture on the title “Construction Materials and Construction Technology of Infrastructure Projects” was organized by Department of Civil Engineering, Paavai Engineering College on 30.08.2016. Our Honorable Director – Administration Dr.K.K.Ramasamy gave his valuable presidential address about the field of Civil Engineering and about the session. Finally our chief guest **S.A.Manoj Kumar** starts his lecturing.

S.A.Manoj Kumar spoke elaborately about the construction materials and the technology of constructing bridges and tunnels. The discussion was about the various technical methods which are majorly adopting in the civil construction field and also he included about the preventive measures and rehabilitating measures to be applied on such vast areas of mass constructions.

Seminar on "5G TECHNOLOGY" 14.03.2018

The Department of Electronics and Communication Engineering organized a One day Seminar titled "5G TECHNOLOGY" sponsored by the Institution of Engineers (India), Salem Local Centre, Salem on 14.03.2018 in Cute hall. The function started with the prayer song. Dr.M.Premkumar, Principal, Paavai Engineering College, presided over the function. In his presidential address, he insisted the participants to become a creator and a provider of new technologies. Mr.V.Anbalagan, Sub Divisional Engineer, BSNL, Salem, gave his keynote address where he stressed that participants should focus on application of science in addressing various issues as an Engineer. He also cherished the invention of transistor which is the base of all technological developments in the world. In the Valedictory session, Er.SR.Saravanan, Honorary Secretary of Salem Local Centre, Institution of Engineers (India) gave his valedictory address and he along with Dr.R.Arangasamy, HoD, ECE distributed the certificates to the participants.

Dr.R.Arangasamy, HoD, ECE gave the vote of thanks.

“FUNDAMENTALS OF VISUAL EFFECTS”

22.06.2018

The Department of Computer Science and Engineering organized a guest lecture on the title-fundamentals of visual effects on 22.06.2018 at Kalams Chamber. The guest speaker was Mr.M.Rajarajeswaran Technical Head, Image Creative Education, Salem. He explains all fundamentals and tricks in visual effects.

ABOUT THE INSTITUTION

Paavai Engineering College established in 2001, The college is Self-Financing, approved by AICTE, accredited by NBA, New Delhi and NAAC with "A" grade and affiliated to Anna University Chennai. Our college was granted fresh Autonomous status under UGC Scheme for Autonomous Colleges with effect from the academic year 2015-2016 by UGC, New Delhi. Equipped with latest facility and excellent infrastructure, the college offers total of 20 full time programmes including U.G, P.G and Ph.D. The college has developed five centres of excellence in various disciplines

ABOUT THE DEPARTMENT

The department of Mechatronics was established in the year 2011, The department has well developed laboratory infrastructure which bridges the gap between industry and academia. The department regularly invites people from the industry to interact with the faculty and students to update them. Mechatronics Engineers will be empowered to work in Automation, Robotics, Computer simulations and modeling, Gaming, Engineering design, Propulsion systems and Control System. To prepare industry ready engineers of future, the department has a right blend of faculty members having expertise in Mechanical, Electronics and Mechatronics engineering.

Chennai***

Date : 23/06/2018

Time : 10.00 A.M

Venue : Cute Hall

Objective

Helping students to identify short & long term goals and enhance their personal growth. Provide an opportunity for students to learn and practice professional skills required for employability. Providing students with the understanding and tools to make ethical decisions. Shape students into confident engineers with excellent leadership qualities, communication skill, thinking abilities, professionalism and other skills important for day to day life. Help students identify and career opportunities for employment related to their degrees with different class activities.

Out Come

Mentors could understand each students growth academically and personally.

Mentors could guide them for their short and long term goals and suggested them different careers after engineering according to their skills acquired.

Mentors also guided weak students to boost their moral support.

