ALUMNI GUEST LECTURE ON
"HYDROPONICS"**

The Department of Agriculture Engineering has conducted an Alumni Guest lecture entitled "**HYDROPONICS**" on **05.09.2022 (Monday)**. Nearly 250 students of Agriculture Engineering department, Paavai Engineering College attended the lecture. Resource person of the day our student 2016-2020 Batch, **Mr. R. Venkateshan. B.E., Research and Development in Hydroponics, IGO in agri tech Farm, Chennai**, flabbergasted the students with the knowledge of automation in hydroponics and various sensors used in monitoring the unit. He also enlightened the students about the water resources suitable for hydroponics. The students interacted with the subject expertise with their queries and illuminated themselves.

GUEST LECTURE
ON
“MODERN AGRI ENGINEERING REVOLUTION”

The Department of Agriculture Engineering had conducted a “Guest Lecture” Entitled on “Modern Agri Engineering Revolution” on 15.02.2023 (Wednesday). The students of Agriculture Engineering Department of Paavai Engineering College attended the Guest Lecture Programme. Our Principal **Dr. M. Premkumar** felicitated the function and invited our chief guests. The session is then handover to chief guest **Shri. M Annadurai, Managing Director, Santhosh Agri Machinery, Salem**. He presented the working of various Modern Agri Equipments as per Current trends with excellent explanation of Demo Models as videos such as Santhosh-2227 Multi crop chopper, Santhosh-9050 Tree Puller, Santhosh-2229 Hay Rake, Santhosh – 939 Sorghum Crop Cutter, Santhosh – 941 Reaper Binder, Kartar-933 Round Baler, Santhosh-938 Mini Round Baler, Santhosh-934 Inline Square Baler. The students interacted with their queries and asked for various innovations required for their further development of various equipments. The function ends with a feedback session.

Paavai Engineering College

(Autonomous)

Department of Computer Science and Engineering

“Innovation and Startup Eco System”

The Department of Computer Science and Engineering along with Department of Cyber Security in association with the Institution Innovation Council(IIC) organized a webinar on the topic “INNOVATION AND STARTUP ECO SYSTEM” on 23.08.2022 through Online Mode. Dr. D. Banumathy , HOD of CSE gave the presidential address. Sindhu Palanivel of final year CSE gave her welcome address. The guest speaker Mr. B. Krishnakumar, Managing Director, New Technology Mobile Service Center and Training Institute, Coimbatore, delivered the guest lecture on the topic “INNOVATION AND STARTUP ECO SYSTEM”. He explained that for a startup company, the main objective must be strategically to convert service cost centre into revenue centres for brands Hence for a startup it is important to have clear goals. He also reminded of Prime Minister Narendra Modi’s goal of Make in India which gives our Indian mobile companies the opportunity to make a startup IT software company that focuses on democratizing technology in order to compete with International players. He focused on “Building credibility and scaling with limited resources is always a factor for any growing startup,” Fixing a problem and resolving itself is a massive business target. He elaborated on hardware and Software related issues . He explained about low investment affair since expenditures are mainly for a few essential spares, promotion, tools & equipment and furniture. He highlighted that students can start this service with funding in the range of Rs 50000 to Rs 1 lakh . The students interacted and gained knowledge about practical issues related to smart phone security and troubleshooting. The guest lecture was informative and the students were motivated for startup ideas. C .Yashika of III year cyber security proposed the vote of thanks. A total of 298 students and the faculty members attended the online webinar.

HOD / CSE

Paavai Engineering College

(Autonomous)

Department of Computer Science and Engineering

“Cyber Security and the Threats of Mobile Devices”

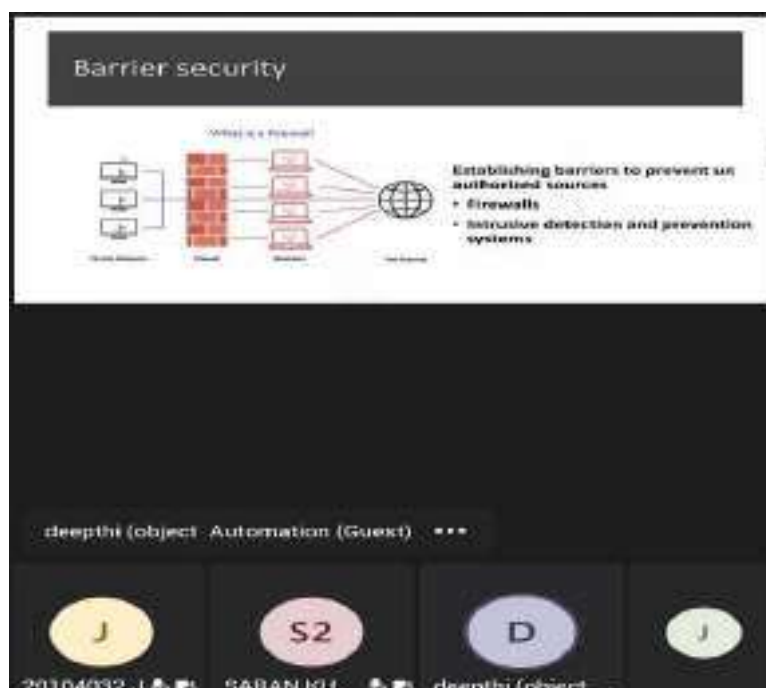

The Department of Computer Science and Engineering along with The Department of Cyber Security, the CSI-Student chapter in association with Object Automation, Chennai organized a workshop on the topic “CYBERSECURITY AND THE THREATS OF MOBILE DEVICES” on 03.09.2022 through Online Mode. Dr. M.Premkumar, Principal Paavai Engineering College, gave the presidential address. Roshini.V of third year CSE gave the welcome address. The resource speakers, Dr.T.Sudhakar, Associate professor, VIT-AP University, Amaravathi and Mrs.Deepthi, Junior AI Engineer, Object Automation, Chennai presented the workshop on the topic “CYBERSECURITY AND THE THREATS OF MOBILE DEVICES”.

Mr Sudhakar explained about cybersecurity risks posed by mobile devices. He elaborated on how to protect ourselves from mobile security threats. He illustrated how the mobile devices are subjected to different kinds of attacks and Vulnerability. Mrs.Deepthi detailed about how attackers gain unauthorized access to a Database and how they add malicious code to steal our information. She also illustrated real time SQL injection examples.

The students interacted and gained experience about cyber security attacks and mobile Security. The workshop was interactive and informative.

Dharshini SR of third year Cyber Security proposed the vote of thanks. A total of 250 Students and the faculty members attended this online workshop.

“Need for Innovation”

The Department of Computer Science and Engineering in association with Institution's Innovation Council organized an online Seminar on the topic “Need for Innovation” on 30.11.2022.

The welcome address was given by Selvi S.Rosini, II Year/CSE. The presidential address was given by Dr.M.Premkumar, Principal, Paavai Engineering College. He insisted on various activities of our IIC&EDC cell and the importance of this seminar. Earlier Selvan E.Shri Hari, II Year/CSE, introduced the Chief Guest.

Mr.M.V.Mahesh, Innovation Ambassador, AP(Sr.G)/ECE, KSR Institute for Engineering and Technology, tiruchengode, commenced the session with a quote “Innovation is equal to Creativity and Commercialization”. He highlighted on the importance of Innovation for Engineering. He also explained about the various innovative ideas for sustainable development. He carried out the session with a real example of BILL FORD. He concluded the session by insisting us to develop innovative ideas.

The vote of thanks was delivered by Selvan K.Lakshmanan, II Year/CSE. A total of 114 students and the faculty members attended this seminar.

Paavai Engineering College (Autonomous) Department of Computer Science and Engineering

“How to become a Data Scientist”

The Department of Computer Science organized an Alumni Guest Lecture Series on the topic “HOW TO BECOME A DATA SCIENTIST” on 15.02.2023 in kalam’s chamber.

Dr. M. Premkumar, Principal of Paavai Engineering College gave the presidential address. He discussed, there is always a healthy competition between CSE department and other engineering fields in terms of placement. Nowadays non IT people learning our core technologies and have been working in IT sectors. He insisted to update our knowledge regularly. A.Ragavi, of second year CSE gave the welcome address. V. Soundariya Lakshmi, of second year CSE gave introduced the Guest speaker. The guest speaker Mr. A. Sanjay Sreekumar, Data scientist, Accolite Digital Pvt. Ltd. (organ stanley) presented an Alumni Guest Lecture Series on the topic “HOW TO BECOME A DATA SCIENTIST “. The objective of this program is to make Engineering graduates to understand the importance of Data Science in this emerging IT world. He discussed about how Big Data and tools are used to sharpen relevant skills in data science. He explained “Tableau” and “PowerBI” which is a data analytics platform that allows you to share big data insights. He also discussed how data scientist can expect to spend time using programming language to sort through, analyse, and manage large chunks of data. He further highlighted important programming languages used for data science include python, R, SQL, SAS. He exemplified how to process Big data by using Apache Spark framework. He informed about the fields of finance, Medical sector, Army, and E-commerce employ the more data scientists. He concluded with the difference between Data Analyst, Data Engineer, and Data Scientist. He also added, If one wants to become a data Scientist, he/she must possess the above designation priorly to be qualified data scientist. The Guest Lecture was informative, and the students were motivated for successful plans. P.G Priyadarshini of second year CSE proposed the vote of thanks. A total of 230 students and the faculty members attended the offline seminar.

**Paavai Engineering College
(Autonomous)
Department of Computer Science and Engineering
“Python for Data Science, AI and ML Development”**

The Department of Computer Science organized a Guest Lecture Series on the topic “Python for Data Science, AI and ML Development” on 18.03.2023 in Offline Mode at kalam’s chamber.

