In the previous academic year 2019-2020 Odd semester, AE16504- Aircraft performance was identified as result pulling subject and we have plan to conduct remedial class to the slow learners for this subject. Slow learners are identified by the student's performance in previous end semester examinations. Similarly, students having backlogs in their previous semester end examinations can be also considered as slow learners. Remedial class schedule will be announced and attendance of these students for the class work will be monitored.

The following Third year students are asked to attend the remedial class without fail. Attendance is compulsory.

As per previous year odd semester, result pulling subject of In AI19303 - Strength of Materials , we have planned to conduct remedial class to the slow learners of this subject in current semester for the Academic year 2020 -2021 Odd semester. Also the slow learners were identified by their result published from their previous End semester examinations. For the revision of all topics of ongoing subjects, Special coaching class will be conducted after the college hours for those students. Students counselors will be taking special care on their respective students. The schedule of coaching classes will be announced and attendance will be monitored. The attendance of students for their respective Classes were monitored. The following students are asked to attend the class without fail the previous day evening of the scheduled commencement of Continuous Internal Assessment test in their corresponding subject. Attendance is must.

**Remedial Class Graph Analysis Report**

The performance of the slow learners were improved through the periodical continues assessment, remedial classes and timely analysis response as shown in the graph.

In context to improve the results in the end semester exams Nov 2019, remedial classes was scheduled and conducted for the course EC16302 - Digital Electronics before Nov 2020 end semester exams. So that the pass percentage of EC19302 - Digital Electronics was increased from 70.13 % to 91.07 %

In the previous academic year 2019-2020 Odd semester, **ME16304-Fluid Mechanics and Machinery** was identified as result pulling subject and we have planned to conduct remedial class to the slow learners for this subject in the academic year 2020-21 Odd semester. The Slow learners are identified by the student's performance in previous semester end examinations.

The following second year students are asked to attend the remedial class without fail. On the previous day evening of the schedule commencement of Continuous Internal Assessment test in their corresponding subject. The remedial class schedule is given below.

The result of previous year for the course MT-19402 Mechanics of Solids was low while comparing with other subject in that year. The students are identified by the performance in previous end semester examinations for remedial class.

The Special Classes will be conducted after college hours for these students to revise the topics of the course. Remedial class schedule and list of student was given below and attendance of this student class work will be monitored. The following third year students are asked to attend the class compulsory.

### Remedial Class Analysis

The slow learners were observed that the improvement in performance of periodical Continuous Internal assessment tests. The graph is drawn below, based on the remedial classes and timely analysis.

The graph shows in the subject MT19402- Mechanics of Solids by conducting remedial classes for the slow learners before each continuous internal assessment test, the pass percentage (%) of the students got increased.

Thus the pass percentage (%) of the particular subject is 98% when compared to the previous academic year 100%.

**Date:14.04.2021**

In the previous academic year 2020-2021 EVEN semester, BM19401-ANALOG AND DIGITAL INTEGRATED CIRCUITS was identified as result pulling subject and we have plan to conduct remedial class to the slow learners for this subject. Slow learners are identified by the student's performance in previous CIA Marks, activities and Hod recognized students. Similarly, students having backlogs in their previous semester end examinations can be also considered as slow learners. Remedial class schedule will be announced and attendance of these students for the class work will be monitored.

The following Third year students are asked to attend the remedial class without fail Attendance is compulsory.

As per previous year odd semester, result pulling subject of MD19302/Signals and Systems, we have planned to conduct remedial class to the slow learners of this subject in current semester for the Academic year 2020 -2021 even semester. Also the slow learners were identified by their result published from their previous End semester examinations.

For the revision of all topics of ongoing subjects, Special coaching class will be conducted after the college hours for those students. Students counselors will be taking special care on their respective students. The schedules of coaching classes will be announced and attendance will be monitored. The attendance of students for their respective Classes was monitored. The following students are asked to attend the class without fail the previous day evening of the scheduled commencement of Continuous Internal Assessment test in their corresponding subject. Attendance is must.

Date: 17.08.2020

In the previous Academic Year 2019-2020 odd semester, MA19301 - Transforms and Boundary Value Problems was identified as result pulling subject and we have planned to conduct remedial class to the slow learners for this subject in the academic year 2020-2021 odd semester. The Slow learners are identified by their student's performance in previous End semester examinations.

Remedial Class will be conducted after class hours for these students to revise the topics of ongoing semester subjects. Counsellors also will maintain special attention on these students. Remedial class schedules will be announced and attendance of these students for the class work will be monitored.

The following Second Year students are asked to attend the remedial class without fail on the previous day of the scheduled commencement of Continuous Internal Assessment test in their corresponding subject. The remedial class schedule is given below.

S.No	Course Code & Course Name	Name of the Faculty	Time
1	MA19301 - Transforms and Boundary Value Problems	Mrs.C.Manjula	3.00 P.M to 4.00 P.M

### Remedial Class Analysis Graph

The slow learners were observed that the improvement in performance of periodical Continuous Internal Assessment Tests. The graph is drawn below, based on the remedial classes and timely analysis.