About The Guest

The Guest speaker is S. Joe Sujin, Graphic Designer, Xtracut Digital Marketing, Chennai

**Seminar
ON
“Various PWM Generation Techniques for Power Electronic Converters”**

The Department of EEE, Paavai Institutions has conducted a guest lecture on the title, “VARIOUS PWM GENERATION TECHNIQUES FOR POWER ELECTRONICS CONVERTERS” on 29.06.2018. Dr.M.Premkumar, Principal, Paavai Engineering College presided over the function and insisted the students to consider this kind of guest lecture as a forum to discuss on the various advancements in the field of power electronic converters in electrical engineering. He also insisted that the need of knowledge up gradation is quite necessary and there is always a constant opportunity for effective electrical engineers. Dr.G.Arun Kumar, Associate Professor, School of Electrical Engineering, VIT University, Vellore was the chief guest. In his lecture, he explained about basic concepts of power converters and how PWM techniques evolved. He further insisted that the scope of electrical engineers is going to be high as the converters will play a major role. He explained about the importance of PWM technique and the applications. He insisted the participants to shape themselves according to the needs of the outside world as they are in the period of innovation. Mr.S.Saravanan of Third year EEE welcomed the gathering and Ms.N.Janani of third year EEE proposed the vote of thanks

ABOUT THE INSTITUTION

Paavai Engineering College established in 2001, is one of the many educational institutions nurtured by Paavai Varam Educational Trust. The college is Self-Financing, approved by AICTE, accredited by NBA, New Delhi and NAAC with “A” grade and affiliated to Anna University Chennai. Our college was granted fresh Autonomous status under UGC Scheme for Autonomous Colleges with effect from the academic year 2015-2016 by UGC, New Delhi. Equipped with latest facility and excellent infrastructure, the college offers a total of 20 full time programmes including U.G, P.G and Ph.D. Currently more than 100 research scholars, both full time and part time, are working for their Ph.D degree. The college has developed five centres of excellence in various disciplines. More research facilities have been created in tie-up with numerous leading industries worldwide.

ABOUT THE DEPARTMENT

The department of Civil Engineering is offering B.E (CIVIL) and M.E(Structural Engineering).The department is enriched with latest lab equipment and wherever possible. The department has well equipped Structural Engineering & Concrete Lab and Survey lab with state-of-the-art technology. The faculty members are well experienced and dedicated towards the upliftment of the student community.

OBJECTIVE

Students will able to know the basics of volume& area calculation and rate analysis which are used in construction industries

COURSE CONTENTS

- ✓ Introduction about Current Trends And Techniques Using Total Station And Auto Level
- ✓ Role of Total station and Auto level in measurement of Angle and Distances.

ELIGIBILITY

This workshop is mainly for the benefit of students of multi-disciplinary backgrounds of UG and Post Graduates, Researchers and faculty members.

RESOURCE PERSON

Er.M.Balamurugan (Managing Director),
Surveyor, TOSET Land Survey Institute,
(Approved by National Development Agency,
Promoted by Government of India),

DEPARTMENT OF CIVIL ENGINEERING
Two day Workshop on
“CURRENT TRENDS AND TECHNIQUES USING TOTAL STATION AND AUTO
LEVEL”

A Two day Workshop on “CURRENT TRENDS AND TECHNIQUES USING TOTAL STATION AND AUTO LEVEL” on 11.07.2018 and 12.07.2018 presented by Er.M.Balamurugan (Managing Director), Surveyor - TOSET Land Survey Institute, (Approved by National Development Agency, Promoted by Government of India), Salem

A Two day Workshop on the title “Current Trends and Techniques Using Total Station and Auto Level” was organized by Department of Civil Engineering, Paavai engineering college on 11.07.2018 and 12.07.2018.

Er.M.Balamurugan (Managing Director) Surveyor, TOSET Land Survey Institute, Salem. Institute training team was the chief guests. Mr. M.Yuvraj, Final year student Paavai engineering

college welcomed the gathering, Mr.S.Mohammed Faizal, Third year student, Paavai engineering college gave a brief introduction about the chief guests.

Our Honorable Director – Admin, **Dr.K.K.Ramasamy** gave his valuable presidential address about the field of civil engineering and about the session. Our Beloved Dean – Civil, **Dr.S.Sukumar** gave his address about the session and importance of surveying. Our Respected Head of Department **Mrs. J.Umanambi** honored the Chief Guests and begins the session.

Er.M.Balamurugan spoke elaborately about the construction technologies and the Surveying methods of all areas using Total Station and Auto Level. The discussion was about the various surveying methods which are majorly adopting in the construction field and also he included about the importance of surveying in this modern construction field. It was completed in the morning session of first day. Later in the Afternoon session Practical demonstration session was conducted by trainers.

In second day field session for the students was conducted by the training team members. Students was actively participated in completing the practical tasks availed by the trainers. A good number of professors are actively participated in the two days program and benefited. The queries from the students and faculties were effectively replied by the chief guests.