S.Deva dharshini,, of second year CSE delivered the welcome address. Dr. M. Premkumar, Principal of Paavai Engineering College delivered the presidential address. In his speech he emphasize the importance of AI with classical example, it creates curiosity among the audience . S.Arthi, of second year CSE introduced the Guest speaker. The guest speaker Mr. N.Jaganathan, Technical Lead, Tech Star, Bangalore presented a Guest Lecture Series on the topic “Python for Data Science, AI and ML Development’. The objective of this program is to make Engineering graduates to understand the importance of Data Science along with machine learning in this emerging IT world. He discussed about how Big Data and tools are used to sharpen relevant skills in data science. He also discussed how data scientist can expect to spend time using programming language to sort through, analyse, and manage large chunks of data. He further highlighted important programming languages used for data science include python, R, SQL. He differentiated machine learning and artificial intelligence. He discussed about new tools and methodologies are needed to manage the vast quantity of data being collected, to mine it for insights and to act on those insights when they’re discovered. He exemplified how the specific practical applications of AI include modern web search engines, personal assistant programs that understand spoken language, self-driving vehicles and recommendation engines, such as those used by Spotify and Netflix. He illustrated what are the environment. He also explained different types of machine learning methods and algorithm used for classification and training the models. He concluded with different machine learning applications like Healthcare, Insurance, Telecommunications, Automotive, and Energy.

The Guest Lecture was informative, and the students were motivated for successful plans. Ashif Ahamed ,of second year CSE proposed the vote of thanks. A total of 230 students and the faculty members attended the offline seminar.

“Intellectual Property Rights and IP Management for Startup”

The Department of Computer Science and Engineering in association with Institution’s Innovation Council and ISTE organised a Workshop on the topic “Intellectual Property Rights and IP management for startup” on 12.04.2023. The objective of this workshop was to provide knowledge about IPR which is to reward human intellect by providing exclusive rights to the creators over their inventions, artistic, musical works, etc.

The welcome address was given by Selvi J.Najila Farveen, II Year/CSE. The presidential address was given by Dr.M.Premkumar, Principal, Paavai Engineering College. He insisted on various activities of our IIC&EDC cell and the importance of this workshop. Earlier Selvi V.Soundariya Lakshmi, II Year/CSE, introduced the Chief Guest.

Dr.V.Nagaraj, Managing Director, Trueline Research Private Limited, Salem commenced the session with a quote “Innovation is equal to Creativity and Commercialization”. He highlighted the importance of Innovation for Engineering. He has discussed the meaning of intellectual property and intellectual property rights, the international regime of IPR and laws relating to IPR in India. He carried out the session with a real example of BILL FORD. He concluded the session by insisting the participants to develop innovative ideas. The vote of thanks was delivered by Selvi S.Narmada, II Year/CSE. A total of 210 students and the faculty members attended this workshop.

Entrepreneurs, on 28.06.2022-Microsoft Teams**

A One-day webinar was conducted by the Department of Aeronautical Engineering and Institution's Innovation Council (IIC-PEC) on 28.06.2022 on the title "Accelerator/ Incubation Opportunities For Students & Faculties- Early Stage Entrepreneurs" at Paavai Engineering College (Autonomous). The students of Aeronautical engineering attended the Webinar given by Mr. Chaitanya Khanna, COO Aero.in, HR & Marketing Head, Astrionics, New Delhi. He gave a brief presentation among the students regarding the entrepreneurship efforts to transform individual academic expertise and research results into intellectual property, marketable commodities, and economic development, thereby enhancing faculty and student professional status. He elaborated Incubation Opportunities for students and faculties as Early-Stage Entrepreneurs. Earlier, Welcome address and Chief Guest Introduction was given by Ms M Sathya and vote of thanks by Ms K Premiga of Third year Aeronautical Engineering. The Head of Department, faculty members of the Aeronautical department and IIC members graced the function with their presence and a total of 90 students attended the Webinar.

Webinar on
"ARTIFICIAL INTELLIGENCE IN DRONE TECHNOLOGY"

Webinar- Artificial Intelligence in Drone Technology, on 24.08.2022-Microsoft Teams

An Online Guest Lecture on "Artificial Intelligence in Drone Technology" was organized by the Department of Aeronautical Engineering on 24/08/2022 between 10.00 AM To 11.00 AM. Prof V.Saravana Kumar, Department of Aeronautical Engineering, Hindusthan College of Engineering and Technology, Coimbatore was the Guest Speaker. The objective of the event was to familiarize the students with the scope of A.I in drone technology and the various rules and regulations required to pilot drones.

The Welcome address and chief guest introduction was delivered by Ms.S.Meyyazhagi, student of Final Year Aeronautical Engineering. Faculty members and students of actively participated in the event.Prof V.Saravana Kumar elaborated on the concepts and practices involved in the unmanned aerial vehicle design and analysis with an emphasis on the industrial standards. In his address, he explained about the various Artificial Intelligence technologies that

are currently being used in the design phase of Drones. He also briefed about the drone rules in India and the scope for career opportunities in drone sector. In the end of the session, he answered the questions of the participants. The session ended with a vote of thanks by Ms.Premiga of Final Year Aeronautical Engineering. The event was convened by Professor & Head, Dr.R.Arravind and Co-ordinated by Assistant Professor Mr.K.Gokulnath. All the participated faculty members and students found the program very useful. At the end, Ms.G.Premiga of Final Year Aeronautical Engineering delivered the Vote of Thanks.

Webinar- Future In Drones, on 12.12.2022-Microsoft Teams

An Alumni Guest Lecture on the topic "Future in Drones" was organized by the Department of Aeronautical Engineering on 12/12/2022 between 10.00 AM To 11.00 AM online. Mr.N.Nawaz Basha, Drone Engineer, Vimanna Labs India Pvt Ltd, Thanjavur was the Guest Speaker. The objective of the event was to familiarize the students with the scope of drone technology and the various skills needed to begin a career in drone technology. The Welcome address and chief guest introduction was delivered by Ms.S.Meyyazhagi, student of Final Year Aeronautical Engineering. In his address Mr.N.Nawaz Basha explained about the rules and regulations in India for operating drone and procedures for acquiring drone piloting license. Around 60 participants attended the online alumni guest lecture. The session ended with a vote of thanks by Mr.M.Jeeva Kumar of Final Year Aeronautical Engineering. The event was convened by Professor & Head, Dr.R.Arravind and Co-ordinated by Assistant Professor Mr.K.Gokulnath.

Government Agencies:

Civil engineers can work for government agencies such as the:

- Department of Transportation,
- Environmental Protection Agency,
- and the Army Corps of Engineers,

where they can be involved in planning, designing, and implementing public infrastructure projects.

Importance of Field Practice

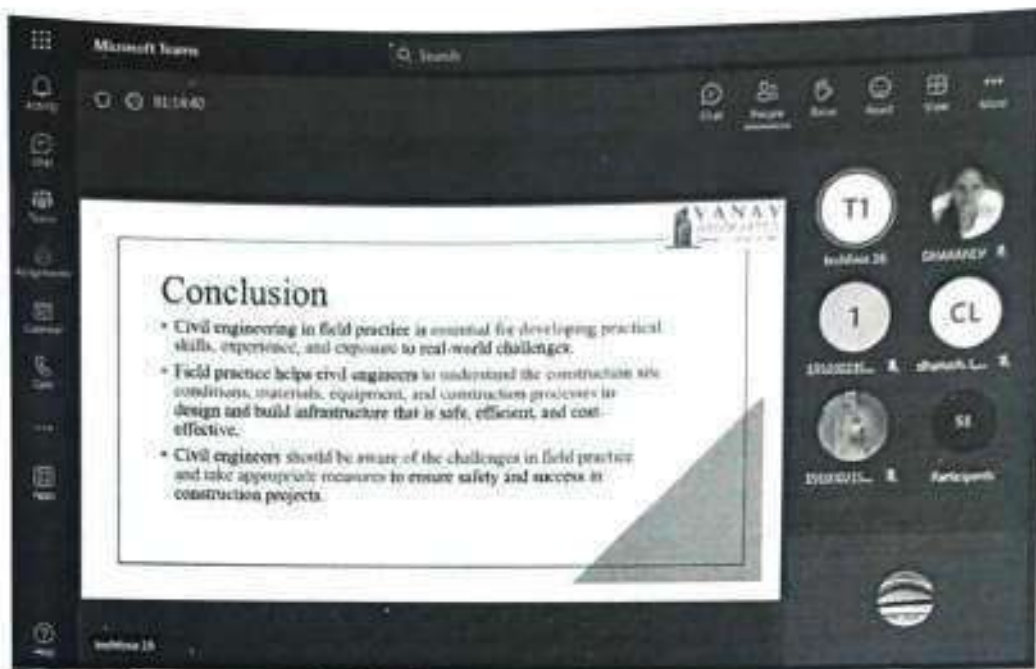

Field practice is crucial for civil engineers as it provides practical experience and exposure to real-world challenges.

Civil engineers need to understand the construction site conditions, materials, equipment, and construction processes to design and build infrastructure that is safe, efficient, and cost-effective.

Field practice also helps in developing problem-solving and decision-making skills that are essential for civil engineers.

**GUEST LECTURE ORGANIZED BY THE DEPARTMENT OF CIVIL ENGINEERING
ON 10.03.2023**

A one-day Guest Lecture on the title **"INNOVATIONS AND PROSPECTS IN CIVIL ENGINEERING"** was organized by the Department of Civil Engineering in association with Paavai Civil Engineering Association, Paavai Engineering College (Autonomous) on 10.03.2023. Ms.P.N.Thenswetha, Third year student welcomed the gathering. Mr.R.Surya, Final year student introduced the chief guest.

Dr.K.Selvi, Dean Academics, Paavai Engineering College delivered her presidential address on this event, she elaborated about the Contribution of Civil Engineers in the development of Construction sector. Mrs.K.Sharmiladevi, Head of the Department introduced the speaker and gave an overview about the need for Innovations in construction Industry.

