DEPARTMENT OF AERONAUTICAL ENGINEERING CONDUCTING A FDP ON “INTRODUCTION TO AERIAL VEHICLES-EXPANDING HORIZONS WITH UAVS”

The Department of Aeronautical Engineering had organized an online FDP on “Introduction to Aerospace Technical Data Management” from 15.12.2021 to 19.12.2021 in Microsoft Teams.

The Speaker of the session 1 was, Mr J Balakannan MD Jet aerospace aviation and research center presented the topic on “Introduction to UAVs and Drone Technology”. He explained the powered, aerial vehicle that does not carry a human operator, uses aerodynamic forces to provide vehicle lift, can fly autonomously or be piloted remotely, can be expendable or recoverable, and can carry a lethal or nonlethal payload.

On session 2, Speaker Dr VT Gopinathan- Professor/HOD-HICET presented the topic on “UAV Regulations and Safety Compliance”. He discussed the main barriers to rapid full-scale growth of commercial unmanned aircraft is the concern for safety.

Followed by him, on session 3, Mr C Swaminathan Drone World Solutions Pvt Ltd Coimbatore presented the topic on “UAV Systems and Payload Integration”. He explained the process of Sensor Suites, Communication Packages, Supply & Drop Configuration.

On session 4, Dr D Rajasekar Professor/BIT addressed the title on “UAV Flight Control and Autonomy”. He discussed the autonomous drone is able to conduct a safe flight without the intervention of a pilot.

On session 5, Aswin Kumar G -Chief UAV Pilot & GIS Analyst-Unitos Aero drone solutions, Salem delivered the content on “Advanced UAV Communication and Networking”. He explained the role of complex aerial wireless sensing and actuation platforms. The use of UAVs, especially quadrotors, has permeated to all aspects of human life.

On session 6, Dr C Ramesh ASP/AERO Hindustan University, Chennai presented the topic on “High-Resolution Mapping and 3D Modeling with UAVs”.

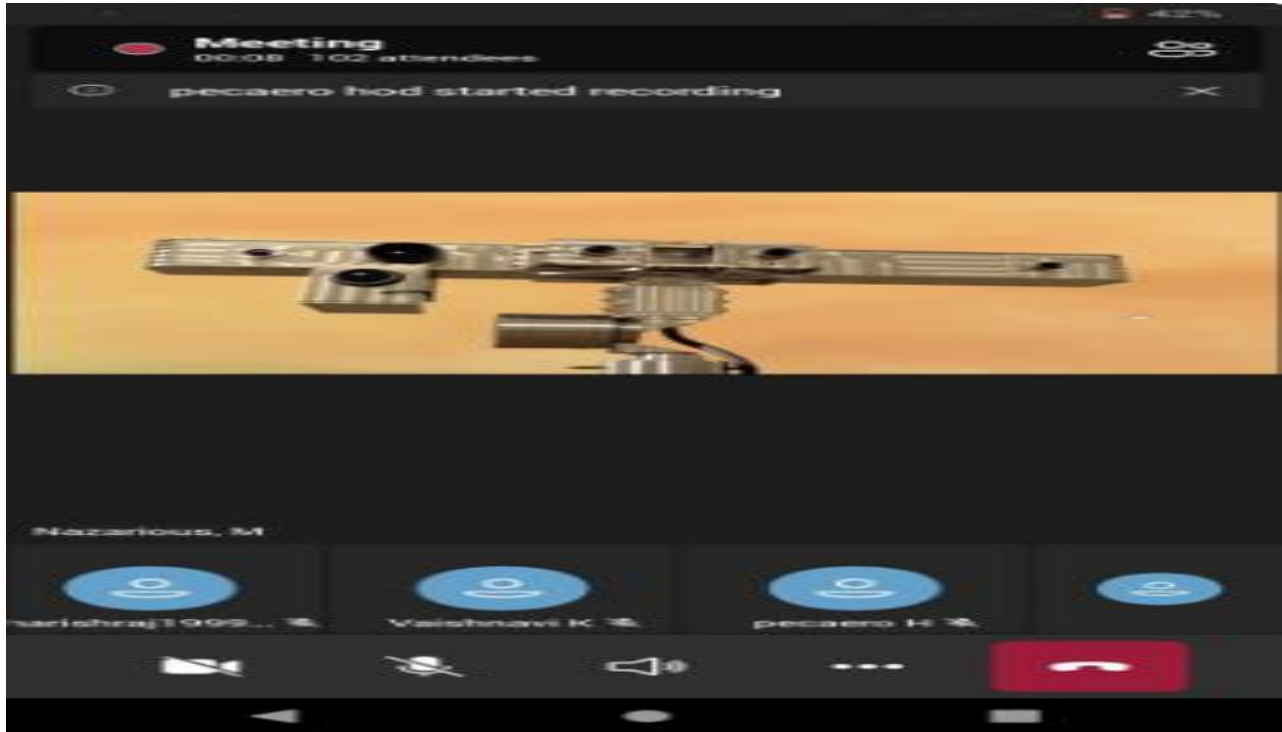

On session 7, Dr.A.Vivekanandhini, HOD,Department of Agriculture Engineering, PEC presented the topic on Precision Agriculture and Environmental Monitoring

On session 8, Ms Arul Jothi, Director-Jet aerospace aviation and research center deliver the content on “Computer Vision and AI Integration in UAVs”

On session 9, M.S.Pavel , Director-Unitos Aero drone Solutions, Salem presented the topic on “UAV Mission Planning and Simulation”

End of the day Dr R Arravind Professor/HOD-Aero-PEC presented the topic on “UAV Maintenance, Diagnostics, and Repair” .He discussed about the UAS Fixed Wing and Multirotor Platforms, UAS Components, Preventative Maintenance, Determining Airworthiness, Common Wear Components and Repairs

The overall session discussion benefitted to the participants. This FDP would help the participants to get basics of aeronautics and scopes for students in India and also in abroad and also it would help them to do their higher studies. There were totally 40 participants are attended.

Dr D Rajasekar Professor/BIT shared the lecture on “UAV Flight Control and Autonomy”.

DEPARTMENT OF AGRICULTURAL ENGINEERING

FDP on Effects Of “Agriculture Techniques On World Hunger”

The Department Of Agriculture Engineering organized a Guest Lecture on “Effects of New Agriculture Techniques on World Hunger” on 04.10.2021 at cute hall. The welcome address was given by Dr.A.Vivekanandhini faculty of Agriculture. The principal, Paavai Engineering College, presided over the function. In his presidential address, he emphasized the importance of this session and made the students enthusiastic to learn from the guest speaker. The chief guest started his session by saying about Hunger which is a big problem in the world as 2019, 8.9% of the world population is unnourished (FAO). He stated that, according to the U.S. department of Health, male adults require about 2000 to 3000 calories per day and adults female require about 1,600 to 2,400 calories per day to maintain a healthy body weight. As per increasing world population rate and continuing decrease in agricultural land, it seems difficult to produce food for such a huge population. To tackle this big problem we need to work more on agriculture techniques to improve the production from

a unit of farm. Many institution are working for the agriculture sector and have developed new technology for agriculture farm throughout the world and these technologies have helped a lot to provide sufficient food for the world population, but still we are unable to provide food for a large number of the population. The new technology in agriculture has made many changes in the system of food production and these technologies increased the productivity of crops. This includes Urban agriculture and vertical farming, Hybrid Seed technology, Animal breeding, Hydroponics, Precision Farming, Protected cultivation, Agriculture robotics. He also said that these would enhance the production of food to produce hunger and prevent children and weaker sections getting malnourished. The session ended up with doubts and questions by our students and the guest solved their doubts Mrs. P. Arthiya faculty of Agriculture proposed the vote of thanks.

Sustainable Solutions in Concrete Technology 12

Sustainable Concrete Solutions

• Sustainable Concrete Practice through Implementing the Life Cycle Perspectives Operations to Lower Overall Footprint

- Minimize energy use
- Reduce emission
- Conserve water
- Minimize waste
- Increase recycled content

Life Cycle Perspectives

Construction Technology Trends with Smart Roads Green Buildings

Self-healing Concrete
Self-healing concrete not only reacts to building vibration, but also for an enormous life span and durability.

Acrylic sealant
Acrylic is a semi-transparent and impermeable by rendering the liquid form a gel, allowing the asphalt to remain with its 80% life.

3D printed houses
3D printing houses will become creating parts off site and constructing the building on another location.

Randomness
Any place is the inevitable. Adapt it to your needs and capture your audience's attention.

Formal value
This slide is 100% editable. Adapt it to your needs and capture your audience's attention.

Transparent Aluminium
Transparent aluminium is a clear crystal like state of matter that is almost as strong as steel.

Robotic Seams Construction
Robotic design construction designed in flexible working. Components work together like a system and construction details are programmed to work together in the material.