Finally the vote of thanks was delivered by Mr.K.Mohan, Third Year student and our workshop program was successfully concluded.

Seminar

ON

“Roles and responsibilities of an electrical engineering in power sector”

The Department of EEE, Paavai Institutions, conducted a guest lecture on the title, “ROLES AND RESPONSIBILITIES OF ELECTRICAL ENGINEERS IN POWER SECTOR” on 27.08.2018. Dr.K.K.Ramasamy, Director-Administration, Paavai Institutions, presided over the function and insisted the students to consider this kind of guest lecture as an opportunity to know the advancements in the field of electrical engineering in industries. He also insisted the need of developing the skills in their respective domains and learning other languages which would help them during their career. Knowledge upgradation is quite necessary and there is always a constant opportunity for effective electrical engineers. Dr.C.Ramakrishnan, General Manager. Neyveli Lignite Corporation, was the chief guest. In his lecture, he also insisted the necessity of learning other languages by engineers as it would support them in efficient work extraction from their subordinates. He also explained the various sectors in which the role of an electrical engineer would be required such as Project planning, Design engineer, Operation and Maintenance, Supplier management and so on. He insisted the participants to shape themselves according to the needs of the society as they are in the period of innovation. Mr.S.Saravanan of Third year EEE welcomed the gathering and Ms.K.Nisha of second year EEE proposed the vote of thanks.

**“NATIONAL LEVEL WORKSHOP ON TECHNOLOGICAL ADVANCEMENT AND DEVELOPMENT FOR THE
SAFETY OF WOMEN”
01.03.2019 & 02.03.2019**

Department of Electronics & Communication Engineering organised the National level Workshop on 01.03.2019 & 02.03.2019. The Seminar was inaugurated with prayer song by 9:30 a.m in the presence of Mrs.L.Mukhil, Block Statistical Investigator, Department of Statistics, Kabilarmalai, Namakkal as guest speaker, Principal- Paavai Engineering College, Head of the Department-ECE, and various department heads, faculty members of Paavai Engineering College along with other participants. Dr. R. Arangasamy delivered welcome address. The presidential address was delivered by Dr.K.K.Ramasamy, Director Administration, Paavai Engineering College, in which he highlighted that the technological innovation should be focused towards health and safety of women throughout

their life. He motivated the participants to learn such a social relevant topic. The keynote address was given by the Guest speaker Mrs.L.Mukhil, Block Statistical Investigator, Department of Statistics. She is a distinguished speaker and good consultant. She congratulated the organizer on arranging such a social seminar regarding the safety of women. She aired a sense of appreciation for the topics to be discussed in the two day seminar which would deal with various challenging issues faced by our young girl students. The inauguration got over by 10:00am. The first session was handled by the guest speaker from 10:00 am to 11.00am. She gave a magnificent speech on the topic "Social Awareness and Technological Support for Woman". Her speech extensively focused on the impacts of dressing issues, behavioral manners etc. She gave a detailed statistical analysis of woman empowerment in India and other countries.

Dr.R.Gayathri, Professor, Sona College of Technology, the second session success got the audience across the latest safety components and its usefulness for the women safety such as Mighty pen and safety number. Her lecture offered idea about the role of smart devices ensuring women safety. Dr.C.Vijayalakshmi Palanivelu MA(Yoga), M.Acu., D.R.T, PhD(Yoga), M.Sc(Applied Psychology), Rasipuram in the afternoon session gave tips for handling women's stress during their menstrual cycle and gave suitable remedies through acupressure points available in the human body. The second day session was started at 9:30 am with Mrs.P.Rekha, Advocate's, on Constitutional Rights for Woman and Support given by the Government of India. She briefed about women safety act, domestic violence act and the current scenario in India as regards women's safety. Women's rights in their families as well as in the society was an additional highlight, which resulted in useful interaction. The second day session was started at 9:30 am with Mrs.P.Rekha, Advocate's, on Constitutional Rights for Woman and Support given by the Government of India. She briefed about women safety act, domestic violence act and the current scenario in India as regards women's safety. Women's rights in their families as well as in the society was an additional highlight, which resulted in useful interaction.