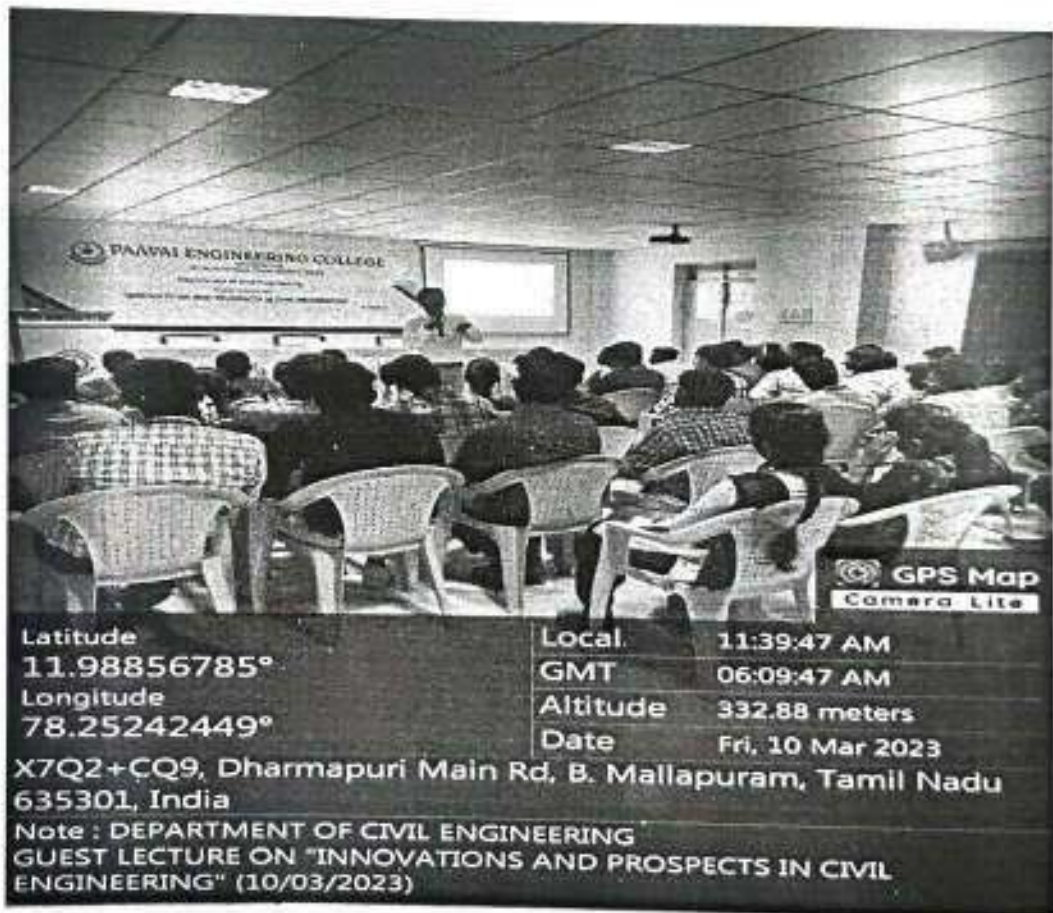

Er.P.Soundarapandian, Senior Section Engineer, Southern Railways, Salem Division was the resource speaker.

He briefed about the various World Wonders and Construction features behind that, what are the challenges Civil Engineers faced while constructing various structures. Also he explained about effective usage of waste in construction industry. Finally he explained about various job opportunities available in different government sectors and gave some web links related to the jobs.. Faculty members and students actively participated in the Guest Lecture and queries from the students were effectively replied by the speaker. Feedbacks by the students were received.

"To be success in Civil Engineering carrier, you must be an Innovator"

Finally, the vote of thanks was delivered by Ms.R.Sharumathi, Third year student and the session was very interactive and knowledgeable.

Prof.K.Sharmiladevi, HoD/Civil, Mrs.S.Rajeswari AP/Civil and Mr.M.Rajkannan, AP/Civil Faculty coordinators along with faculty members, and around 90 participants were present in Guest Lecture.

Report -Design Thinking, Critical Thinking and Innovation Design"

OBJECTIVE:

The main objective of the online workshop titled "Design Thinking, Critical Thinking and Innovation Design" is to give more ideas,

- To motivate students by blending design thinking with critical thinking and to foster innovation that delivers customer centric solutions.
- How to overcome challenges with critical thinking.
- Solve real world problems.

RESOURCE SPEAKER:

Dr.R.KASTHURI BAI, M.A., B.Ed., M.Phil., Ph.D.,
EMERITUS PROFESSOR,
SRI SARADA COLLEGE FOR WOMEN,
SALEM.

OUTCOME:

- Students gained knowledge on design thinking, stages of critical thinking and Innovation.
- They were motivated to solve problems and come up with innovative ideas using thinking process.

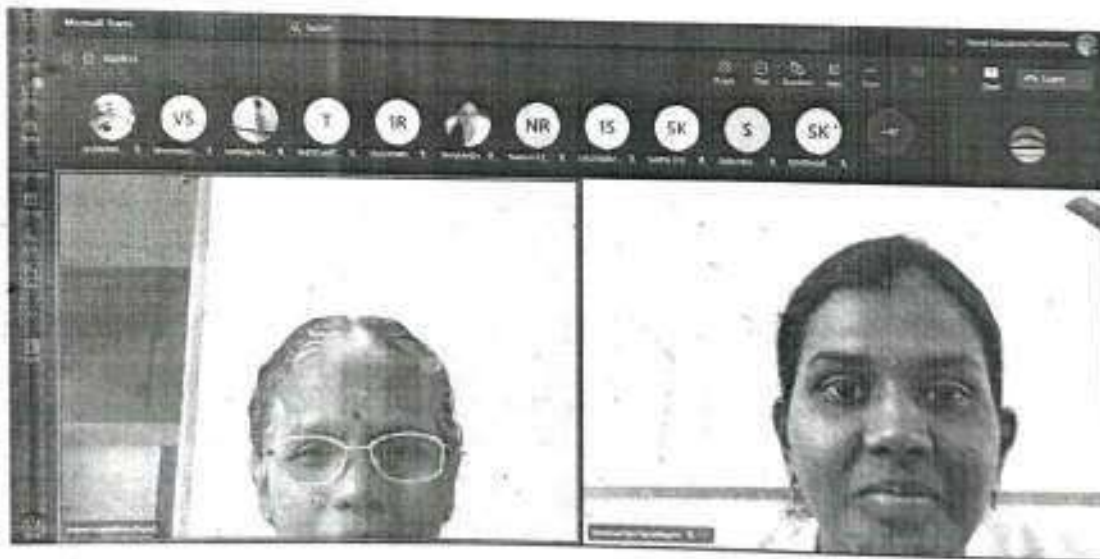

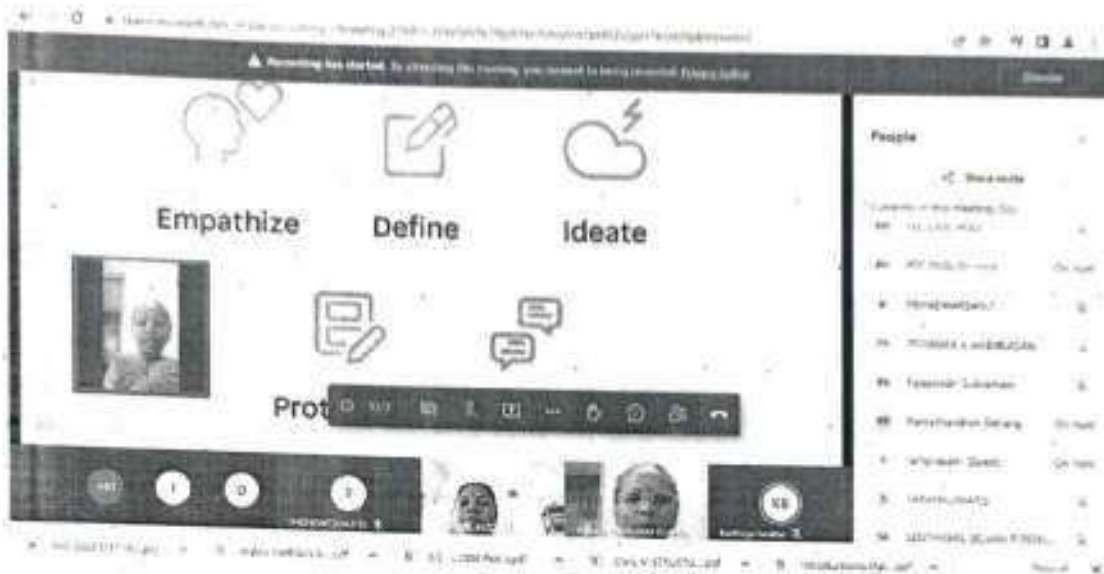

Report

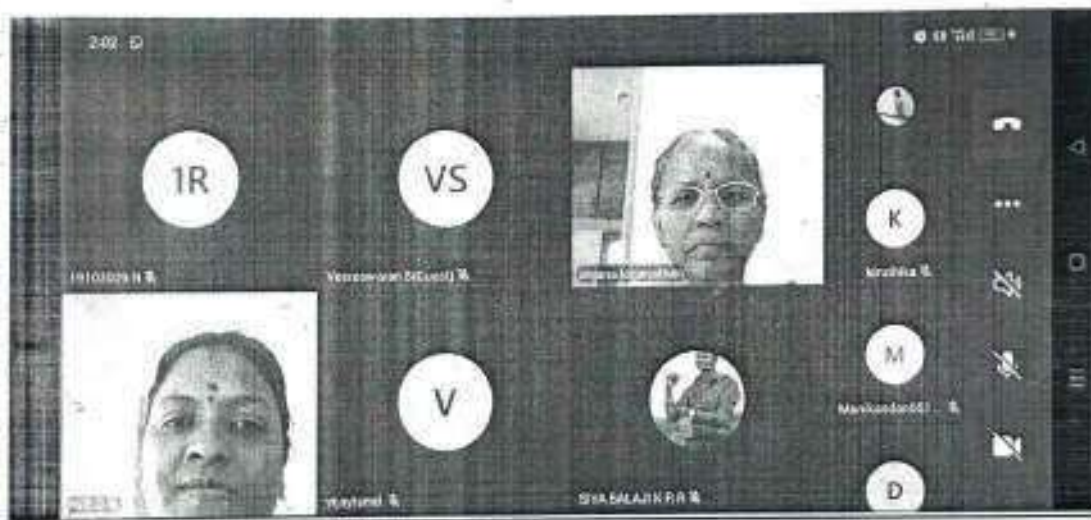

The Department of Civil Engineering in association with the Institution's Innovation Council of Paavai Engineering College (Autonomous) have organized an Online Workshop on **Design Thinking, Critical Thinking and Innovation Design** on 19.12.2022 from 2.00 p.m. to 3.30 p.m. Dr.R.Kasthuri Bai, Emeritus Professor, Sri Sarada College for Women, Salem was the resource speaker.