Smart Roads
Smart roads are the future of transport and involve sensors and IoT technology to make driving safer and greener.

Smart Bricks
This slide is 100% editable. Adapt it to your needs and capture your audience's attention.

Green Buildings
This slide is 100% editable. Adapt it to your needs and capture your audience's attention.

A Six-days faculty development programme on “Sustainable Concrete Technology and its Construction” was held at Paavai Engineering College, from July 03.01.2022 to 08.01.2022. This FDP will enhance better teaching ability with respect to content and delivery in the area of Application of controlled low strength material for sustainable construction with the help of various examples. The Resource person for FDP is Dr.D.Jaganthan, Professor, Sona College of Tecnology, Dr.E.Ravi, Professor, Vellalar College of Engineering and Technology, Dr.V.Revathi, Professor, K.S.R. College of Engineering, Dr.J.Karthikeyan, Associate Professor, National institute of Technology, Trichy. Dr.Chandrasekaran.P, Professor, Kongu Engineering College, Dr.P.Gajalakshmi Professor, Department of Civil Engineering, B.S.Abdur Rahman Crescent Institute of Science & Technology.

Academic Year 2021-2022

BLOCKCHAIN TECHNOLOGY

15-11-21 to 20-11-21

Department of Computer Science and Engineering organized five days online FDP Entitled as **Blockchain Technology** held on 15.11.2021 to 20.11.2021 at 4.00 pm to 7.00 pm through the Microsoft teams platform. The resource person was, Christy Henitha, Founder and Chief Design Officer, Technizant, Chennai. The session was presided over by the principal Dr.M.Premkumar and he delivers his presidential address. The resource person Introduction given by Dr.N.Magendiran, Associate Professor/CSE. The resource Person, Christy Henitha addressed the gathering about "**Blockchain Technology**". The five days session was more interactive and faculties gained more knowledge regarding Blockchain technologies. The session ended on 20.11.2021 at 7.00pm with vote of thanks proposed by K.Sudhadevi Associate Professor/CSE.

(An Autonomous Institution)

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

REPORT OF FDP ON “EMERGING TECHNOLOGIES IN INFORMATION & TELECOMMUNICATION ENGINEERING”

A Six-day Faculty Development Programme on ‘Emerging Technologies in Information & Telecommunication Engineering’ (FDP-2021) was successfully conducted in the Department of Electronics and Communication Engineering, Paavai Engineering College (Autonomous), Namakkal from 8th to 13th November 2021, organized by the department of Electronics and Communication Engineering in association with IETE – Erode center. The FDP programme received an overwhelming response with an overall 86 participants from Paavai Institutions and other institutions. The programme was inaugurated in the forenoon by Mr.K.Kavinkumar, Honorary treasurer, IETE-Erode Center in the presence of Dr. M. Prem kumar, Principal, Paavai Engineering College, Dr. M.Sudha, Professor and Head, Department of Electronics and Communication Engineering. The inauguration was followed with the welcome address by Dr. M.Sudha, Professor and Head, ECE department. Dr.M.Prem kumar, Principal, Paavai Engineering College delivered his presidential address on the pedagogical aspects of FDP and how it becomes more effective towards student learning among faculty. It also creates the curiosity on pedagogical approach in teaching and learning process. Mr.K.Kavinkumar, Honorary treasurer, IETE-Erode Center delivered his inaugural address on the aspect of technological development in real time scenario. Mr. Boopathi Sakthivel, Founder, CEO & Biomedical Engineer, Prashan Medical Technology, Coimbatore gave his keynote address where he stressed that participants should focus on application of science in addressing various issues as an Engineer. He also cherished the invention of wearable devices which is the base of all technological developments in the world. Dr.R.Mohana Priya, Associate Professor, Department Association coordinator, Mr Sathish, Assistant Professor, Department Event Organizer and Event Organizers Dr.T.Loganayagi, Professor and Dr.R.Pushpavalli, Associate Professor in the department of ECE, Paavai Engineering College, presided over the entire function.

The Speaker of the Day 1 - **Boopathi Sakthivel**, Founder, CEO & Biomedical Engineer, Parshan Medical Technology, Coimbatore presented the topic on “Wearable Technologies”. He discussed the concept of wearable technology and its growth. He projected the benefits and advancements of this technology and explained how this technology works in our day to day life , devices to monitor our fitness level, tracking location, etc., which are hand free and portable packet devices.

On Day 2, Resource Speaker **Dr. G. Ravi**, Associate Professor/ECE, Sona College of Technology, Salem presented the topic on “5G in Everyday Life”. He deliberated the evolution of mobile network and benefits of 5G in day to day life and also he explained how 5G technology is used in real life scenario. He discussed the environmental impacts when this is used in smart agriculture and designing aspect. Also, he discussed about next generation mobile network.

On Day 3, **Dr. Md Rashid Mahmood**, Professor/ECE, Guru Nanak Institutions Technical Campus, Hyderabad, the guest speaker delivered the lecture emphasizing the topic on “Advanced IoT networks”. He projected the clear definition for IoT and its function. He discussed the new phenomenon in IoT like Low Power Wide Area Networks (LPWANs), Cellular (3G/4G/5G), Zigbee and Other Mesh Protocols, Bluetooth and BLE, Wi-Fi, RFID etc. He also explained the IoT adoption with other devices.

On Day 4, Guest Speaker **Dr. R. Lalitha**, Professor/CSE, Rajalakshmi Institute of Technology, Chennai presented the topic on “Digital Twin Technology”. She discussed the concept of virtual model of digital twin technology and virtual representation. She also stated about the need of Digital Twin technology in communication networking. Also, she discussed various types of Virtual models and future scopes.

On day 5, **Dr.V.Agalya**, Associate Professor/EEE, CMR Institute of Technology, Bengaluru as resource speaker delivered the topic on “Green Transportation Technologies”. She discussed about various green public transport vehicles including electric buses and electric train which combines the advantages of green vehicles with those of sustainable transport choices. She also projected the working of the transportation. She explained about the various impact which is caused on our environment by the other transport choices like cycling and human powered vehicle and animal powered transport which gives very low impact to the

environment.

Last day of this FDP series, Day 6 Guest speaker **Dr.M.Packia Sudha**, Assistant Professor/EEE, Coimbatore Institute of Technology, Coimbatore presented the topic on "IoT Device Management Techniques". She explained the integration of IoT device with network and she delivered the importance and requirements for IoT Device Management in mobility management. She shared her experience in teaching methodology and how pupil has made great progress since those pioneering efforts.

Finally, on behalf of ECE department, Mr.S.Loganathan Assistant Professor gave the Vote of thanks along with Dr.M.Sudha, Prfoessor and HoD, ECE department

The objective of the FDP was achieved. The overall session discussion benefitted the faculty members. This FDP would help the participants to get more knowledge about the advancements in telecommunication engineering and also it would help them to get direction in their research area.

Day 1		Overview, Importance and Goals of Sustainable Development Dr. K. Senthil, Associate Professor, Department of Mechanical Engineering, SSM University, Chennai.
Day 2		Growing Energy Demand and Power Scenario in India Dr. E. Jagatheesan, Assistant Professor, Dept. of EEE, Pava Engineering College, Namakkal.
Day 3		Solar Thermal Energy Conversion Systems and its Research Challenges Dr. S. Manikandan, Research Assistant Professor, Department of Mechanical Engineering, SSM University, Chennai.
Day 4		Implementing Sustainable Development Goals in Greenhouse Sector Dr. Suresh Kumar, Design consultant, Alpha Foundation India Private Limited, Coimbatore.
Day 5		Business Certification-based Incentives for Improving the Livelihood of Rural Community Dr. S. Sakthivel, Assistant Professor (Senior), School of Mechanical Engineering, VIT, Vellore.
Day 6		Sustainable Development and its Energy Sector Dr. V. R. Lakshmi, Assistant Professor, Dept. of Mechanical Engineering, K. J. Somaiya Institute of Technology and Sciences, Mumbai.

About the Institution

Pava Engineering College was established in the year 2001 to impart quality technical education. It is self-financing institution approved by All India Council for Technical Education. This institution was founded by Dr. C. S. V. Narasimhan, an author by profession and became an Educationalist. Pava Institutions, aspire to be the source of excellence for learning in Engineering, Technology, Management and Paramedical Sciences. To add more feathers to Pava Institutions, many colleges are emerging year after year. At present, there are 3 Engineering Colleges, a Polytechnic College, an Arts and Science College for Women, a College of Education, Pava IIG Academy, a College of Nursing and Research, a College of Pharmacy and Research, a CRR School, and a Matriculation School. Pava Engineering College has been accredited by NBA and accredited by NAAC (2021) with 'B' Grade. Faculty members of pava are endowed with high qualification and rich experience. Pava arranges for periodical visits by erudite Professors, Scientists, Educational administrators and Achievers from all walks of life to enrich the knowledge of staff / students in their respective field of study.