ABOUT THE INSTITUTION

PAAVAI ENGINEERING COLLEGE (An autonomous institution) was started in the year 2001 and promoted by PAVAI VARAM EDUCATIONAL TRUST with the basic principle of providing purposeful, goal-oriented technical education and establishing a center of excellence in Engineering & Technology. The college is approved by AICTE, Accredited by NBA. The college has the vision to strive to be a globally model institution all set for taking "leacrote" in grooming the younger generation socially responsible and professionally competent to face the challenges ahead. It has obtained research grants from AICTE, TNSCST, MHRD and other funding agencies. The college has Entrepreneur and Management Development cell, ISTE, IEEE, CSI & MMA Students Chapters, HRD Cell, Testing Centre, Women Development Cell, Cell for Competitive Examinations, Separate Examination Wing, NSS, NCC, YRC, etc. The college attracts outstanding students by virtue of its discipline, modern infrastructure, Library and faculty.

ABOUT THE DEPARTMENT

Information Technology has widened and diversified in more directions than the pioneers themselves foresaw. India being a nation with the highest number of mobile users offers a very great potential to application developers (for Smart phones). The Department of Information Technology was established in 2001 with the objective of imparting quality education in the field of Information Technology. Since its inception, the department has expanded and grown in terms of dissemination of knowledge within and outside curriculum and skill development activities. The curriculum review and modernization of the labs are conducted constantly so as to keep the students updated with the latest trends at the global level. The class rooms are well equipped with all modern electronic audio-visual facilities.

ABOUT THE SEMINAR

Two Day Workshop on "G-Suite for Education " Workshop gives you professional email, online storage, shared calendars, video meetings, and more. Googles Apps makes collaboration simple and effective. You will have the ability to share spreadsheets and documents, create video conferences with Hangouts, and use instant messaging.

ABOUT THE INSTITUTION

Paavai Engineering College established in 2001, The college is Self-Financing, approved by AICTE, accredited by NBA, New Delhi and NAAC with "A" grade and affiliated to Anna University Chennai. Our college was granted fresh Autonomous status under UGC Scheme for Autonomous Colleges with effect from the academic year 2015-2016 by UGC, New Delhi. Equipped with latest facility and excellent infrastructure, the college offers a total of 20 full time programmes including U.G, P.G and Ph.D. The college has developed five centres of excellence in various disciplines.

ABOUT THE DEPARTMENT

The department of Mechatronics was established in the year 2011. The department has well developed laboratory infrastructure which bridges the gap between industry and academia. The department regularly invites people from the industry to interact with the faculty and students to update them. Mechatronics Engineers will be empowered to work in Automation, Robotics, Computer simulations and modeling, Gaming, Engineering design, Propulsion systems and Control System. To prepare industry ready engineers of future, the department has a right blend of faculty members having expertise in Mechanical, Electronics and Mechatronics engineering.

One Day Guest Lecture on "Solar Energy Conversion Systems"

**By
Dr.S. Manikandan,
Research Assistant Professor,
Department of Mechanical
Engineering,
SRM Institute of Science and
Technology,
Kattankulathur - 603 203,
Kancheepuram District,
Tamil Nadu.**

Date : 31/08/2018

Time : 10.00 A.M

Venue : Cute Hall

Convenor: D.R.P.Rajarithnam

Co-Convenor: R.Arunbabu

OBJECTIVE

Solar Energy Conversion Systems examines solar energy conversion as an integrative design process, applying systems thinking methods to a solid knowledge base for creators of solar energy systems. This approach permits different levels of access for the emerging broad audience of scientists, engineers, architects, planners, and economists. Traditional texts in solar energy engineering have often emerged from mechanical or chemical engineering fields.

OUT COMES

The recent trends to decrease the cost of the energy generation either by introducing the low cost processing techniques or to increase the efficiency of the solar cells. New technologies include photo-electro chemical cells, polymer solar cells, quantum dot, tandem / multi-junction solar cells.

ABOUT THE GUEST

The Guest Speaker is Dr.S. Manikandan, Research Assistant Professor, Department of Mechanical Engineering, SRM Institute of Science and Technology, Kattankulathur - 603 203, Kancheepuram District, Tamil Nadu.

"SOLAR ENERGY CONVERSION SYSTEMS"

A guest lecture on "Solar Energy Conversion Systems" was organized on 31.08.18 organized by the department of Mechatronics Engineering, Paavai Engineering College, Namakkal.