The graph shows in the subject MA19301 - Transforms and Boundary Value Problems by conducting remedial classes for the slow learners before each Continuous Internal Assessment test, the pass percentage (%) of the students got increased.

Thus the pass percentage (%) of the particular subject is 93.44% when compared to the previous academic year 64.29%.

Slow learners are identified by the student's performance based on their Higher Secondary marks and the entry form academic level. Similarly students having backlogs in their medium of study, vocational students and class slip test performance can be also considered as slow learners.

Remedial class will be conducted after college hours for these students to revise the topics of ongoing semester subjects. Counselors also will maintain special attention on these students. Remedial class schedule will be announced and attendance of these students for the class work will be monitored.

The following first year students of Bio-Medical are asked to attend the class without fail on the previous day evening of the scheduled commencement of Continuous Internal Assessment test in their corresponding subject. The remedial class schedule is given below.

**Remedial Class Analysis Graph**

The slow learners were observed that the improvement in performance of periodical Continuous Internal Assessment Tests. The graph is drawn below, based on the remedial classes and timely analysis.

The graph shows in the subject MA20101-Matrices and Calculus by conducting remedial classes for the slow learners before each Continuous Internal Assessment test, the pass percentage (%) of the students got increased.

Thus the pass percentage (%) of the particular subject is 89% when compared to the previous academic year 79%.

Slow learners are identified by the student's performance on their first semester and the entry form academic level. Similarly students having backlogs in their medium of study, vocational students and class slip test performance can be also considered as slow learners.

Remedial class will be conducted after college hours for these students to revise the topics of ongoing semester subjects. Counselors also will maintain special attention on these students. Remedial class schedule will be announced and attendance of these students for the class work will be monitored.

The following first year students of Civil are asked to attend the class without fail on the previous day evening of the scheduled commencement of Continuous Internal Assessment test in their corresponding subject. The remedial class schedule is given below.

S.No	Course Code & Course Name	Name of the faculty	Time

The slow learners were observed that the improvement in performance of periodical Continuous Internal Assessment tests. The graph drawn below, based on the remedial classes and timely analysis.

The graph shows in the **CE16601- Design of Steel Structures** by conducting remedial classes for the slow learners before each Continuous Internal Assessment test, the pass percentage (%) of the students got increased.

Thus the pass percentage of the particular subject is (58.54%) when compared to the previous academic year (100%)

Coaching Class Report

The Coaching classes for the students who scored less than 50% of mark in the Continuous Assessment I in the course AI19401 PRINCIPLES AND PRACTICES OF HORTICULTURAL CROP PRODUCTION has been conducted on 06.05.2021. After completion of the class, the performances of the students are improved. The performances of the students are evaluated by conducting Continuous Internal Assessment II. The comparison report is attached with this report.

Coaching Class Schedule

Circular

Ref: AGRI/CIR/CC/2020 -2021/06

Date: 01.06.2021

Slow learners are identified by the student's performance in continuous Internal Assessment II examinations. Coaching class will be conducted for the slow learners of III<sup>rd</sup> Semester B.E.AGRI. The Students concerned are advised to attend the Coaching class from 5.00 P.M to 6.30 P.M for the subjects as mentioned below to improve their academic performance and the attendance of these students for the class work will be monitored.

Coaching Class Report

The Coaching classes for the students who scored less than 50% of mark in the Continuous Assessment I in the course AI16801 SUSTAINABLE AGRICULTURE AND FOOD SECURITY has been conducted on 27.03.2021. After completion of the class, the performances of the students are improved. The performances of the students are evaluated by conducting Continuous Internal Assessment II. The comparison report is attached with this report.

Coaching Class Report - CIA-3

Date: 13.11.2020

The coaching class was conducted for the students who scored less than 50% marks in CIA-2 and absentees for the course EC19302 – Digital Electronics in CIA-2 exam. After completion of the coaching, the performances of students are improved.

Coaching class Report

The Coaching classes for the students who scored less than 50% of mark in the Continuous Assessment I in the ME19304 – FLUID MECHANICS AND HYDRAULIC MACHINES has been conducted on 11.11.2020. After completion of the class, the performances of the students are improved. The performances of the students are evaluated by conducting Continuous Internal Assessment II. The comparison report is attached with this report.

Coaching class Report

The Coaching classes for the students who scored less than 50% of mark in the Continuous Assessment II in the ME19403-KINEMATICS OF MACHINERY has been conducted on 08.06.2021. After completion of the class, the performances of the students are improved. The performances of the students are evaluated by conducting Continuous Internal Assessment III. The comparison report is attached with this report.

Coaching Class Report

The Coaching classes for the students who scored less than 50% of mark in the Continuous Assessment I in the course CM16801 - Alternative Energy Technology has been conducted on 27.05.2021. After completion of the class, the performances of the students are improved. The performances of the students are evaluated by conducting Continuous Internal Assessment II. The comparison report is attached with this report.