About the Department

The vibrant EEE department was started in the year 2002 and at present the department has one PD courses. The department has been accredited by NAAC and NBA. In the changing scenario of higher education and emergence of knowledge society, the department strives to develop students to face the challenges. The Department is enriched with more than 20 qualified faculty members who lay emphasis on the knowledge content, ability value and latest developments. Electrical and Electronics Engineering - a precious blend of two respective streams of Engineering Engineering - a Production from Renewable energy resources will be the prime factor to future era. Our curriculum fortifies the students with coherent knowledge in the related fields of energy management of modern power system and shows them to add the coherence of future. The Department has always been proactive in its academic planning and believes in gaining the first-mover advantage.

About the FDP:

In recent as well as modern days Energy plays the major role in all sector for living comfort life. Energies are retrieved from various renewable and nonrenewable energy resources like hydro, thermal, solar, wind and biomass etc. In addition the availability of nonrenewable sources are day by day decreased and its cause pollutions in environment. In this connection we are moving towards sustainable energy and by compromising present energy demand without affecting future generation needs and energy demand balance. The main goal of this FDP is to provide the brief overview about power scenario, sustainable energy sources and its importance along with various goals available in sustainable energy. Also delivers the various energy conversion methods from different renewable energy sources and challenging in the development of greenhouse gases. In addition position in energy generation from bio mass and impact of sustainable energy in green building development.

FDP
on
Needs and Challenges in Sustainable Energy Development

The Department of EEE, Paavai Engineering College has conducted a guest lecture on the title, Needs and Challenges in Sustainable Energy Development on 26.07.2021 To 31.07.2021 via Microsoft Team platform. Dr.M.Premkumar, Principal, presided over the function and insisted the students to consider this kind of guest lecture as a forum to discuss on Needs and Challenges in Sustainable Energy Development for effective electrical engineers.

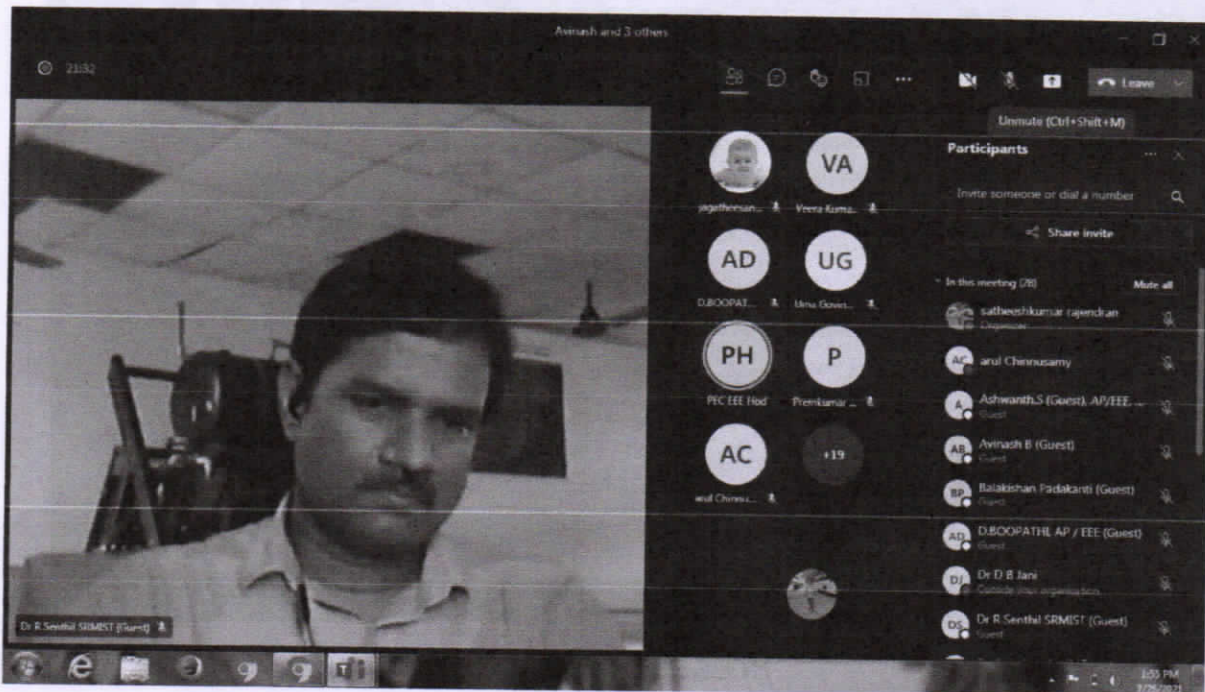

Dr.R.Senthil, Associate professor, SRM University, Chennai, Dr.K.Jagatheesan, Assistant Professor, Paavai Engineering College, Dr.S.Manikanan, Research Assistant Professor, SRM University, Chennai, Dr.V.SureshKannan, Design consultant, Alisha Pneumatics India Pvt Ltd, Dr.D.Sakthivadivel, Assistant Professor (Senior), VIT, Vellore, Dr.V R Lenin, Assistant professor, Anil Neerukonda Institute of Tech and Science, Visakhapatnam, was the guest speaker. In his lecture, guest speaker explained about Sustainable energy is a form of energy that meets our today's demand of energy without putting them in danger of getting expired or depleted and can be used over and over again. Sustainable energy should be widely encouraged as it does not cause any harm to the environment and is available **widely free of cost** and Among the factors are **growth of economic nationalism and protectionism**, rising opposition to continued reliance on hydrocarbons for energy, the rapid fall in the price of energy from renewable sources and the shift toward electric vehicles

Ms.S. Savitha third year EEE welcomed the gathering and Mr.S.Sivaselvamoorthy of third year EEE proposed the vote of thanks.

Desiccant dehumidification based temperature/humidity control system

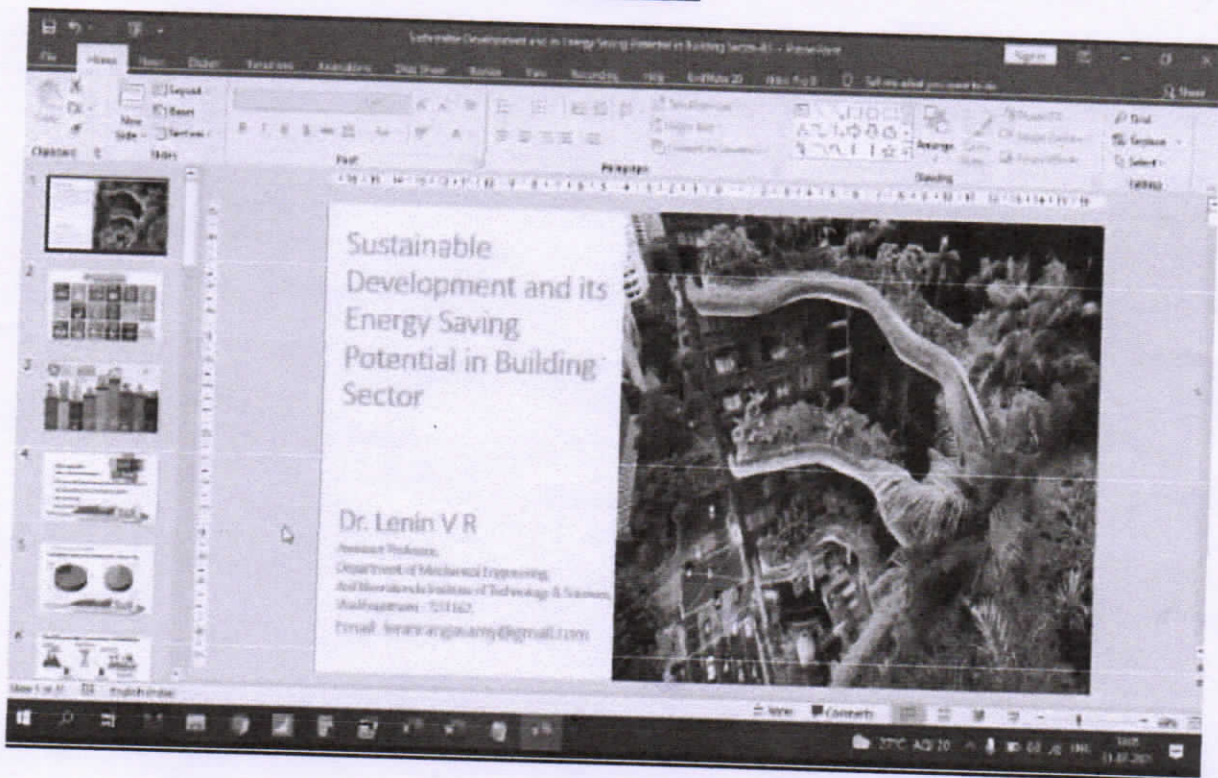

Diagram illustrating the desiccant dehumidification based temperature/humidity control system for a greenhouse. The system includes a desiccant wheel, a heat exchanger, and a cooling coil. The process flow is as follows:

- 1- Exhaust air
- 2- Desiccant wheel
- 3- Pre-cooled air
- 4- Cooling coil
- 5- Regeneration air
- 6- Outdoor air
- 7- Heat exchanger
- 8- Desiccant wheel
- 9- Pre-heated air
- 10- Heating coil
- 11- Outdoor air
- 12- Heat exchanger
- 13- Desiccant wheel
- 14- Pre-cooled air
- 15- Cooling coil
- 16- Regeneration air
- 17- Outdoor air
- 18- Heat exchanger
- 19- Desiccant wheel
- 20- Pre-heated air
- 21- Heating coil
- 22- Outdoor air
- 23- Heat exchanger
- 24- Desiccant wheel
- 25- Pre-cooled air
- 26- Cooling coil
- 27- Regeneration air
- 28- Outdoor air
- 29- Heat exchanger
- 30- Desiccant wheel
- 31- Pre-heated air
- 32- Heating coil
- 33- Outdoor air
- 34- Heat exchanger
- 35- Desiccant wheel
- 36- Pre-cooled air
- 37- Cooling coil
- 38- Regeneration air
- 39- Outdoor air
- 40- Heat exchanger
- 41- Desiccant wheel
- 42- Pre-heated air
- 43- Heating coil
- 44- Outdoor air
- 45- Heat exchanger
- 46- Desiccant wheel
- 47- Pre-cooled air
- 48- Cooling coil
- 49- Regeneration air
- 50- Outdoor air
- 51- Heat exchanger
- 52- Desiccant wheel
- 53- Pre-heated air
- 54- Heating coil
- 55- Outdoor air
- 56- Heat exchanger
- 57- Desiccant wheel
- 58- Pre-cooled air
- 59- Cooling coil
- 60- Regeneration air
- 61- Outdoor air
- 62- Heat exchanger
- 63- Desiccant wheel
- 64- Pre-heated air
- 65- Heating coil
- 66- Outdoor air
- 67- Heat exchanger
- 68- Desiccant wheel
- 69- Pre-cooled air
- 70- Cooling coil
- 71- Regeneration air
- 72- Outdoor air
- 73- Heat exchanger
- 74- Desiccant wheel
- 75- Pre-heated air
- 76- Heating coil
- 77- Outdoor air
- 78- Heat exchanger
- 79- Desiccant wheel
- 80- Pre-cooled air
- 81- Cooling coil
- 82- Regeneration air
- 83- Outdoor air
- 84- Heat exchanger
- 85- Desiccant wheel
- 86- Pre-heated air
- 87- Heating coil
- 88- Outdoor air
- 89- Heat exchanger
- 90- Desiccant wheel
- 91- Pre-cooled air
- 92- Cooling coil
- 93- Regeneration air
- 94- Outdoor air
- 95- Heat exchanger
- 96- Desiccant wheel
- 97- Pre-heated air
- 98- Heating coil
- 99- Outdoor air
- 100- Heat exchanger

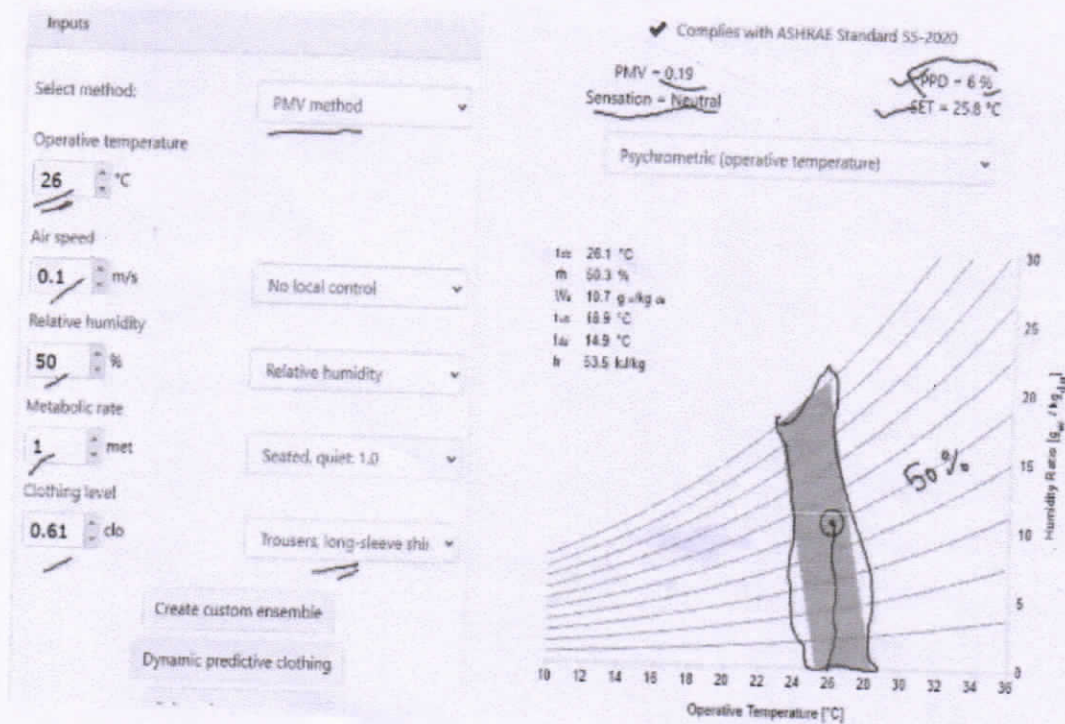

Psychrometric chart showing the process flow.

Feed back Day-6

PAAVAI ENGINEERING COLLEGE (Autonomous)

Department of Mechanical Engineering

Five days Faculty Development Programme on

“Design Considerations – Heat, Ventilation, Refrigeration and Air conditioning in Industry”

The Department of Mechanical Engineering organized a Five days Faculty Development Programme on **“Design Considerations – Heat, Ventilation, Refrigeration and Air conditioning in Industry”** from 25.04.2022 to 29.04.2022 to create awareness among the faculty about the HVAC(Heat, Ventilation, Refrigeration & Air-Conditioning) industry and its potential in India and abroad. **Mr.Sriram Sridhar, Regional Sales Manager, Aalberts Hydronic Flow Control, Dubai, United Arab Emirates** was the Guest Speaker. The Director –Administration, **Dr. K.K.Ramasamy**, and the Principal, **Dr.M.Premkumar** provided the required support and guidance to conduct the programme. The webinar was convened by Professor & Head of the Department, **Dr.A.P.Sivasubramaniam** and coordinated by Professors **Dr.K.Sundaramurthy** and **Dr.V.Subburam**.

Mr.SriramSridhar, explained how the HVAC industry is growing world-wide and its future market potential. Given the increasing Global Warming trend, the demand for cooling facilities are bound to grow, he stated. He also explained through PPTs, the different types of system available to provide cooling to a shopping mall or theatre or stadium that include using chilled water through tubes. This cooling technique is finding wide application even in India, he further added. He also urged the students to observe and learn about the cooling systems used in shopping malls or any other public facilities when they visit there. He also advised the students to study for knowledge and not for scoring in exams and provided lot of information about the job opportunities in this field. Demonstrations and various activities were conducted in the FDP programme which spanned across 5 days.

INVITATION

DEPARTMENT OF MECHATRONICS

The Management, Director Admin, Principal, HOD
and Staff Members cordially invite you for the

Faculty Development Programme on
“Recent Trends and Challenges in Robotics and Automation”

by

Dr.T.Sekar
Associate Professor,
Department of Mechanical Engineering,
Government College of Technology,
Coimbatore.

Mr.S.Ramprakash
Manager-Integrated Components and Solutions,
Caterpillar India Engineering Solutions Private Limited,
Chennai.

Dr.Praveenkumar Subramanian
Assistant Professor (Sr.G),
Department of Mechatronics,
Kongu Engineering College,
Perundurai, Erode.