The online workshop started with the welcome address by P.N.Thenswetha from Third year Civil, Paavai Engineering College and chief guest introduction given by R.Surya from Final year Civil, Paavai Engineering College. The session continued with the resource speaker talk. She explained about the thinking process and Engineers should find a way or make a way to innovate, create and also explained the importance of **Why, What, How** for making new ideas.

She had given more creativity examples by showing portable marriage hall and innovative fruit plucking videos. She also elucidated about design stages like empathize, define, ideate, prototype and evaluate. She also explained various concepts in design thinking. She insisted the students to create a passion in every innovation they do. The session ended with a Vote of thanks by R.Sharumathi from Third year Civil Engineering

Dr.K.Sundara Murthy, Vice President of IIC, Professor of Mechanical, Dr.R.MohanaPriya, Convener of IIC, Associate Professor of ECE, Prof.K.Sharmiladevi HOD-Civil, A.Jayapal AP/Civil and B.Karthiga AP/Civil IIC Event organizer along with faculty members, and around 87 participants were present in the Workshop.

“Electrovative - Innovation Ignite” - Event Report

The Electronics Club of the Department of Electronics and Communication Engineering in association with the Institution of Engineers (India) had organized an event “Electrovative - Innovation Ignite” on 21st April 2023 from 2.00 p.m. to 4.30 p.m. The event was conducted for all the branches of Paavai Engineering College. Dr.G.Balaji, Professor and Head, Department of Electrical and Electronics Engineering, Paavai Engineering College was the judge for the technical event. Dr.M.Sudha, Professor and Head, Department of ECE was the Convener. She addressed the students and stressed the importance of attending such technical events to gain technical exposure. Dr.G.Balaji, Professor and Head, EEE appreciated the efforts taken by the ECE department in organizing events regularly and also insisted the students to update their knowledge and skills

It was a two round event and the first round was general knowledge round and the second round was component identification and arrangement of it. There were 20 batches of participants with around 90 students from various branches of engineering and it was conducted in the Main Building ECE department RoomNo.213. The students were keen and interested in finding out the various components and arranging it after a display of few seconds which has unveiled the mind power of the students. The first and second prize was bagged by the students of Biomedical Engineering department - N.JayaSurya and V.Badrinath team and the third prize by the students of ECE department - G.Kannan and team. The winners were given with the e-certificate, Dr.R.Mohana Priya, Associate Professor, Mr.S.Sathish, Electronics Club coordinators and Mr.G.NandhaKumar, Assistant Professor, ECE along with student coordinators, S.Niranjan from third year and P.Naveen from second year ECE organized this event. Faculty members from ECE and other members of electronics club attended the event. As per the feedback collected from the students, they added it was an opportunity to showcase their talents and to improve their technical skills.

GUEST LECTURE – “E- Vehicle for Electronics”

The Department of Electronics and Communication Engineering in association with the Institution of Electronics and Telecommunications Engineers,(Erode Local centre), organised an guest lecture titled “E- Vehicle for Electronics” from 11.04.2023 to 12.04.2023. It was aimed at disseminating knowledge to students about the role of electronics engineers in the design of E- Vehicle. The welcome address was given by Dr.M.Sudha, HoD/ECE, Dr.M.Premkumar, Principal gave the presidential address. Ms.Loshika, from II year ECE introduced the resource speakers.

G.Karthikeyan, AP/EEE, Anjali Ammal-Mahalingam Engineering College, Thiruvarur was the resource speaker on 11.04.2023. He briefed the role of electronic components applied in the design of E-Vehicle. Mr. S.Govindaraj and Mr.A.Abdul Basith from TATA motors, Salem Branch were the resource persons on 12.4.2023. In their address, Mr.S.Govindaraj, TATA motors,Salem Branch started the guest lecture with the topic - E- Vehicle for Electronics and explained about different types of Sensors, transducer and control equipment. They also discussed the topics of Battery management system. They also explained about the advantages of E-Vehicle in future. The students were able to acquaint themselves with the various devices used in E-Vehicle Design and they also engaged with the students with test Drive in their E-cars. Around 200 members participated in the Guest Lecture. Queries were clarified by the resource speaker.

The session ended with a Vote of Thanks by Ms.Jayasurya K, II Year, ECE. Mr.S.Satheesh kumar Assistant Professor, ECE arranged boarding for the Guests. Mrs.C.Vanaja Associate Professor, ECE and Mr.S.Loganathan, Assistant Professor, ECE, organised the event. Dr. S.Vijayakumar Professor ECE, Mrs.E. Sangeetha Associate Professor, Mr.G.Nandhakumar Coordinate the Students.

HANDS ON TRAINING - Signal Processing

The Department of Electronics and Communication Engineering in association with Institution of Electronics and Telecommunication Engineers - IETE, Indian society for Technical Education ISTE and Wizards systems have organized a Hands on training titled "Signal Processing" on 31.03.2023. It was aimed to disseminate knowledge about signal processing and the software tool used to analyse the signal for various applications. The welcome address was given by K.S.Loshika of second year ECE.

In the presidential address, Dr.M.PremKumar, Principal, Paavai Engineering College insisted that knowledge acquisition, skill upgradation, to learn and re-learn are the areas of focus today. He also added that "Knowledge is power" and motivated the students to utilise all the opportunities available to them. The Chief guest introduction was given by L.Puja Maharana of second year ECE. Ms.S.Sowndeswari, Assistant Professor, Sambhram Institute of Technology, Bengaluru was the Chief guest. In her address, she cited the different career opportunities available in the signal processing sector and motivated the students to utilise all learning opportunities.

The main objective was to provide the platform to the students to focus on industry defined problems and provide an opportunity for the students to demonstrate their learning experience. The training session was from 11.00a.m. to 4.30p.m. with two sessions. Ms.S.Sowndeswari explained the basics of MATLAB programming followed with hands on training of basic generation of signals, convolution and design of filters. The practical difficulties in the program executed were identified and they were given knowledge about the process of debugging that may arise when they are implemented for real-time applications. 120 students from second year ECE participated in the training session. The session ended with a Vote of Thanks by R.Mahalakshmi of second year ECE. Dr.M.Sudha Prof/Head of the Department/ECE, Dr.R.Mohana Priya, Associate Professor/ECE, Mrs.E.Sangeetha, Associate Professor/ECE, Mr.S.Sathish, ISTE coordinator, Mrs.S.Usha, AP,ECE and Mr.S.VijayaMurugan, IETE coordinator and other faculty members attended the session. The outcome was students were able to execute and analyse the basic signal generation and computation of it.

It was attended by 55 students from all the departments of Paavai Engineering College. Dr.V.Annapoorani, Professor, MCA Department, Paavai Engineering College was the Jury. She encouraged the students to participate in these type of events to bring out their inherent talents. She also appreciated the efforts taken by the department to carry out regular club activities.

The event was conducted in the Main Building ECE department Smart Class room No.M213. Dhanush.A from the Second year CSE Department got first place. Mr.G.Nandhakumar, Fine Arts Club coordinator along with student coordinators S.Sretharsene from final year, M.Dineshkumar from the third year ECE organized the event. Dr.M.Sudha, HoD, ECE was the Convenor of the event. Dr.R.Mohana Priya, Associate Professor, ECE, Association Coordinator, Faculty members from ECE attended the event. As per the feedback collected from the students, they felt it was an opportunity to showcase their talents and improve their art skills.

Mr.N.Mouneeswaran, from second year ECE introduced the resource speaker.

In the presidential address, Principal, Paavai Engineering College stressed the importance of energy conservation for electronics engineers. He also stated that students should come out with their innovative ideas and relate their engineering studies to it. In the keynote address and the presentation, the Chief Guest briefed the importance and role of TANGEDCO/TNEB. He explained the different types of power stations and power distribution. He showcased different videos about the safety precautions in the field. He also explained the various legal and ethical issues that are to be followed by the public. He insisted the students to conserve energy for the future. Queries were posted and it was clarified by the resource speaker. Students gained knowledge about the Energy Conservation Techniques.

The session ended with a Vote of Thanks by Mr.S.Loganathan, Assistant professor, ECE. Around 250 students, faculty members and Mr.Thiyagu from IEI have attended the workshop. Dr.R.Pushpavalli, ASP, ECE, Mr.S.Loganathan, AP, ECE and Mr.S.Satheeshkumar, AP, ECE coordinated the workshop.

PROJECT EXPO – “TECHNOVA 23”

The Electronics club of the Department of Electronics and Communication Engineering in association with Institution’s Innovation Council and Institution of Electronics and Telecommunication Engineers - IETE has organized a Project Expo - “TECHNOVA 23” on 20.02.2023. It was aimed to bring innovative ideas from the students and to help them to develop their ideas into working prototype models. Welcome address was given by S.Rohit III-ECE. Dr.Prabhu, Prof/Head of the Department/ECE, Paavai College of Engineering was the Judge.