The Chief Guest, Dr.S. Manikandan started the talk with giving a brief statistic on the global demand for energy is currently growing beyond the limits of installable generation. His talk also focused on the recent trends to decrease the cost of the energy generation either by introducing the low cost processing techniques or to increase the efficiency of the solar cells. He listed down many new technologies include photo-electrochemical cells, polymer solar cells, quantum dot, tandem / multi-junction solar cells, up -conversion and down-conversion, surface plasmonic, nano-crystal solar cells and other novel innovations and inventions.

ABOUT THE INSTITUTION

Paavai Engineering College established in 2001. The college is Self-Financing, approved by AICTE, accredited by NBA, New Delhi and NAAC with "A" grade and affiliated to Anna University Chennai. One Day Guest Lecture on "Development of Composites and Nano-Composite Materials

Utilizing Particles and Fibers"

By

Dr.R.Rajasekar,

Professor,

Department of Mechanical

Engineering,

Kongu Engineering

College,

Perundurai -639052.

Date : 24/01/2019

Time : 10.00 A.M

Venue : Cute Hall

Objective

It is of most importance to synthesize nano-composites of inorganic/organic in order to have good biocompatibility, high bioactivity and great bonding properties. In this work, HAp nano-particle and HAp/chitosan (CTS) nano-composite with a homogeneous microstructure were prepared and characterized. It is proposed that the nano-structure of hydroxyapatite/chitosan composite will have the best biomedical properties in the biomaterials applications.

Out Come

These technologies involve different physical mechanisms, yield different results, and are applicable indifferent situations.

The students understood the basic concepts of composites and nanocomposites.

About The Guest

The Guest speaker is R. RAJASEKAR. He is in the department of Mechanical Engineering, Professor, Kongu Engineering College. His Qualification is B.E., M.S (IIT-Kharagpur), Ph.D. (IIT-Kharagpur). His area of specialization is Material Science and Engineering. He joined KEC on the date of 07-08-2012.

**ALUMINI GUEST LECTURE
ON
“ELECTRICAL SAFETY”**

The Department of EEE, Paavai Institutions has conducted an alumni guest lecture on the title, “ELECTRICAL ENERGY SAFETY” on 15.06.2019. Dr.M.Premkumar, Principal, Paavai Engineering College presided over the function and insisted the students to consider this kind of guest lecture as a forum to discuss on the various opportunities for the effective electrical engineers. Er.Sathish IA, Alumni Students, Department of Electrical and Electronics Engineering, Paavai Engineering College, Namakkal was the Alumni guest. In his lecture, he explained about the electrical safety measures carried out in mining. He insisted the participants to shape themselves according to the needs of the outside world as they are in the period of innovation for electrical engineers. Mr.S.Saravanan of Third year EEE welcomed the gathering and Ms.N.Janani of third year EEE proposed the vote of thanks.

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

Guest lecture on the title Telecommunication – Software Development Perspective -26.06.2019

The Department of ECE organized a guest lecture on the title Telecommunication – Software Development Perspective. The session was inaugurated on 26.06.2019 at 10:00 a.m. by Dr. M. Premkumar, Principal- Paavai Engineering College with the presence of Head of the Department-ECE, Faculty members and the participants.

The keynote address was given by the guest speaker Mr.Anbarasu Shanmugam, Project Consultant, Capgemini Technology Services India limited, Bangalore in which he expressed his sincere gratitude to Paavai Engineering College for their support. He expressed his experiences in Paavai a student which gave him the confidence to face the real world outside the campus. The session was carried over by the speaker on the title Telecommunication – Software Development Perspective, in which he gave a brief about the evolution of networks and detailed about the OSS RC. He elaborated the

two major systems of Operational Support System Radio Core- Network Management System and Elemental Management System. He gave clear idea on the Security Management handling in networks which included about billing in Business Support System. He also listed some companies that are large producers of network components to the service providers especially, Ericsson whose customers are Airtel and Vodafone. Mr.Anbarasu Shanmugam and the participants had a good discussion about the current trends in the core engineering and software industries. He also shared his work experiences in WIPRO, CTS and its allied companies in Turkey, Australia, etc. He suggested his fellow juniors to focus on the core engineering opportunities. Alumnus Mr.Anbarasu Shamugam, also met Correspondent madam to have a brief discussion about his experience in Paavai.