Date : 20/12/2021 to 22/12/2021

Time : 10.30 A.M to 12.30 P.M

Venue : Online Mode

ALL ARE WELCOME

PAAVAI ENGINEERING COLLEGE (AUTONOMOUS)

Approved by "AICTE" / ACCREDITED WITH GRADE A BY NAAC /

PAAVAI ENGINEERING COLLEGE
(AUTONOMOUS)
DEPARTMENT OF MECHATRONICS
FACULTY DEVELOPMENT PROGRAMME

Recent Trends and Challenges in Robotics and Automation

Outline

- What is Robotics?
- History
- Laws
- Types
- Humanoid Robots
- ASIMO
- Social Issues

A three-day faculty development programme on **“Recent Trends and Challenges in Robotics and Automation”** was held at Paavai Engineering College, from January 20.12.2021 to 22.12.2021 in online mode. Robotics and automation are the future of industries and businesses across the world with increasing demand. There are many challenges in robotics and automation implementation for newer drives. Significant research in design is to be made to have cost effective and economical robotics and automated applications. Over the last few years, significant amount of research and development is in progress to implement advanced technologies for robotics and automation developments. In the proposed FDP, It has been planned to offer the participants, a comprehensive approach for the development in robotics and automation such as advanced controller design and network analysis, smart sensors and finding the right solutions for the application specific challenges.

Thus the three-day faculty development programme on **“Recent Trends and Challenges in Robotics and Automation”** was successfully completed in effective manner. All members involved were delighted with this learning initiative and value addition experience. The feedback received conveyed that the programme was intellectually enriching and qualitatively engrossing. The programme accomplished its set objectives and was a grand success.

**PAAVAI ENGINEERING COLLEGE
(AUTONOMOUS)**

**THREE DAYS FACULTY DEVELOPMENT PROGRAMME
ON
RECENT TRENDS AND CHALLENGES IN ROBOTICS AND AUTOMATION
ORGANISED BY DEPARTMENT OF MECHATRONICS**

Date: 20-12-2021 to 22-12-2021

Venue: Online Mode

HEAD OF THE DEPARTMENT
MECHATRONICS ENGINEERING
PAVAI ENGINEERING COLLEGE

NH-7, PACHAI (Po) NAMAKKAL - 637 018

Dr. M. PREMKUMAR, M.Sc, Ph.D
PRINCIPAL
PAVAI ENGINEERING COLLEGE

NH-7, PACHAI (Po) NAMAKKAL - 637 018

PAAVAI ENGINEERING COLLEGE

(AUTONOMOUS)

Pachal, Namakkal-637 018.

INVITATION

DEPARTMENT OF BIOMEDICAL ENGINEERING

AND

MEDICAL ELECTRONICS

The Management, Director Admin, Principal, Deans, CoE, HODs

And Staff Members cordially invite you for the

Faculty Development Programme
on

“BIOSENSOR AND INSTRUMENTATION”

By

Dr.S.Atheena Milagi Pandian

Founder and CEO

Atheenapandian Private Limited, Tenkasi

Date : 14.03.2022 to 18.03.2022

Time : 9.30 A.M to 4.00 P.M

Venue : Cute Hall

ALL ARE WELCOME

Paavai Engineering College (AUTONOMOUS)

Pachal, Namakkal

Department of Biomedical Engineering and Medical Electronics

Academic Year 2021-2022

Five Days FDP on Biosensor and Instrumentation

The Faculty Development Organized an in-House FDP for the Faculty of Biomedical Engineering and Faculty of Medical Electronics Engineering of Paavai Engineering College on 14.03.2022 to 18.03.2022 on the title "Biosensor and Instrumentation". Dr. S. Atheena Milagi Pandian (Founder and CEO of Atheenapandian Private Limited) was the Forenoon Session on 14.03.2022. He Explained about the Innovation in Biomedical Technologies. Mr.Boopathi Sakthivel (Founder, CEO and Biomedical Engineer of Prashan Medical Technology) Handled the following Session on 15.03.2022 Where he explained about Roles and importance of sensors in Medical Equipment. Dr. P. Srinivasan (Professor – Department of Physics, National Institute of Technology, Silchar, Assam) explained about Innovation about the biosensors and explained about the design of biosensors on 16.03.2022. Dr.K. Venkatraman (General Manager, Biovision Medical Systems, Chennai), He Explained about Trends and Technologies of Instruments of Biomaterials on 17.03.2022. A Session on 18.03.2022 involved the Staff Members work on basic Hospital oriented Biosensor Instruments. Dr.T.Arun Kumar HOD / Biomedical Engineering Graced the Programme.

HoD

ABOUT THE INSTITUTION

PAAVAI ENGINEERING COLLEGE (An Autonomous institution) was started in the year 2001 and promoted by PAAVAI VARAM EDUCATIONAL TRUST with the basic principle of providing purposeful, goal oriented technical education and establishing a center of excellence in Engineering & Technology. The college is approved by AICTE, Accredited by NBA, and Accredited by NAAC (UGC) with "A" grade and affiliated to Anna University, Chennai. The college has the vision to strive to be a globally model institution all set for taking a 'lead-role' in grooming the younger generation socially responsible and professionally competent to face the challenges ahead. It has obtained research grants from ICMR, AICTE, TNSCST, MHRD and other funding agencies. The college attracts outstanding students by virtue of its discipline, modern infrastructure, Library and faculty. The Centre of excellence are IIT Bombay resource center, EMC2Academic alliance, ORACLE Academy, Paavaisoft Innovation center, and Infosys Campus Connect.

ABOUT THE DEPARTMENT

The Department Of Chemical Engineering came into existence in the year 2015. The Department offers Undergraduate program in Chemical Engineering. The department is much focused to deliver a high quality of education to the students. It has well equipped labs for the students to enhance themselves with practical applications. The Department creates opportunities for their students to think out of box in order to get molded as world class professionals, capable of contributing to the welfare of society. The faculty members are having good research, teaching experience and have registered for five Patents. The faculty members has received research grants from AICTE, TNSCST, FAER and other funding agencies. The Department constantly motivates the students and faculty members for the collaborative projects and research groups.

ORGANISING COMMITTEE

CHIEF PATRONS

Shri. CA. N. V. Natarajan
Chairman, Paavai Institutions.

Smt. Mangai Natarajan
Correspondent, Paavai Institutions.

PATRONS

Dr. K. K. Ramasamy
Director - Administration, Paavai Institutions.

Dr. M. Premkumar
Principal, Paavai Engineering College.

CONVENER

Dr. G. Srinivasan
Professor & Head, Department of Chemical Engineering.

ORGANISING SECRETARIES

Mr. D. Sreenivasan
Assistant Professor (S. G)

Mr. D. Dhanaraja
Assistant Professor (S. G)

COORDINATORS

Mr. K. Maruthathurai

Faculty Development

Programme on

Design and Industrial

Application of Heat Exchangers

Date : 21.12.2021 to 24.12.2021

Organised by

Department of Chemical Engineering
Paavai Engineering College
NH-44, Pachal, Namakkal—637018
(An Autonomous Institution Affiliated to Anna University, Chennai)

<https://pec.paavai.edu.in>

Faculty Development Programme on Design and Industrial Application of Heat Exchangers

RESOURCE PERSONS

The sessions will be handled by experts from various reputed institutions and industry

21.12.2021:

Dr.M.Rajasimman

Professor,

**Department of Chemical Engineering,
Annamalai University.**

22.12.2021:

1. Dr.K.Saravanan

Kongu Engineering college, Perundurai.

2. Dr.S.Saravanan

CEO,SP,Enviro tech solution, Tirupur.

23.12.2021:

Mr.N.Rajkumar

AE,Tamilnadu pollution control board,

Erode.

23.12.2021:

Mr.Sarvankumar

Cotton blossom india private limited,

Perundurai.

24.12.2021:

Dr.G.Srinivasan

**Paavai Engineering college,
Namakkal.**

WHO SHOULD ATTEND?

- Registration is open to faculty members of the AICTE approved institutions
- No fee will be charged to faculty members

SELECTION PROCESS

- Participants are limited
- The selection will be based on first - come - first - serve basis and the selected candidates will be informed through email

IMPORTANT DATES

- Registration commences : 11/12/2021
- Last date of registration : 14/12/2021
- Intimation of selection : 15/12/2021

MODE OF TRAINING

- Through online mode

REGISTRATION LINK

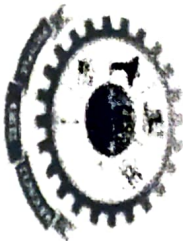

<https://forms.gle/6wrhxbhte14vlnas6>

CERTIFICATES WILL BE ISSUED

- Based on the session attendance and the test performance at the end of the programme, certificates will be issued

INVITATION

DEPARTMENT OF INFORMATION TECHNOLOGY

**The Management, Director Administration, Director Placement,
Principal, Deans, CoE, HoDs, Faculty members**

**Cordially invite you for the
Five day Faculty Development Programme (online) on**

“Development in IT Sector”

By

Guest Speakers

- 1. Dr. P. Kamalakannan**, Professor,
Sri Rajalakshmi engineering college, Chennai.
- 2. Dr. K.Ramesh**, Professor,
Sri Krishna College of Technology, Coimbatore.
- 2. Mr.Sabarathan** , Technical Manager ,
Gateway Software Solution
- 4.Dr.S.V.Subburaj**, Director ,
VVV College for Women, Madurai.
- 5.Dr.Ganesh. V**, Professor ,
CVR College of Engineering, Hyderabad