The major objective of organizing this exhibition was to provide the platform and unleash the potential of the students by showcasing their innovative projects developed either focusing industry defined problems or user defined problems and provide an opportunity for the students to demonstrate their learning experience. In this event, the practical difficulties in the ideas of the students were identified and they were given knowledge about the failures that may arise when they are implemented for real-time applications. The students exhibited projects covering different areas of electronics.

Around 26 batches of students from third and second year ECE participated in the Project Expo event. The session ended with a Vote of Thanks by P.Naveen II-ECE. The event was organized by Convenor Dr.M.Sudha Prof/Head of the Department/ECE. Dr.R.Mohana Priya, Associate Professor/ECE, Mr.S.Vijaykumar Associate Professor/ECE and Mr.S.Sathish Assistant Professor/ECE.

ONLINE GUEST LECTURE – “CMOS IN VLSI DESIGN”

The Department of Electronics and Communication Engineering in association with the IETE, organised an online Guest Lecture titled “CMOS in VLSI Design” on 17.02.2023. It was aimed at disseminating knowledge to the students about the role of electronics engineers in the CMOS VLSI. The welcome address was given by Dr.S.Vijayakumar, Professor, ECE. Dr. M. Premkumar, Principal gave the presidential address. Ms.V.Shanmathi, from third year ECE introduced the resource speaker. Dr.K.Nirmaladevi, Associate Professor, ECE, Saveetha Engineering College, Chennai was the resource speaker.

In her address, she started the guest lecture with MOS transistor and explained about DC characteristics of CMOS. She also discussed the topics of threshold voltage, regions of MOS transistor, and advantages of Integrated circuits. The students were able to acquaint themselves with the various applications of the MOS devices. She also discussed about the various job opportunities in the area of VLSI. Queries were posted and it was clarified by the resource speaker.

Around 100 students participated in the online Guest Lecture. The session ended with a Vote of Thanks by Mr.G.Nandhakumar, Assistant Professor, ECE. Dr.S.Vijayakumar, Professor, ECE and Mr.G.Nandhakumar, Assistant Professor, ECE, organised the event. Dr.M.Sudha, Professor and Head, ECE, also attended the guest lecture along with faculty members of ECE.

Alumni Guest Lecture on “Recent Trends in Telecom Sector – An open vision for near future”

The Department of Electronics and Communication Engineering in association with ISTE organized an online alumni guest lecture on **“Recent Trends in Telecom Sector – An open vision for near future”** on 10th February, 2023 from 11.00 a.m. to 1.00 p.m. Ms.A.Buvaneshwari, NOC Technical Engineer, Telnix, Dublin, Ireland was the alumni speaker. The welcome address was given by Dr.R.Mohana Priya, ASP, ECE. Ms.S.Sreetharasene, final year ECE introduced the alumni speaker.

The objective of this guest lecture was to create awareness among the students about the recent advancements in the telecom sector. In the presidential address, Principal Dr.M.Premkumar addressed that opportunities are available in all sectors and it is how, students use it for their recruitment.

Followed with it, the alumnus explained about the opportunities in Telecom sector. She insisted the students to concentrate more on core companies than IT sector. She also encouraged the students to focus on problem solving, design thinking and communication skills. She elucidated the various coding technologies used in different sectors. She motivated the students to make the best use of the exemplary facilities available at Paavai Engineering College so that they can transform themselves into the best professionals. She also recollected her hostel memories at Paavai Engineering College and the way it has helped her to groom her communication skills. Finally, queries were posted and it was clarified by her.

The session ended with vote of thanks. Dr.M.Sudha, Professor and Head, ECE, Mr.S.Sathish, Department Alumni Coordinator, Dr.R.Mohana Priya, ASP, ECE, faculty members and 110 students were present at the meeting. As per the feedback received from the students, it was an eye-opening session for getting a job in the Telecom sector and the different tips to equip themselves to get placed in different product and service-based companies.

Online Seminar Report - "Turn your ideas into Patent"

The Department of Electronics and Communication Engineering, in association with the Institution's Innovation Council has organized an online seminar on 30.11.2022 "**Turn your ideas into patent**" to disseminate awareness about patent rights and possible ways to turn their innovations into patents. Dr. R.Mohana Priya, Associate Professor and Convener of IIC welcomed and introduced the resource speaker. Mr.T.Jayachandran, Founder and CEO, JC filings, MSME Registered company, Unit II, of Nandha Engineering College was the resource speaker.

The resource speaker started the session with an introduction about Patent, trademarks and Copyrights. He elucidated the various procedures to apply and file different patents. He explained the UTILITY patent timeline and cost, the various procedures followed by the Government agencies for filing a patent. He also cited few websites that will be helpful for the participants to search for their ideas before patenting. He gave lot of tips to convert their ideas generated into patent, the ways to commercialise and sell their products.

At the end of the session, the queries were posted by the students and it was clarified by the resource speaker. Around 140 participants from various departments of Paavai Engineering College and other colleges benefited through this online seminar. Dr.M.Sudha, Head of the Department ECE, Dr. R. Mohana Priya, IIC Convener, Dr.K.Sundaramurthy, Vice President IIC, Dr.P.Pugalenthi, EDC Coordinator, IIC and EDC coordinators from various departments were also a part of the seminar. The outcome of the seminar was the participants were able to analyse the differences between Patent, trademarks and Copyrights.

TOPICS TO BE COVERED IN THE TECHNOLOGY TRAINING PERIOD:

DAY 1:

Session 1 (10.00 am to 01.00 pm):

- > Basic Electronics Components
- > Types of Components
- > SMD Package Type
- > Terminology
- > PCB Design Flow
- > Electronics Circuits
- > Types of PCB
- > Substrate Type

Session 2 (2.00 pm to 4.00 pm):

- > PCB Connection
- > PCB Standards
- > EDA Tools
- > PCB Designing guidelines
- > Design Rules
- > Library searching
- > Uses of Grids
- > Track calculation

DAY 2:

Session 3 (10:00 am to 01:00 pm):

- > Introduction of EAGLE Software
- Hands on Training in EAGLE Software
- > Schematic Creations
- > BOM Creation
- > Single Sided Design
- > Component Placement guidelines
- > Routing Process
- > Hands on training Single layer design

Session 4 (2.00 pm to 4.00 pm):

- > Double Sided Design
- > Hands on training double layer design
- > Via used double layer design
- > ERC Checking
- > Layout Creations
- > Manual routing
- > Gerber generation

BENEFITS TO THE STUDENTS:

- Exposure to latest technologies
- Participating in national and international contests
- Exposure to project development
- Opportunity to become an entrepreneur
- Placement opportunities

Hands- on Training – “PCB Design and its Applications”

The Department of Electronics and Communication Engineering in association with the Institution of Electronics and Telecommunications Engineers,(Erode Local centre), organised an Hands- on Training – “PCB Design and its Applications” from 28.11.2022 to 29.11.2022. It was aimed at disseminating knowledge to students about the role of Electronics engineers in the PCB Design. The welcome address was given by Dr. M. Sudha (Professor&Head, ECE), presidential address. Ms.Mahalakshmi, from second year ECE introduced the resource speaker. Mr. R.S.Jothiprasanth, Technical Engineer, Enthus Technology Solution India PVT Ltd. Coimbatore.

In his address, he started workshop with the topic – Basic Electronic components and explained about different types of components. He also discussed the topics of SMD Package type. He also explained terminology and PCB design flow. The students were able to acquaint themselves with the exposure to latest technologies and project development. Around 107 members participated in the onsite workshop. Queries were posted and it was clarified by the resource speaker.

Mrs.C.Vanaja, Associate Professor, ECE and Mr.S.Vijay Murugan, Associate Professor, ECE, organised the event. II year ECE Students along with Dr.M.Sudha, Professor and Head, ECE, Convenor and faculty members of ECE department attended the programme.

Platform: Microsoft Teams

Date: 28.11.2022

The Department of Electronics and Communication Engineering, in association with the Institution of Electronics and Telecommunication Engineers (IETE), Erode local centre, organized an online guest lecture on "Nano Technology in Electronics" on 28.11.2022, 3.00 p.m. to 4.30 p.m. Dr. M. Sudha, Prof. HoD/ECE welcomed the gathering. Prof. A. Chandrasekaran, Assistant Professor, Department of ECE, Kongu Engineering College, Perundurai was the resource speaker.

During the session, he delivered a lecture on the development of nano devices and its role in electronics. He elucidated about nanomaterials and the design consideration of nano devices. He also discussed the scaling of devices, quantum dots, quantum cellular automata and the various softwares for its design. At the end of the session, the queries were posted such as limitations in scaling of components, the role of quantum dots and preliminary software detail for the QCA designer. Around 52 students benefited through this online guest lecture. Dr. T. Loganayagi, Professor and Dr. R. Mohana Priya, Associate Professor from ECE department were the coordinators. Dr. M. Sudha, Head of the department, as the convenor. The workshop ended with a vote of thanks by Adhila Banu A. III year ECE.

Workshop Report - "Industrial Approach in Digital System Design"

Venue: Cute Hall

Date: 23.11.2022

The Department of Electronics and Communication Engineering, in association with the institution of engineers (India), Salem local centre, Salem, organized a workshop on "Industrial Approach in Digital System Design" on 23.11.2022, 10.00 a.m. at Cute hall, Paavai Engineering College. The program started with a prayer song by our ECE students. Dr. M. Sudha, Prof. HoD/ECE welcomed the gathering. The presidential address was delivered by Dr. K. Selvi, Dean-Academics on the digital environment of the current scenario compared with the olden days.

Er. P. Mayilsamy, Programmer, Design and Development, Crisp System India Pvt. Ltd, Salem delivered a keynote address on the development of digital systems for the real-time execution of digital transactions and smart city garbage management. His speech gave insight into estimating the social impact of the development of a digital system on human comfort. The highly interactive session was on the introduction of system design with Arduino microcontroller and Raspberry Pi programming.