He discussed about his journey in Paavai which has molded and sculpted him to this position as he is now. He showered his gratitude for their high end support during his graduation. He expressed his happiness about his success because of Paavai as it has given him more values and virtues. His educational journey started in paavai from 2006-2010 and as a resource person in coming back to Paavai as a guest speaker. He also said that the only thing which helped throughout his successful career was the confidence that he had taken from Paavai. He expressed his gratitude to Correspondent madam for her constant encouragement and morality which has made him to reach great heights in his life. He rendered his heartfelt thanks to the Management, Head of the Department-ECE and the Faculty members. Ms.P.Durga, third year ECE, Paavai Engineering College, welcomed the gathering. The chief guest was introduced by Ms.R.Abinaya, third year ECE, Paavai Engineering College. The session ended around 12:30 with the Vote of Thanks proposed by Ms.M.Jesima Yasmeen, third year ECE, Paavai Engineering College.

REGISTRATION FEE

The course fee includes course material, Lunch & Refreshment. Registration for seminar can be made by sending duly filled application form along with a DD for Rs.300/- drawn in favour of “The Principal, Paavai Engineering College ” Payable at corporation bank, Namakkal.

Total number of participants is limited to 50 members. Confirmation of participation is to be made after the selection intimation from the organizers. Selection is done on first come first served basis.

29th June 2019

Organized by

DEPARTMENT OF CIVIL ENGINEERING

PAAVAI ENGINEERING COLLEGE

(Autonomous)

NH-7, Pachal Post, Namakkal -637 018.

Tamil Nadu.

ABOUT THE INSTITUTION

Paavai Engineering College established in 2001, is one of the many educational institutions nurtured by Paavai Varam Educational Trust. The college is Self-Financing, approved by AICTE, accredited by NBA, New Delhi and NAAC with “A” grade and affiliated to Anna University Chennai. Our college was granted fresh Autonomous status under UGC Scheme for Autonomous Colleges with effect from the academic year 2015-2016 by UGC, New Delhi. Equipped with latest facility and excellent infrastructure, the college offers a total of 20 full time programmes including U.G, P.G and Ph.D. Currently more than 100 research scholars, both full time and part time, are working for their Ph.D degree. The college has developed five centres of excellence in various disciplines. More research facilities have been created in tie-up with numerous leading industries worldwide.

ABOUT THE DEPARTMENT

The department of Civil Engineering is offering B.E (CIVIL) and M.E (Structural Engineering).The department is enriched with latest lab equipment and wherever possible. The department has well equipped Structural Engineering&Concrete Lab and Survey lab with state-of-the-art technology. The faculty members are well experienced and dedicated towards the upliftment of the student community.

OBJECTIVE

Learn the use of software for functions such as cost estimating, Accounting, project management and scheduling and CAD. Understand the common practices followed under Vastu Sutra. Learn the designs intended to integrate architecture with nature.

COURSE CONTENTS

- ✓ Introduction about Application of Software’s and Vasthu in Construction.
- ✓ Software in project management and scheduling.
- ✓ Learn the designs of architecture

ELIGIBILITY

This workshop is mainly for the benefit of students of multi disciplinary backgrounds of UG and PostGraduates, Researchers and faculty members.

One Day Workshop on
“Application of Software’s and Vasthu in Construction”

One Day Workshop on “Application of Software’s and Vasthu in Construction” on 29.06.2019 presented by Dr.A.S.Matheswaran M.Tech., Ph.D., CEO & Chairman, United Info / CADD Solutions (P) Ltd., Salem.

A one day Workshop on the title “Application of Software’s and Vasthu in Construction” was organized by Department of Civil Engineering, Paavai Engineering College on **29.06.2019** at **Kalam’s chamber**.

Chief guests - **Dr.A.S.Matheswaran chairman / CEO** United CADD solutions Pvt Ltd., and **Mr.S.S.Kumar, Vasthu consultant**. Miss. S.U.Sushma, Second year student, Paavai Engineering College welcomed the gathering, Mr.P.Akshay, Third year

student Paavai Engineering College gave a brief introduction about the chief guests.

Our respected Principal / Paavai Engineering College, **Dr.M.Premkumar**, honored the chief guest and gave his valuable presidential address about the field of Civil Engineering and role of Civil Engineer.