Date : 09.07.2021-13.07.2021

Time : 10.00 A.M TO 1.00 P.M

ALL ARE WELCOME

PAAVAI ENGINEERING COLLEGE (AUTONOMOUS)

APPROVED BY "AICTE" | ACCREDITED WITH GRADE BY NAAC | NH-44, PACHAL, NAMAKKAL-637018
DEPARTMENT OF INFORMATION TECHNOLOGY
PROUDLY PRESENT

A Five Days Faculty Development Program on: "Data analysis with Python"

Date: 09/07/2023 to 13/07/2023

Time: 10.00AM to 01.00PM

Registration link:

<https://forms.gle/jWFaAcU6W8sfRgw7>

QR CODE :

Note:

E-Certificate will be provided

No Registration fee ☑

Meeting will be
conducted on:

Resource person:

Dr.C.KamalaKannan-Professor
Rajalakshmi Engineering College, Chennai
09/07/2023

Dr.K.Ramesh -Professor
Sri Krishna College of Technology, Coimbatore
10/07/2023

Mr.Sabarainathan -Technical manager
Gateway Software Solutions, Coimbatore
11/07/2023

Dr.S.Subburaj -Director
VVV College for Women, Madurai
12/07/2023

Dr.V.Ganesh -Professor
CVR College of Engineering, Hyderabad
13/07/2023

Day 1: Data analysis

Day 2: Python Network

Day 3: C# Software Development

Day 4: Javascript servlet program

Day 5: Cloud and Azure

Convener:

Mr.B.Venkatesan,
Associate Professor & Head
Department of Information Technology.

Co-ordinators:

Mrs.M.Pushpalatha- Associate Professor

Mr.S.Sakthivel- Assistant Professor

Department of Information Technology

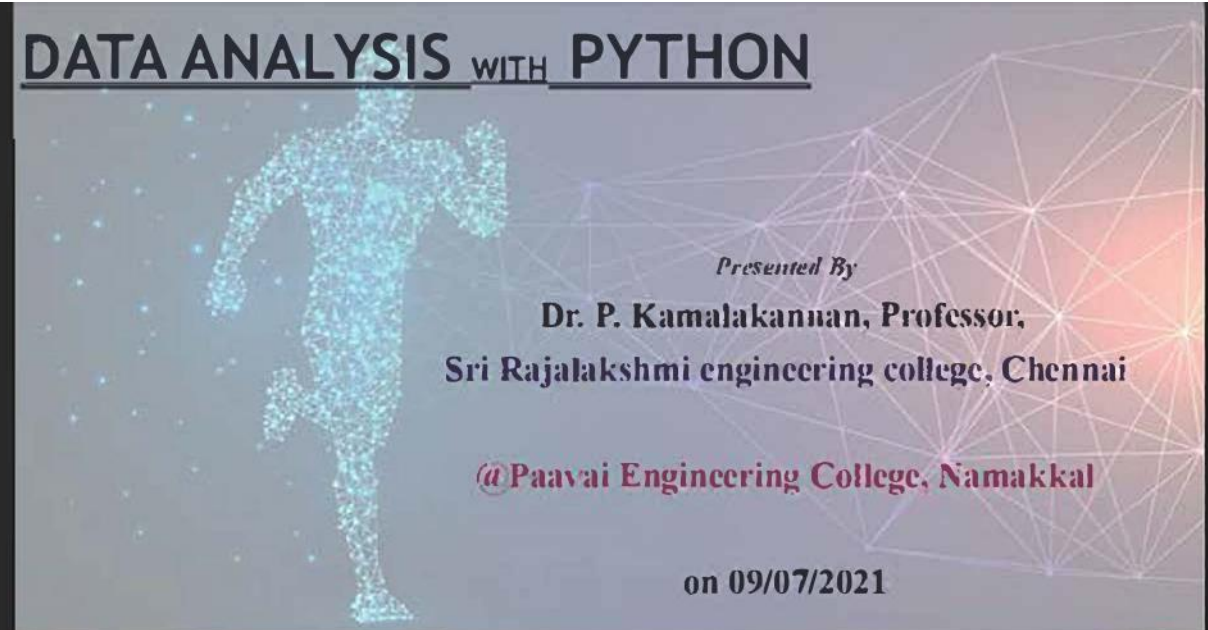

Faculty Development Programme on “Development in IT Sector” on 09.7.21 - 13.7.21

Department of Information Technology, Paavai Engineering College organized A Five-Day Faculty Development Programme on “Development in IT Sector” on 9th July 2021 to 13th July 2021 through online. Head of the Department / IT Mr.B.Venkatesan welcomed the gathering. In the presidential address, Dr.K.Selvi Dean Academics, motivated the faculty members by all means by making them to participate themselves in this programme.

The Day 1 class was on “Data Analysis” which covers the concept extensively and initiated by Dr. P. Kamalakannan, Professor, Sri Rajalakshmi engineering college, Chennai. “**Python Network**” subject topic was discussed on Day 2 by **Dr. K.Ramesh**, Professor, Sri Krishna College of Technology, Coimbatore. Mr.Sabarinathan , Technical Manager ,Gateway Software Solution elaborated the topic “**C# Software Development**” on Day 3.The topic “**Java Script and Servlet**” was illustrated by Dr.S.V.Subburaj , Director , VVV College for Women on Day 4. **Dr.Ganesh. V**, Professor ,CVR College of Engineering, Hyderabad explained the topic “**Cloud and Azure**”on Day 5. In this faculty development programme Various highlights and application in all the topics helped us to understand better and the way they took the seminar made some impact on us and hoping that, this will improve our career to a greatest extent. It was very good learning experience.

At the end of faculty development programme, the vote of thanks was proposed by Mr.S.Rajesh ASP/IT. The Programme was very helpful to us in progressive career development .

The image is a screenshot of a Zoom meeting. The main content is a presentation slide with a white background and a black border. At the top center, the title "CLOUD AND AZURE" is written in a large, bold, black serif font. Above the word "AND" is a small grey rectangular button with the text "Click to exit full screen". Below the title, the text "Presented By" is centered in a small black font. This is followed by "Dr.Ganesh.V" in a larger, bold black font, then "Professor ," in a smaller black font, and "CVR College of Engineering, Hyderabad" in a medium-sized black font. Below this, "@Paavai Engineering College, Namakkal" is written in a medium-sized, bold, dark red font. At the bottom center of the slide, "On 13.07.2021" is written in a medium-sized black font. At the bottom of the Zoom window, there is a dark grey bar containing a row of 18 circular icons, each with a different colored background and a white letter. The letters from left to right are: TA, R, RS, RR, PR, SN, SS, Z, MN, SS, K, AP, MN, PH, P, PH, and CS. To the right of these icons, there is a small text label "All of them" and another small text label "CVR College of Engineering".

ABOUT THE INSTITUTION

PAAVAI ENGINEERING COLLEGE (An Autonomous Institution) was founded in the year 2001 and promoted by PAAVAI VARAM EDUCATIONAL TRUST with the basic principle of providing purposeful, goal oriented technical education establishing a center of excellence in Engineering and Technology. The College is approved by AICTE, accredited by NBA and NAAC (UGC) with "A" grade and affiliated to Anna University, Chennai. The Vision of the College is to strive to be a global model Institution all set for taking a 'lead-role' in grooming the younger generation to be socially responsible and professionally competent to face the challenges ahead. It has obtained research grants from ICMR, AICTE, TNSCST, MHRD and other funding agencies. The College attracts outstanding students by virtue of its discipline, modern infrastructure, good library and excellent faculties. The Sources of Excellence are IIT Bombay's Resource Center, EMC2 Academic Alliance, ORACLE Academy, Paavaisoft Innovation Center, and Infosys Campus Connect.

ABOUT THE DEPARTMENT

The Department of Food Technology came into existence in the year of 2018. The Department offers Undergraduate Programme in Food Technology. The department is much focused to deliver a high quality of education to the students. It has well equipped laboratories for the students to enhance themselves with practical applications. The Department creates opportunities for its students to think out of box in order to get molded as world class professionals and capable of contributing to the welfare and development of societies. The faculty members are having good research, teaching experience and have registered for more patents. The faculty members have received research grants from AICTE, TNSCST and other funding agencies. The Department constantly motivates the students and faculty members for the collaborative projects and research works.

FACULTY DEVELOPMENT PROGRAMME ON

"FOOD SPOILAGE AND PRESERVATION TECHNIQUES"

RESOURCE PERSONS

The sessions will be handled by experts from various reputed institutions and industry

26.12.2021

Dr. J. J. Prakash Maran

Associate Professor, Periyar University,
Salem.