A practical session on programming an Arduino microcontroller was also conducted. Around 92 students participated and acquired knowledge in developing an electronic system using the Arduino Controller and Raspberry Pi and making their own custom-made applications to solve some simple real world problems. It was intended to disseminate knowledge about industrial design processes of digital systems with Raspberry Pi programming.

Dr.T. Loganayagi, Professor and Dr.R. Mohana Priya, Associate Professor from the ECE department were the coordinators. Dr.M.Sudha, Head of the department, was the convenor. The workshop ended with a vote of thanks by Loshika K. S. II year ECE.

Online Webinar - MATLAB FOR ENGINEERING APPLICATIONS

The Department of Electronics and Communication Engineering in association with the Institution of Electronics and Telecommunication Engineers of India, (IETE) –Erode Local Centre, organised an online Webinar titled “MATLAB FOR ENGINEERING APPLICATIONS” on 18.11.2022. It was aimed at disseminating knowledge about MATLAB environment tuned for iterative and design processes with programming knowledge. Mr.Adarsh Chaunal, Application engineer, Design Tech System Pvt, Chennai was the resource speaker. He briefed about access to all MATLAB and Simulink products for academic use on any supported devices to faculty, students and researchers. He explained about short term MATLAB courses like foundation courses and computational math courses. Finally, he discussed about the applications of MATLAB in different domains like Aerospace, Image Processing, Civil construction, Bio- Medical, Fuzzy logic and Machine learning. Around 50 faculty members participated in the webinar. Dr.S.Vijayakumar, Professor and Mr.S.Vijay Murugan, Associate Professor from ECE department were the coordinators. Dr.M.Sudha, Head of the department was the convenor.

Partial Differential Equation Toolbox

General PDEs

Solve PDEs that have 1 or more spatial dimensions and a time dimension.

Second-Order PDEs

4-Dim: $\frac{\partial^2 u}{\partial x^2} + \frac{\partial^2 u}{\partial y^2} + \frac{\partial^2 u}{\partial z^2} + \frac{\partial^2 u}{\partial t^2} = f(x,y,z,t)$
3-Dim: $\frac{\partial^2 u}{\partial x^2} + \frac{\partial^2 u}{\partial y^2} + \frac{\partial^2 u}{\partial z^2} = f(x,y,z)$
2-Dim: $\frac{\partial^2 u}{\partial x^2} + \frac{\partial^2 u}{\partial y^2} = f(x,y)$
1-Dim: $\frac{\partial^2 u}{\partial x^2} = f(x)$

1. Create a meshgrid for the spatial domain.

2. Solve the PDE using `pdetool` or `solvepde`.

3. Visualize the solution using `surf` or `mesh`.

4. Compute derivatives of the solution using `gradient` or `diff`.

5. Plot the solution using `plot` or `plot3`.

6. Save the solution using `save` or `saveas`.

7. Load the solution using `load` or `loadsave`.

8. Close the toolbox using `close` or `quit`.

9. Help information is available in the `help` window.

Puzzle Masters - Electronics Club Event

The Electronics club of the Department of Electronics and Communication Engineering had organized an event "Puzzle Masters" on 31st October 2022 from 2.00pm to 4.30pm. Mrs.K.Uma, Associate Professor, Department of Mathematics, Paavai Engineering College was the Jury. Dr.R.Mohana Priya, Associate Professor and Mr.S.Sathish, Electronics Club coordinators along with student coordinators G.Anbarasan from final year, S.Niranjani from third year, V.Dharamidharan from second year ECE organized the event. The welcome address was given by B.Dharani third year ECE. Mrs.K.Uma, Associate Professor, Department of Mathematics, Paavai Engineering College was the Jury.

There were 87 participants in total and the first round was written examination that was conducted in the Main Building Seminar hall. The shortlisted students attended the second round in the Main building ECE Smart Classroom No.213, that was ii) Sort Words Puzzles and the third round was iii) Brain teasers and Visual Illusions. I.Thamarai Selvan and his team from second year CSE got the first place. V.Vijayakumar and his team from third year Pharmaceutical engineering bagged the second place. As per the feedback collected from the students, they added that this event has provoked their critical thinking and they were able to check their mental ability in solving the puzzles soon.

In House Guest Lecture Report - “ Analog Electronics”

The Department of Electronics and Communication Engineering in association with PACE has organized an In house Guest Lecture on on 08.10.2022 “**Analog Electronics**” to make the students clear about the concepts available in analog circuits . Ms.S.Priyanka of Second year ECE welcomed and introduced the resource person. Mrs.A.Samundeeswari, Associate Professor, department of ECE,PEC was the resource person.

The resource speaker started the session with an introduction about basics of analog circuits. She also elucidated various methods of coupling methods available in amplifiers and multistage amplifiers. She also explained the two-stage RC Coupled amplifiers working principle and the calculation of gain in amplifiers. She gave lots of simple key notes to be known by all the students which will be useful for their studies.

At the end of the session, the queries were asked by the students and it was clarified by the resource speaker. Around 137 II Year ECE students attended the session. Dr.M.Sudha, Professor and Head, ECE, the association coordinators Dr.R.Mohana Priya, ASP & Dr.T.Loganayagi, Professor along with faculty coordinator Mrs.R.Bhuvaneshwari, Assistant Professor were also attended the programme. Finally it was an excellent session,that has made the students to realize the importance and impact circuits in day to day life.

Mr.Manimohan Trinath, Senior Faculty, ACE Engineering Academy, Hyderabad was the resource speaker. The welcome address was given by Shanmathi from third-year ECE.

The resource speaker addressed the students regarding the advantages of joining job at an early age, the various opportunities in different sectors of Electronics and Communication Engineering. He also explained the top IT companies in specific sectors and for ECE too. He also briefed the Public Sector Undertakings through GATE and other competitive examinations. He also stressed the importance of Engineering Services Examination and its impact on the students. He also motivated the students to utilize all these opportunities to cherish in this life. Dr.M.Sudha, Professor and Head, ECE, Dr.R.Mohana Priya, Associate Professor, Mr S.VijayaKumar, the event coordinators along with student coordinators S.Srinithi Gayathiri from final year, K.Poovizhi from the third year ECE and around 130 participants attended the session. As per the feedback collected from the students, they added it was an excellent session, that has made them realize the importance and impact of taking up competitive examinations.

A National Conference on Innovative Trends in Communication and Technology - NCITCT'22

on
21st September 2022

in association with

The Institution of Engineers (India), Salem local centre

MODE: ONLINE

About the Conference

NCITCT'22 is the premier forum to enhance and stimulate the national research interaction and collaboration in the field of communication, electronics and information technology. It provides a unified platform for academia, research, government officials, experts, development professionals, etc. to discuss their recent work and present their ideas on tackling the current issues in information & communication technologies.

Topic of Interest for submissions

- Communication Systems
- Artificial Intelligence
- Data Science
- Machine Learning
- Deep Learning
- Neural Networks
- Microwave Photonics
- Metamaterials, FSS and EBG
- VLSI
- Electronics and Control Systems
- Remote Sensing
- Antennas
- 5G Communication Networks
- Information Security
- Wireless Sensor Networks
- Medical Image Processing
- Mobile Ad-hoc Networks
- Optical Communication
- Mobile Communication
- Communication and Networking
- Industry 4.0
- Digital Signal Processing
- Quantum Computing
- Robotics and Automation
- Internet of Things
- Embedded Systems
- Gaming Genetic Algorithms
- Datafication
- Edge Computing
- Virtual reality Augmented Reality
- Blockchain
- Cyber Security
- Digital Image processing
- Cloud Computing and Big Data Analytics

BENEFITS:

- All the accepted papers abstract will be published in NCITCT'22 conference proceedings with ISBN number
- Exclusive Keynote Session
- Individual Conference Presentation Certificate
- Best paper presentation certificate

ORGANIZING COMMITTEE

DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

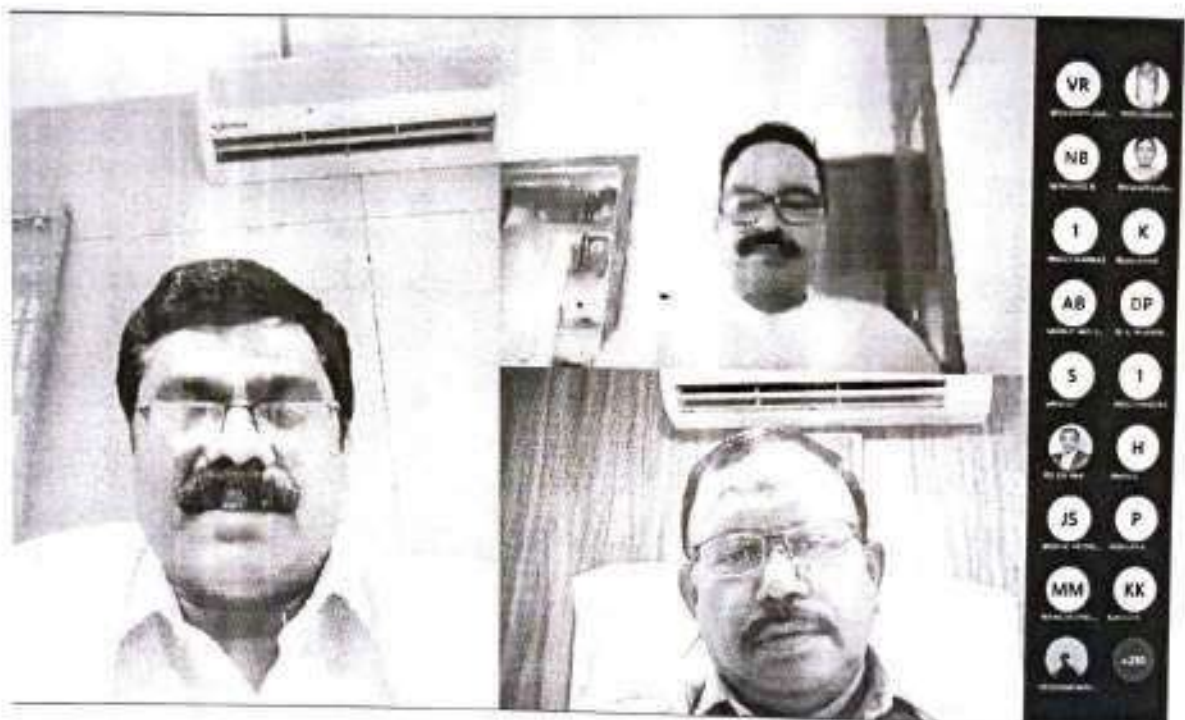

National Level Conference on “Innovative Trends in Communication and Technology - NCITCT 22” - REPORT