Dr.A.S.Matheswaran spoke elaborately about the importance of Application Software's in the Civil Engineering field. Mr.S.S.Kumar Vasthu consultant explained about the Traditional Vasthu Shastra influence in India's architecture during the Contemporary era.

He explained how to implement Vasthu law in present Construction. He briefed the Principles of Vasthu to be followed while planning, architecture of Indian history, culture and religion. He explained the factors governing Vasthu describing the Sun path and its effects. A good number of professors actively participated in program and were benefited. The queries from the students and faculties were effectively replied by the chief guests.

Finally the vote of thanks was delivered by Mr.K.Mohan, final year student and our one day workshop was successfully concluded.

27.07.2019 presented by Dr.K.M.Nanthan (Alumni- Batch 2006-2009), Planning Manager,
Factories – South, L&T Construction, Chennai.**

A one day Alumni Guest lecture on the title **“LEAN CONSTRUCTION AND PROJECT MANAGEMENT”** was organized by department of civil engineering Paavai Engineering College on 27.7.2019 at Kalam’s chamber.

Chief guest Dr.K.M.Nanthan, Planning Manager, Factories-south, Larsen & Toubro limited construction, Buildings and Factories. Ms.S.U.Sushma , second year student, Paavai Engineering College welcomed the gathering, Mr.S.Mohammed Faizal, final year student, Paavai Engineering College gave a brief introduction about the chief guest.

Our respected Principal/Paavai Engineering College, Dr.M.Premkumar, honored the chief guest and gave his valuable presidential address about the field of Civil Engineering.

Dr.K.M.Nanthan our Alumni spoke elaborately about the Lean Construction Techniques. He pointed out the readily 8 lean wastes – DOWNTIME

- Defects,
- Over production,
- Waiting,
- Non-Utilizing talent,
- Transportation,
- Motion waste
- Excess Processing

He explained the new approach to project management so that project gets finished in time, maximizing value and minimizing costs involved during construction, project maintenance, design, planning & activation.

He imparted the knowledge in transforming design and construction. He explained the concept to reduce waste and increase the productivity and effectiveness in construction work.

A good number of professors actively participated in program and were benefitted. The queries from the students and faculties were effectively replied by the chief guest.

Finally the vote of thanks was delivered by Mr.P.Akshay, third year student and our one day guest lecture was successfully concluded.

“GUEST LECTURE ON THE TITLE RF MEMS FOR WIRELESS COMMUNICATION”

06.09.2019

Department of Electronics & Communication Engineering organized the Guest Lecture on 06.09.2019. The Guest Lecture was inaugurated with the prayer song at 10:00 am in the presence of Dr.B.Nataraj, Associate Professor, Sri Ramakrishna Engineering College, Coimbatore as the guest lecturer, Principal- Paavai Engineering College, Head of the Department-ECE and department faculty members along with the participants.

The presidential address was delivered by Dr. M.Prem Kumar, Principal, Paavai Engineering

College in which he highlighted the importance of skill development in this technological world. He motivated the students to enrich their skills by participating in competitions, presentations, funding proposal preparations and opening up for projects and startups.

The keynote address was given by the guest speaker Dr.B.Nataraj, Associate Professor in which he highlighted about the key words RF and MEMS. He also detailed about that tools used in MEMS and Mobile battery technology. The session was carried over by the speaker on the title RF MEMS for Wireless Communication, in which he gave a brief about the evolution of RF networks and explained about the uses of MEMS. Ms.P.Durga, III ECE, Paavai Engineering College, welcomed the gathering. The session ended around 12:30 with the vote of thanks proposed by Ms.Jesima Yasmeen, III ECE, Paavai Engineering College.

ABOUT THE INSTITUTION

PAAVAI ENGINEERING COLLEGE (An autonomous institution) was started in the year 2001 and promoted by PAVAI VARAM EDUCATIONAL TRUST with the basic principle of providing purposeful, goal-oriented technical education and establishing a center of excellence in Engineering & Technology. The college is approved by AICTE, Accredited by NBA. The college has the vision to strive to be a globally model institution all set for taking "leacrote" in grooming the younger generation socially responsible and professionally competent to face the challenges ahead. It has obtained research grants from AICTE, TNSCST, MHRD and other funding agencies. The college has Entrepreneur and Management Development cell, ISTE, IEEE, CSI & MMA Students Chapters, HRD Cell, Testing Centre, Women Development Cell, Cell for Competitive Examinations, Separate Examination Wing, NSS, NCC, YRC, etc. The college attracts outstanding students by virtue of its discipline, modern infrastructure, Library and faculty.