Topic: Food Spoilage and Preservation

27.12.2021

Dr. S. Chittibabu

Adjunct Faculty, IIPT,
Thanjavur.

Topic: Entrepreneurship and Management

28.12.2021

Dr. S. K. Mohana

Professor, The Kavay College of Engineering,
Salem.

Topic: Food Analysis Techniques

29.12.2021

Mr. R. Balasubramani

Professor and Head, Paavai Engineering College,
Namakkal.

Topic: Food Adulteration

WHO SHOULD ATTEND?

- ♦ Registration is open to faculty members of the AICTE approved institutions.
- ♦ No fee will be charged to faculty members.

SELECTION PROCESS

- ♦ Participants are limited.
- ♦ The selection will be based on first-come - first-serve basis and the selected candidates will be informed through email.

IMPORTANT DATES

- ♦ Registration commences: 18/12/2021
- ♦ Last date of registration : 20/12/2021
- ♦ Intimation of selection : 24/12/2021

MODE OF TRAINING

- ♦ Through online mode

REGISTRATION LINK

<https://forms.gle/gkTaj2sPOsTH3L787>

CERTIFICATES WILL BE ISSUED

- ♦ Based on the session attendance and the test performance at the end of the programme, certificates will be issued.

PAVAI ENGINEERING COLLEGE

PACHAL Post, NAMAKKAL Dist.

11-7

ABOUT THE INSTITUTION

PAAVAI ENGINEERING COLLEGE (An Autonomous institution) was started in the year 2001 and promoted by PAAVAI VARANI EDUCATIONAL TRUST with the basic principle of providing purposeful, goal oriented technical education and establishing a center of excellence in Engineering & Technology. The college is approved by AICTE, Accredited by NBA, and Accredited by NAAC (UGC) With A* grade and affiliated to Anna University, Chennai. The college has the vision to strive to be a globally model institution all set for taking a 'lead-role' in grooming the younger generation socially responsible and professionally competent to face the challenges ahead. It has obtained research grants from ICMR, AICTE, TNSCST, MHRD and other funding agencies. The college attracts outstanding students by virtue of its discipline, modern infrastructure, Library and faculty. The centre of excellence are IIT Bombay resource center, EMC2 Academic alliance, ORACLE Academy, paavaisoft Innovation center, and Infosys campus connect.

ABOUT THE DEPARTMENT

Department of Pharmaceutical Technology was established in the year 2018. It explores the subject of manufacture of pharmaceuticals and drugs, chemical engineering and computation. The courses are designed to impart knowledge on various aspects of drug design, development, testing, and safe and effective use of drugs/medicines including drug delivery systems. The courses provide a unique fusion of biology with engineering and technological concepts to develop skillful processes/techniques for designing, procuring and evaluating various kinds of drugs and drug delivery systems. The courses also provide a unique opportunity to pharmacy professionals to serve the humanity by alleviating the discomfort, pain and sufferings (caused by various diseases) through discovery and development of safe and effective drugs/medicines. The laboratories are well equipped with various sophisticated machinery required for imparting knowledge to the students regarding various formulations, processing and testing equipment used in the manufacturing of pharmaceutical dosage forms like tablets, capsules, liquids, semi-solids, parenteral and novel drug delivery systems.

ORGANISING COMMITTEE

CHIEF PATRONS

Shri. CA. V. Natarajan
Chairman, paavai Institutions.

Smt. Mangai Natarajan
Correspondent, paavai Institutions

PATRONS

Dr. K. Ramasamy

Director - Administration, paavai Institutions.

Dr. M. Premkumar

Principal, paavai Engineering College

CONVENER

Dr. R. Praveen Kumar
Professor & Head, Department of
Pharmaceutical Technology.

Assistant professor

FACULTY DEVELOPMENT PROGRAMME ON

**Advanced Approaches in Synthesis
of Drugs**

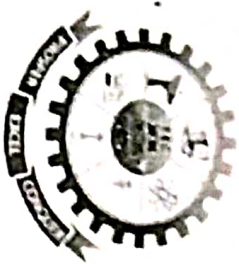

Date : 16.08.2021 - 20.08.2021

Organised by

Department of Pharmaceutical Technology
Paavai Engineering College
NH-44, pachal, Namakkal-637018
(An Autonomous Institution Affiliated to
Anna University, Chennai).

<https://pec.paavai.edu.in>

PAAVAI ENGINEERING COLLEGE

(Autonomous)

NH-44, Pachal, Narmakkal - 637018

Faculty Development Programme on Advanced Approaches in Synthesis of drugs

RESOURCE PERSONS

The sessions will be handled by experts
from various reputed Institutions and industry.

16.08.2021

Dr. Venkata Ramana

Asst. Manager - production

Nacto Pharma Ltd.

Andhra Pradesh

17.08.2021

Dr. Aravinda Raj, PhD

General Manager, Head

Lyrus Life Science Pvt. Ltd.

Bangalore.

18.08.2021

Y. Lakshmi Prasad

Group solution leader

Brace Enterprises Pvt. Ltd.

Hyderabad.

19.08.2021

Dr. M. Surianarayanan

Senior principal scientist

CSIR - Central leather Research Institute

20.08.2021

Dr. G. Pugazhenthi

Professor / Chemical Engineering

IIT Guwahati

WHO SHOULD ATTEND ?

* Registration is open to faculty members of
the AICTE Approved institutions.

* No fee will be charged to faculty members.

SELECTION PROCESS

* Participants are limited.

* The selection will be based on first - come -
first - serve basis and selected candidates
will be informed through email.

IMPORTANT DATES

* Registration commences. : 28/07/2021

* Last date of registration. : 11/08/2021

* Intimation of selection. : 12/08/2021

MODE OF TRAINING

* Through online mode

REGISTRATION LINK

<https://forms.gle/Bwrhxzbhte14jina56>

CERTIFICATES WILL BE ISSUED

* Based on the session attendance and the
best performance at the end of the
programme, certificates will be issued

Report of Faculty Development Programme on "INVESTOR AWARENESS AND EDUCATION"

REPORT:

The Department Of Management Studies, Paavai Engineering College (Autonomous) In Association With Sraddha Academy For Financial Education Organized Faculty Development Programme On "Investor Awareness And Education" On 14th June to 18th June 2022. Ms.S. Ramya First Year MBA done the Master of Ceremony. Dr.S.Sumathi Professor and Head/MBA, Welcomed the gathering. Dr.K.S.Kavitha Assistant Professor (SG)/MBA delivered chief guest addressing and the session was handed over to the chief guest Mr.Shankar Sundaresan Founder & CEO Sraddha Academy For Financial Education & Security Market Trainer – SEBI.

He gave Awareness to the Faculty Members On Safe Investment and Investment in Mutual Funds. He explained the ideas of investing in mutual funds and number of ways to do a proper investment. Then the session is opened for the participants for queries. Then the vote of thanks was proposed by Ms.V.Priyankadevi Assistant Professor/MBA.

(Autonomous)

Affiliated to Anna University – Chennai

NH-7, PAAVAI NAGAR, PACHAL

NAMAKKAL – 637018

TAMILNADU

Website: www.paavaippec.org

PAAVAI ENGINEERING COLLEGE was started in the year 2001 under **PAAVAI VARAM EDUCATIONAL TRUST** constituted by eminent professionals – a leading chartered accountant, an industrialist and a Pediatric surgeon with the basic principle of providing a purposeful, goal oriented technical education and to establish a centre of Excellence in Engineering and Technology. The Institute is Approved by AICTE, Affiliated to Anna University, Chennai, NBA and NAAC with 'A' grade accredited. Currently the Institute 10 Under Graduate Programmes and 8 Post Graduate Programmes in Engineering Technology. The College attracts outstanding students by virtue of its Discipline, Modern Infrastructure, Library, and Cosmopolitan culture prevailing in the campus.

DEPARTMENT OF MCA

The Department of MCA is a unique center in offering computer education at **PAAVAI ENGINEERING COLLEGE** established in 2002. It has dedicated faculty members with specialization in different areas of Computer Applications and Information Technology with rich experience in academics, Industry and Research. The Department has well equipped centrally air conditioned spacious laboratories with modern equipment.

OBJECTIVES OF THE SEMINAR

After the Seminar the participants will be able

- To understand the concept of system administrative process.
- To know and use various Operating System commands.
- To select suitable control programming concept.

Input

- Fundamental concept of System administrative control.
- Developing the knowledge of Linux Commands.

Process

- Lecture cum Demonstration

Output

- Participants will be able to understand concepts and develop the system administrative along with the latest version of UNIX.