Coaching Class Report

The Coaching classes for the students who scored less than 50% of mark in the Continuous Assessment I in the course CM16351 - Fertilizer Technology have been conducted on 28.05.2021. After completion of the class, the performances of the students are improved. The performances of the students are evaluated by conducting Continuous Internal Assessment II. The comparison report is attached with this report.

Ref: CM/CIR/CC/2020 - 2021/16

Date: 28.05.2021

Slow learners are identified by the student's performance in continuous Internal Assessment II examinations. Coaching class will be conducted for the slow learners of III Semester B. TECH - CHEMICAL. The Students concerned are advised to attend the Coaching class from 5.00 P.M to 6.30 P.M for the subjects as mentioned below to improve their academic performance and the attendance of these students for the class work will be monitored.

Coaching Class Report

The Coaching classes for the students who scored less than 50% of mark in the Continuous Assessment II in the course CM16452 - Modern Separation Processes has been conducted on 04.06.2021. After completion of the class, the performances of the students are improved. The performances of the students are evaluated by conducting Continuous Internal Assessment III. The comparison report is attached with this report.

Ref: FT/CIR/CC/2020-2021/03

Date: 03.05.2021

Slow learners are identified by the student's performance in continuous Internal Assessment I examinations. Coaching class will be conducted for the slow learners of III Semester B. Tech Food Technology. The Students concerned are advised to attend the Coaching class for the subjects as mentioned below to improve their academic performance and the attendance of these students for the class work will be monitored.

**CIA II Coaching Class Time Table**

Coaching Class Report

The Coaching classes for the students who scored less than 50% of mark in the Continuous Assessment I in the course MC19401 - Environmental Science and Engineering have been conducted on 10.05.2021. After completion of the class, the performances of the students are improved. The performances of the students are evaluated by conducting Continuous Internal Assessment II. The comparison report is attached with this report.

**Coaching Class Report**

The Coaching classes for the students who scored less than 50% of mark in the Continuous Assessment II in the course FT19403 - Chemical Engineering Thermodynamics and Application in Food Industries has been conducted on 08.06.2021. After completion of the class, the performances of the students are improved. The performances of the students are evaluated by conducting Continuous Internal Assessment III. The comparison report is attached with this report.

Date: 14.9.2020

The coaching class for the students who scored less than 50% of mark and absentees in the Continuous Assessment I in the course has been conducted as per the coaching schedule. After completion of the coaching class, it is notice that the students that some students shown the considerable performance increase in Continuous Internal Assessment II. The rich effectiveness of conducting the coaching class is inferred as a whole for test result. Here with the coaching class comparison report is enclosed.

**Coaching Class Report**

Date: 19.11.2020

The coaching class for the students who scored less than 50% of marks and absentees in the Continuous Assessment II in the course CA20101-Computer Organization has been conducted as per the coaching schedule. After completion of the coaching class, it is notice that the students shown the considerable performance increase in Continuous Internal Assessment I result publish, have also shown the considerable performance increase in Continuous Internal Assessment III (CIA III). The rich effectiveness of conducting the coaching class is inferred as a whole for test result. Here with the coaching class comparison report is enclosed.

S.No	Register Number	Name of the Student	Marks	
			CIA II	CIA III
1	20601003	Bharathi Kannamma.S	AB	61
2	20601011	Loganathan.S	30	53
3	20601012	Madhumitha.M	21	52
4	20601015	Praveen Kumar. M	50	AB
5	20601016	Rajamoorthy.R	23	57
6	20601017	Ranjini.V	18	59
7	20601022	Vaishnavi. R	36	58

**Coaching Class Schedule**

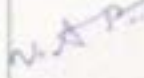

**Circular**

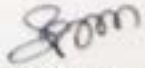

Ref: MCA/CIR/2020-2021/19

Date: 30.04.2020

This is to inform that students who scored below 50% of marks and absentees in Continuous Internal Assessment I (CIA I), have to conduct coaching classes from 15.02.2021 to 19.02.2021 and hereby they are instructed to undergo the coaching classes in the evening (5.00 PM to 6.30 PM) as per the schedule. The first year students are asked to attend the class without fail learning and academic performance.

The staff members are requested to conduct the coaching classes for slow learners as per the schedule given below

S.No	Subject Code / Name	Faculty Name	Date	Signature
1	CA20201 – Data Base Management Systems	Mrs.M.Sivakami	15.02.2021	
2	CA20202 – Web Technology	Mr.S.Senthilvelan	16.02.2021	
3	CA20203 – Python & R Programming	Mr.C.Rathnakumar	17.02.2021	
4	CA20204 – Computer Communication Networks	Dr.V.Annapoorani	18.02.2021	
5	CA20152 – Information Security	Mrs.M.Geetha	19.02.2021