ABOUT THE DEPARTMENT

The department of Computer Science & Engineering is offering B.E (CSE) & M.E (CSE) courses. The department shares the mission and vision of the institution imparting goal-oriented; quality-based and value-added education. The department is well equipped with 6 diversified laboratories. The department has extensive computing facilities with the latest software. It has faculty members specialized the area of image processing, networking, data mining, cloud computing, etc., The department aims at training the students gain in-depth knowledge of cutting edge technology to meet the ever increasing demands.

ABOUT THE SEMINAR

One day Guest Lecture on "Fight the Urban Style of Recruitment" to provide resources and activities to facilitate the career planning process. Pre-placement training/workshops/seminars for students. Gathering information about job fairs and all relevant recruitment advertisements

TOPIC TO BE COVERED

- Why one should recruit you?
- What is the need of interview?
- How will one be fit for a job?

RESOURCE PERSON

Ms. Monika,
Isabel, Project Management Offices,

One day Guest lecture on
“BRIDGE MODELING AND DETAILING USING TEKLA STRUCTURE”

One Day Guest Lecture on “BRIDGE MODELING AND DETAILING USING TEKLA STRUCTURE” on 05.02.2020 presented by Er.P.Suresh Anand, Design Engineer and Consultant for RCC and Steel Structure, C Cube Technologies, Salem.

A one day guest lecture on the title **“BRIDGE MODELING AND DETAILING USING TEKLA STRUCTURE”** was organized on **05.02.2020** by the Department of Civil Engineering , Paavai Engineering College at Kalam’s chamber.

Er.P.Suresh Anand, Design Engineer and Consultant for R.C.C structure and steel structure in C Cube technologies Salem was the chief guest of the day. Ms.S.U.Sushma, second year student welcomed the gathering and Mr.P.Akshay third year student gave a brief introduction about the chief guest.

Dr.M.Premkumar, Principal, Paavai Engineering College delivered his presidential address on the occasion .He addressed that, the students should be updated and dynamic to meet the expectations of the industry.

Er.P.Suresh Anand, spoke elaborately about the TEKLA structure. He explained by using this how a civil engineer can design a building structure and its components using 3D modeling, generate 2D drawings and access building information.

He explained how TEKLA structure is used in the construction industry for steel and concrete detailing precast and cast-in-situ and how it guides them through the process from concept to fabrication.

Faculty members and students actively participated in the program .The queries from the students and faculty members were effectively replied by the chief guest.

Finally the vote of thanks was delivered by Mr.S.Kishore, second year student and our one day guest lecture was successfully concluded.

RESEARCH CHALLENGES IN FOG ENVIRONMENT FOR IoT SERVICES

The Department of Mechatronics organized a guest lecture on the title, "Research Challenges in Fog Environment for IoT Services". The session was inaugurated by Dr. M. Premkumar, Principal, Paavai Engineering College, held on 16.08.2019

The guest speaker Dr. T. Veni, Assistant Professor, Department of Computer Science and Engineering, National Institute of Technology, Kozhikode. The session was continued on the title "Research Challenges in Fog Environment for IoT Services". At the beginning, she focused on the Introduction of Internet of things and the four pillars of IoT. In order to kindle the curiosity among the students the application of IoT concept and devices were picturized in the form of mind mapping. Different software and hardware components required for IoT was explained with pictures and videos.

“Biomedical Instrumentation and its Application”

A Guest Lecture on “Biomedical Instrumentation and its Application” was organized by the Department of **Biomedical Engineering & Medical Electronics** on 06.09.2019. The guest speaker Mr.M.Ayappadass, Director, Harvey Bio medicals, Koramangala, Bangalore. He expressed his experience to a student which gave him confidence to face the interviews in outside the campus. The session was carried over on the title “Biomedical Instrumentation and Its Application”. He shared the information about the importance of the medical engineering students in the companies worldwide. He told the student to Pay attention, give the speaker your undivided attention and acknowledge the message. Then he noted the various instruments used in the various hospital and its working function. Next he moved to the analytical skill about the company instruments. The encouragement was given to all the students to participate in all the trainings in companies. He gave the positive motivation to all the students to work at with a positive vibration