The Department of Electronics and Communication Engineering in association with Institution of Engineers (IEI), India, organised a one day online National Level Conference on “Innovative Trends in Communication and Technology - NCITCT 22” on 21.09.2022 from 10.00 a.m. to 4.30 p.m. to discuss the thrust areas in communication. The conference started with an invocation. The welcome address was given by Dr.M.PremKumar, Principal, Paavai Engineering College. He also added that, lot of breakthrough must happen in innovation and technology through this conference. In the presidential address, Dr.K.K.Ramasamy, Director Administration, Paavai Institutions, insisted that “Innovation is the order of the day” and focus should be given to new concepts in Communication and Technology. Followed with it, the chief guest introduction was given by Dr.R.Mohana Priya, Associate Professor, ECE.

Dr.K.Ganesha Raj, Former General Manager and Advisor, Regional Remote Sensing Centre, ISRO was the Chief Guest. He explained about Darwin’s evolution theory, the remarkable innovations and development in the field of communication. He also mentioned that connectivity during communication is still lagging and extensive research has to be carried over. He also suggested few areas where deliberation has to be done such as Tele-Health care, accurate prediction of earthquakes, crop pest prediction, and lightning protector. He also suggested that innovative solutions for various problems have to be outcome of this Conference. He also added that “Health is Wealth” and utmost care must be given to our health.

Er.N.Senthil Kumar, Honorary Secretary,IE(I),Salem Local Centre was the guest speaker. He added that communication is the lifeline of all aspects. He also suggested few areas of deliberation in Cyber security and communication. Prelude for the conference was given by Dr.M.Sudha, Head of the Department, ECE. Around 180 papers from various states and colleges across India like Uttar Pradesh, West Bengal, Andhra Pradesh, Telengana, Pondicherry and Tamil Nadu were received out of which 90 papers were scrutinised, and the selected participants presented their papers during the sessions. Five parallel sessions were carried out and juries were allotted for the different sessions, Dr.A.Immanuel, Principal,

Paavai College of Engineering, Dr.Sahaya Sheela, HoD, ECE, Pavaai College of Technology, Dr.Angayarkani, Professor, ECE, Dr.S.VijayaKumar, Professor, ECE and Mrs.A.Samundeeswari, Professor, ECE were the juries. The best presentation and the participants were given with e-certificates. The outcome was, various innovations and concepts in the areas of communication and technology were deliberated. Dr.M.Sudha, Convener, Dr.R.Pushpavalli,Professor,ECE,Dr.R.Mohana Priya, ASP, ECE,Mr.Satheesh Kumar,AP,ECE,Mr.S.VijayaMurugan,ASP,ECE, Mr.S.Sathish,AP,ECE, Mrs.C.Vanaja,ASP, ECE, Mr.S.Loganthan,AP,ECE and Mr.G.Nandha Kumar,AP,ECE were the coordinators of the conference.

Alumni Guest Lecture on

“Money Management”

The Department of Electronics and Communication Engineering in association with the Paavai Alumni Association Cell, organised a guest lecture titled “Money Management” on 10.09.2022 from 9.30a.m. to 11.30a.m. in Cute Hall. It was aimed at creating awareness to the young minds to start their savings and how to become a millionaire “ASAP”. Mr.Nivas Baskaran, Software Development Engineer, Flipcart Internet Private Limited was the speaker. In the presidential address, Dr.M.PremKumar, Principal insisted the ways to channelize the flow of funds. He also added that, according to Hindu sastra, personal development, living a luxurious life and societal contribution should be money management.

Mr.Nivas Baskaran, the alumnus speaker briefed about the various rules such as 50:30:20 for Money Management in-terms of needs, wants and savings. He also cited many examples for the rules. He also explained about Cash flow and how to manage multiple accounts, types of insurance - life and health insurances. He also elucidated on types of loans, inflation in India and savings for the future. He explained the power of compounding and tax exemptions too, that was useful for the faculty participants. Finally queries were posted and clarified by the speaker. The session ended with a Vote of Thanks by Dava Pavan Sai Srinivas, Third Year,ECE. Around 65 members participated in the event.

Alumni Guest Lecture on "How IT works and recent trends in IT"

The Department of Electronics and Communication Engineering organized an alumni guest lecture on "How IT works and recent trends in IT" on 20th August 2022 in Kalams Chamber from 11.00 a.m. to 1.00 p.m. Mr.S.Sivasudhan, Senior Lead Engineer, Randstad Technologies, Chennai was the alumni speaker. The welcome address was given by S.Sreetherasene, final year ECE and V.Shanmathi from second-year ECE introduced the alumni speaker.

The objective of this guest lecture was to create awareness among the students about "How IT works and recent trends in IT". In the presidential address, Principal Dr.M.Premkumar addressed that opportunities are plenty in the IT sector and companies are approaching for recruitment that was not common in earlier days. He also added that the students should showcase their talents for better employment. He elucidated on the startup initiatives provided by the Central and State government and also the importance of Entrepreneurship.

Followed with it, the alumnus motivated the students to make the best use of the exemplary facilities available at Paavai Engineering College so that they can transform themselves into the best IT professionals. He also recollected his memories and his first job at Infosys through the placement opportunities provided at Paavai. He also explained the Software development life cycle and the various steps involved in it. He also explained the different job categories, important aspects of testing and the difference between the product and service-based IT companies. Finally, queries were posted and it was clarified by the alumnus.

The vote of thanks was delivered by S.Sunderesan from final year ECE. Dr.M.Sudha, Professor and Head, ECE, Mr.S.Sathish, Department Alumni Coordinator, Dr.R.Mohana Priya, ASP, ECE and Dr.T.Loganayaki Association coordinators, faculty members and 220 students were present at the meeting. As per the feedback received from the students, it was an eye-opening session for getting a job in the IT sector and the different tips to equip themselves to get placed in different product and service-based IT companies.

ONLINE GUEST LECTURE - ANTENNA DESIGN AND ITS APPLICATIONS

The Department of Electronics and Communication Engineering in association with the Institution of Engineers of India, IE(I) –Salem Local Centre, Salem organised an online guest lecture titled “Antenna Design and its Applications” on 12.08.2022. It was aimed at disseminating knowledge to students about the basic field patterns, its design and applications in various arenas. Welcome address was given by Dr.R.Mohana Priya, Associate Professor, ECE. Dr.R.Sudarmani, Associate Professor, Department of ECE, Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore was the resource speaker. Ms.N.Shanmathi, from third year ECE introduced the resource speaker.

In her address, she briefed about the need for an antenna and types of antenna arrays. She also explained the various antenna parameters for design applications. She stressed the importance of MATLAB programming for different antenna design applications and simulated few programs for better understanding of the students. It helped the students to gain information on need for antenna design, its types and uses in daily life and electronics. Around 70 members participated in the online guest lecture. Queries were posted and it was clarified by the resource speaker.

The session ended with a Vote of Thanks. Dr.T.Loganayaki, Professor, ECE and Dr.R.Mohana Priya, Associate Professor, ECE along with Institution of Engineers of India, IE(I) coordinator, Mr.S.Loganathan organised the event.

Antenna

The radiation from the antenna takes place when the electromagnetic field generated by the source is transferred to the antenna and re-radiated in the form of waves through the transmission line and separated from the Antenna over the free space.

Antenna Parameters

Effective Isotropic Radiated Power (EIRP) is defined as the equivalent power and is expressed as:

$$EIRP = P_{in} \times G_{eff}$$

where P_{in} is the input power and G_{eff} is the effective gain.

ABOUT THE INSTITUTION

Paaval Engineering College established in 2001, is one of the many educational institutions nurtured by Paaval Varam Educational Trust. The college is Self-Financing, approved by AICTE, accredited by NBA, New Delhi and NAAC with "A" grade and affiliated to Anna University Chennai. Our college was granted fresh Autonomous status under UGC Scheme for Autonomous Colleges with effect from the academic year 2015-2016 by UGC, New Delhi. Equipped with latest facility and excellent infrastructure, the college offers a total of 20 full time programmes including U.G, P.G and Ph.D. Currently more than 100 research scholars, both full time and part time, are working for their Ph.D degree. The college has developed five centres of excellence in various disciplines. More research facilities have been created in tie-up with numerous leading industries worldwide.

ABOUT THE DEPARTMENT

The department of Electrical and Electronics Engineering is offering B.E (EEE) and M.E(Power Systems Engineering). The department is enriched with latest lab equipment and promotes R&D activities in related areas in collaboration with industries, wherever possible. The department has well equipped Power Electronics & Drives Lab and Power System Simulation lab with state-of-the-art technology. The faculty members are well experienced and dedicated towards the upliftment of the student community.

OBJECTIVE

In this workshop explained about the It proposes the students perception/expression of emotion, use of emotion to facilitate thinking, understanding of emotion, and management of emotion in oneself and others to get career success.