Faculty development Programme on Physics of functional materials and devices

Department of Physics organized a one-day faculty development programme entitled “Physics of functional materials and devices” on 04.10.2021 to 07.10.2021 for enrich the smart and functional materials knowledge of faculty members. Dr. M.Premkumar, Principal of Paavai Engineering College who presided over the function. Mrs. S.Kavitha, HOD of Physics delivering key note address regarding the functional materials and devices which is used in nanomaterials. She also stressed out the usage of smart materials and functional materials in our day-to-day life to student community for better understanding the Engineering field.

Faculty Development Programme on “RECENT ADVANCES IN NANOCHEMISTRY”

A Five day online Faculty Development Programme (FDP) on “RECENT ADVANCES IN NANOCHEMISTRY” was conducted by department of chemistry, Paavai Engineering College on 07.03.2022 to 11.03.2022. Dr.G.Raja, Head of the Department of chemistry, Paavai Engineering College was the resource person. On the whole, this FDP programme was beneficial to all the faculty members of Chemistry belong to Paavai Institutions. Dr.K.Selvi, Dean Academics, welcomes the gathering and suggested the faculty members to make use of the opportunity to develop their knowledge in new topics.

From this programme, the faculty members learnt the basic concepts of Nanoscience and its applications. Nanomaterials are designed and synthesized for some specific function with proper surface morphology and tailored properties. We present a comprehensive overview of the recent research and development of functional materials. The challenges and research opportunities in the fabrication process of nanomaterials, and the functional fabrics selection are discussed. The manufacturing processes in terms of self-assembly, wrapping, grafting from, grafting onto, and one-pot synthesis are discussed in detail. In addition, the characterization, followed by modeling and analysis of nanomaterials are described with the importance of searching and identifying the relationship in fundamental structural properties. Challenges in the fabrication process of nanomaterials are addressed in their future prospects in different technical and scientific fields. The session ended up with doubts and questions by our staffs their doubts. N.Vijayanand, ASP/Chemistry proposed the vote of thanks.

FACULTY DEVELOPMENT PROGRAMME
Academic Year 2021-2022

The Faculty Development Department organized a five-day orientation programme for the recently recruited faculty members to make them familiar with the institutional practices and the instructional strategies of teaching and learning, because teachers are considered to be the pillars of Paavai. The orientation programme was held from 05.10.2021 to 09.10.2021 in two batches at Prestige Hall. 70 faculty members from Paavai institutions attended the orientation programme.

The Inauguration was held at Prestige hall on 05.10.2021, where in Shri.CA.N.V.Natarajan, the Chairman explained the importance of teaching profession and he insisted the qualities of teachers as reading books, developing vocabulary, involvement in teaching, and evaluating one's self should be adhered. Finally he highlighted that Self-recognition, Self-realization and self-actualization should be done by the teacher for further enhancement and professional growth of a teacher. Dr.K.Selvi, PCT Principal, welcomed the gathering.

The objectives and methodology of the orientation programme were read out by Dr.K.Subashini, Professor, FDD. After the inauguration, the technical sessions commenced. Dr.K.K.Ramasamy, Director Administration, Paavai Institutions, Dr. K.Selvi, Principal, PCT,

Dr.M. Prem Kumar, Principal, PEC, Dr.B.Murali Babu, CoE, Dr. K.Subashini, Professor, FDD, Dr.D.Bhanumanthy, HoD/CSE, Dr.Shanthi, HoD/Eng, Dr.Mohanapriya, ASP/ECE, and Mr.Elavarasan Yoga trainer were the resource persons for the programme who threw light on areas such as , ‘Professional ethics and responsibility of teachers’, ‘Paavai culture’, ‘Attitude’, ‘Triple S relationship’, ‘Pedagogy of teaching and learning’, ‘Stress management’, ‘Communication skills’, ‘Online teaching tools and techniques’ and ‘Yoga’.

Dr.K.K.Ramasamy, Director Administration, expounded on the different roles and responsibilities of the teachers. He advocated the practical method of teaching to reach out to the students of all categories. He also stressed the importance of observation skill and it should be developed by the teacher. Various examples related to different branches of study and environment were explained. Dr.K.Selvi, Principal, PCT explained the significance of Paavai Culture, Paavai Mantra and Paavai belief. Dr.M.PremKumar, Principal, PEC, emphasized the importance of developing a right attitude to serve as worthy members of Paavai. He explained that. ‘One’s attitude determines one’s Altitude’. Dr.B.Murali Babu, CoE elaborated on the significance of ‘Triple S relationship’. He stated that the relationship of a faculty member with the students, other staff members, and superior should have the line of boundary for maintain healthy relationship. Dr.K Subashini, professor, FDD emphasized the pedagogy of teaching and learning. She further highlighted the different strategies and techniques of teaching and learning to make the classroom interactive and interesting.

Dr.D.Bhanumathy, HoD, CSE explained the Stress management with various activities. Dr.Shanthi, HoD, Eng elaborated on the importance of English language and communication skills. She further highlighted the various skills for developing English language. Dr.Mohanapriya, ASP, ECE explained the importance of online teaching tools and techniques. She demonstrated the various app for teaching online and she engaged the participants in online tools and their optimum utilization for making learning effective.

Each resource person explained, elaborated and had an interactive session with the faculty members. Around nine topics had been handled in these four days. Throughout the orientation the members were assisted to hone their LSRW skills. Me-Chart preparation, peer teaching and evaluation, were undertaken by the faculty members. Every faculty gave a model presentation of their teaching units and feedback was given then and there to enhance the procedure of the effective teaching. Different kinds of activities such as Ice breaking event, Number game, Communication game, memory games were also conducted to keep up

the excitement of teaching and learning. Campus tour was arranged for the inductees. The programme thus catered to the needs of the inductees and the Faculty Development Department expressed its willingness to be

With them as and when required.

The valedictory function was held on 13.10.2019 at Prestige hall by 04.30 p.m. All the faculty members recorded their feedback. Smt. Mangai Natarajan, the correspondent felicitated the gathering by explaining the multiple roles of teachers in adhering to the ethics and the responsibilities of the profession. She highlighted the idea that the teachers should act as a facilitator, guide, controller and counselor to the students in bringing out the best in them and make them realize their potentials to successfully complete their studies. With this the orientation programme came to an end.

DEPARTMENT OF FACULTY DEVELOPMENT
FACULTY REVALIDATION PROGRAMME
Academic Year 2021-2022

The inauguration of Faculty Re validation Programme (FRP) for the academic year 2021-22 for the faculty members of Paavai Engineering College, Paavai College of Engineering, Paavai College of Technology, Paavai Polytechnic College, Paavai Arts and Science college for Women, Paavai college of Nursing and Research, Paavai college of Pharmacy and Research and Paavai Institute of Allied Health Sciences were held in the Smart Hall at 02.00 p.m. on 20.04.2022. The programme started with the prayer song.

Smt.MangaiNatarajan, Correspondent, Paavai Institutions, inaugurated the event by lighting the kuthuvilakku and delivered the felicitation address. The welcome address was given by Dr.K.Selvi, Principal, Pavai college of Technology. The chairman, delivered the inaugural address, he insisted that this FRP is a healthy exercise for the faculty members to enrich, develop, update, their professional skills in teaching and learning process. He said that Paavai is the guiding torch to the youth folk. The teachers' role is to impart quality teaching to the students. He further highlighted that every teachers' day is celebrated with great reverence by the students by doing padhapooja to their respective teachers. This forum provides an opportunity for the faculty members to exhibit their contextual knowledge and the teaching skills for the betterment of themselves and to the students' community at large. He concluded that the teachers should make use of this platform at a

proper sense with right attitude and excel in their life. Smt.MangaiNatarajan, Correspondent, Paavai Institutions, felicitated the gathering. She explained that the purpose of teaching is to have clarity in thoughts, words and expressions. She also highlighted the role of teacher. She said that the presenters should have the thirst to learn and update their knowledge and skill from the seniors and experts on the panel. She expressed that the technical terms play a vital role in the learning Process of the students and she insisted that the teacher should make use of technical terms to make learning experiences meaningful. She concluded that the teaching-learning should take place simultaneously and the teacher should interact with the brains of the young minds.

Next, Prof.A.S.Kandasamy, retired Chief Engineer, TNEB and Prof.Emeritus stated that the knowledge of the fundamentals is very important for every teacher to teach clearly and confidently. He highlighted that mere mugging of subjects and reproducing in exam may get a degree, but it would not provide employability so, it is very important for every teacher to understand the subject and teach effectively to make students employable. All the principals of Paavai Institutions graced the occasion. With this Inauguration came to an end.

The Faculty members of Paavai Institutions presented their topics and the expert members of Faculty Revalidation Programme gave their observations, corrections and suggestions to improve their domain knowledge and pedagogical skills.Totally 122 faculty members of Paavai Institutions presented their topics.
