**SUBJECT - Request for Volunteers from your esteemed Institution**

**Greetings from EKAM Foundation!!**

With COVID-19 numbers rising across the country, the healthcare system is working against all odds to ensure that regular healthcare programmes and services are not adversely affected amid the pandemic. Healthcare workers, across all levels, are working round the clock for COVID-19 and non-COVID-19 essential services in Tamil Nadu.

The lockdown measures, including social distancing norms and travel restrictions, the financial constraints, fear of contracting the virus at facilities, have **negatively impacted the health-seeking behaviour** among pregnant women and new mothers.

In this context, UNICEF (as funding & technical partner) and EKAM Foundation (as implementation partner) have proposed a project on **‘Adaptation and Continuity of RMNCH+A services with special focus on Maternal and Newborn Health Services during COVID-19 in Tamil Nadu.’**

Based on several levels of discussions with the key officials within the Department of Public Health & Preventive Medicine (DPH & PM), NHM and peers, priority areas were identified and notified to UNICEF **(R.NO.043309/MCH 3/A1/2020) dated 31.07.2020**

To complement the Government healthcare service delivery, UNICEF and EKAM will bring together a team of first responders— **Community Health Volunteers (CHV)**— volunteers from the community which will be trained on important maternal and child care practices, monitoring & tracking of maternal and child health outcomes in the community. In the current context, such support from the community will play a significant role in ensuring continuity of maternal and child care. The CHV members will include self-help group members, WASH committee members, youth volunteers from the community etc.

We are looking for

- a. Team of nursing students/NSS Volunteers to support in a phone-based survey to support the mother and child health status update based on the tools**
- b. Team of Master trainers (Nurses, and Students) specialized in Neonatal, Pediatrics, Obstetrics, and Gynecology to transfer the knowledge to the community volunteers and youth volunteers on the topic related to RMNCH+A, including HBMNC, IYCF-ILA approach, RBSK, and RKSK. All the training will be through Zoom Platform. This is to ensure that the community gets strengthen and empowered in RMNCH+A and other mentioned topics and further strengthen RMNCH+A in the state.**

**A certificate of participation and appreciation will be issued by UNICEF and EKAM Foundation**

Details of the project are attached for your reference  
Looking forward to hearing from you.

Regards