OUTCOME / OBJECTIVES BEHIND THE EVENT

It proposes the students perception/expression of emotion, use of emotion to facilitate thinking, understanding of emotion, and management of emotion in oneself and others to get career success.

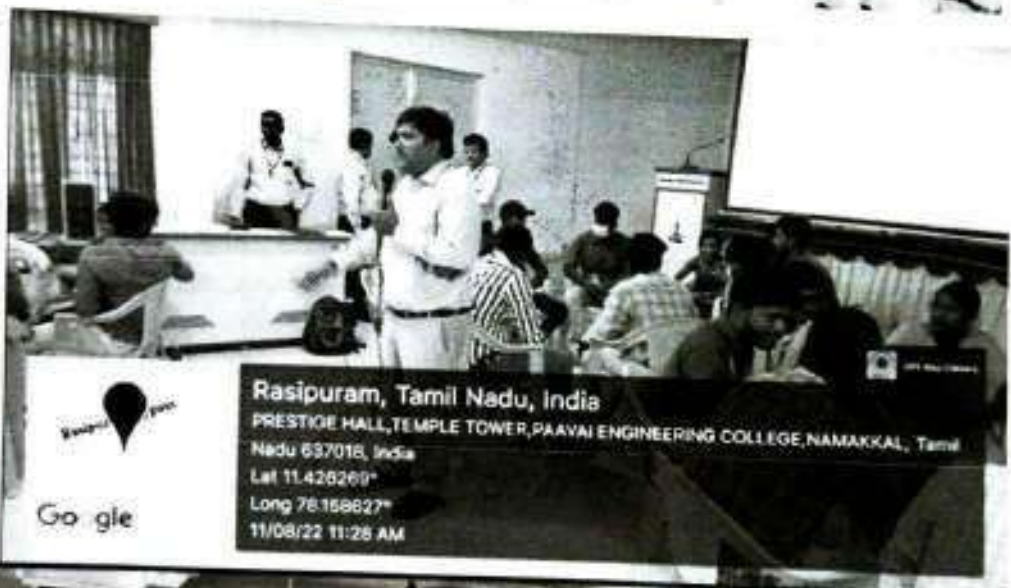

REPORT OF THE EVENT

The Department of Electrical and Electronics Engineering in association with Energy Club of Paavai Engineering College (Autonomous) organized A One Day workshop on **EMOTIONAL INTELLIGENCE FOR CAREER SUCCESS** on 11th August 2022 at Prestige Hall. Dr.M.Premkumar, Principal, presided over the function and insisted the importance of emotional intelligence for students career.

Mr.Prakash Manoharan, AP/MBA, Sanjivani College of Engineering (Autonomous), Maharashtra, was the guest speaker. He addressed the students stating the significance of Emotional Intelligence in education has gained momentum in the last few years and the wide spread recognition of its salience in enhancing classroom effectiveness. Further, he explained about self-awareness, emotional control, self-motivation, empathy and relationship skills with classroom activities. Finally, he interacted with the Students and clarified their doubts about emotional intelligence for career success. The workshop has proven to be very inspiring and informative for the students.

Earlier, Selvan.K.Prasad, III year EEE welcomed the gathering, Selvi.M.Risheba, IV Year EEE introduced the chief guest and Selvan.S.Sathishkumar, IV Year EEE delivered the vote of thanks.

Totally, 50 participants benefitted from this programme.

The main outcome of the online webinar titled “**World Entrepreneurs Day**” **Online Webinar on Business Opportunities in Electric Vehicles** was that the participants were made celebrate innovation and empowerment of entrepreneurship and leadership throughout the world. Entrepreneurship is crucial not just for job creation but an incredibly essential and vital part of our economic growth and problem-solving.

Report –“ World Entrepreneurs Day” Online Webinar on Business Opportunities in Electric Vehicles)

Academic Year 2022-2023

The Institution’s Innovation Council in association with the Entrepreneurship Development Cell of Paavai Engineering College has organized an online webinar on “**World Entrepreneurs Day**” Online Webinar on **Business Opportunities in Electric Vehicles**” through the Microsoft team’s platform on 21.08.2022 from 07.00 p.m. to 08.00 p.m.

The Event started with a welcome address by Kumara Prasad, a Third - year student of the Electronics and Electronics Engineering Department.

The session continued with the resource person's talk. He said that the electric vehicles are the only solution to meet the country's development and fuel shortage needs. Now the Indian government is taking steps to achieve it, and we have that concern. He said that the electric vehicles are going to play an important role in the future India. There are many electric-based companies that are manufacturing electric cars and bikes like Tata, Hyundai and their marketing products are in the Indian market.

The chief guest said that, yet the people have some hesitation about buying electric vehicles because of some technical issues with battery heating problems, so we need to concentrate on research and development of the product to rectify that. He also said that Nowadays, the Indian government provides various subsidies for electrical-based vehicles. As a future engineer, each students should come forward to do self-employment related to it and develop the qualifications for it. He insisted that many startups are moving the Students should participate in electrical-based conferences, seminars, and workshops to develop their knowledge in the field of electric vehicles.

Dr.K.SundaraMurthy,Vice President of IIC, Professor of Mechanical, Dr.R.Mohana Priya,Convener of IIC, Associate Professor of ECE and, Prof Dr.G Balaji, Convener Head of Department of Electrical and Electronics Engineering ,Dr.S.Ramachandran, Member of IIC, Assistant Professor of Electrical and Electronics Engineering and Mr.G.Deivamani ,Assistant Professor of Electrical and Electronics Engineering along with faculty members, internal and external participants were also present in the meeting.

Ms. M.Iniya,, III year EEE welcomed the gathering, Mr. Komaraprasad,, III Year EEE introduced the chief guest and Mr. P.VishwaBharath, III Year EEE delivered the vote of thanks.

MIN ZHARGE

Types of Electric Vehicles

Plug in (Pure EV)

Powered by electricity stored in a battery pack.

Standard Hybrid

Combines a conventional combustion engine with an electric propulsion system.

Plug in Hybrids

Combination of Electric Motor and engine, where separate Plug-in option will be provided by battery.

Fuel Cells

Can also be used as alternative power source in a combustion engine to run the motor.

A ONE DAY GUEST LECTURE ON "SMART ENERGY MANAGEMENT SYSTEM"**

The Department of Electrical and Electronics Engineering & Energy Club of Paavai Engineering College (Autonomous) in association with The Institution of Engineers (India) [IEI] organized a one-day guest lecture on "Smart Energy Management System" on 22nd August 2022 at Cute Hall. **Dr.M.Premkumar, Principal**, presided over the function and insisted the importance of energy management to the students.

Mr.R.Balaji, Founder & CEO, Navitas Smart Energy Solutions, Salem was the guest speaker. He initiated his lecture with the basics of energy management system. Then, he explained an overview of the evaluating an existing energy management system, specifying and selecting a new energy management system. He narrated about the commissioning of new energy management systems. Finally, he interacted with the students and clarified their doubts about energy management system with different strategies for optimization. The one-day guest lecture has proven to be very inspiring and informative for the students.

Earlier, **Selvi. M.Praveena, IV year EEE, Energy Club Member** welcomed the gathering. **Selvan.K.Prasad, III Year EEE, Energy Club Member** introduced the chief guest and **Selvi.M.Kiruthika, IV Year EEE, Energy Club Member** delivered the vote of thanks.

ABOUT THE INSTITUTION

Paavai Engineering College established in 2001, is one of the many educational institutions nurtured by Paavai Varam Educational Trust. The college is Self-Financing, approved by AICTE, accredited by NBA, New Delhi and NAAC with "A" grade and affiliated to Anna University Chennai. Our college was granted fresh Autonomous status under UGC Scheme for Autonomous Colleges with effect from the academic year 2015-2016 by UGC, New Delhi. Equipped with latest facility and excellent infrastructure, the college offers a total of 20 full time programmes including U.G, P.G and Ph.D. Currently more than 100 research scholars, both full time and part time, are working for their Ph.D degree. The college has developed five centres of excellence in various disciplines. More research facilities have been created in tie-up with numerous leading industries worldwide.

ABOUT THE DEPARTMENT

The department of Electrical and Electronics Engineering is offering B.E (EEE) and M.E(Power Systems Engineering). The department is enriched with latest lab equipment and promotes R&D activities in related areas in collaboration with industries, wherever possible. The department has well equipped Power Electronics & Drives Lab and Power System Simulation lab with state-of-the-art technology. The faculty members are well experienced and dedicated towards the upliftment of the student community.

OBJECTIVE

In this webinar, explained , reliability, latency, data delivery criticality, and multicast support requirements and also electrical-based smart grid-related conferences, seminars, and workshops to broaden their understanding of the modern smart grid.

A Five-Day Training Programme
On
“Programming Delta PLC using LD”

The Department of Electrical and Electronics Engineering, in association with Energy Club of Paavai Engineering College (Autonomous) organized a five-day training programme on “PROGRAMMING DELTA PLC USING LD” held from 21.09.2022 to 27.09.2022. Dr.M.Premkumar, Principal, presided over the function and insisted on the importance of industrial automation for the current scenario to the students.

Mr.S.Aravinth, Senior Project Engineer, IPCS Global Solutions Pvt. Ltd, was the resource person.

The main objective of this training was to make the aspiring engineers aware of the theoretical as well as practical knowledge of Industrial Automation. In the training sessions, step-by-step development of Gate logic, Relay Logic & PLC Ladder logic for industrial applications were demonstrated. Ladder Programming tasks were given to the students after demonstration sessions in order to have a learning experience.

DAY 01:21.09.2022 (WEDNESDAY)

The resource person initiated his lecture with the basics of Programming delta PLC. At the morning session, he explained an overview of PLC software and he also narrated about the objectives, components used in PLC, electromechanical flux operation video, real-time applications and the scope of using PLC’s. At the afternoon session, he taught about software installation and practising logic gates using LD.

DAY 02:22.09.2022 (THURSDAY)

On the second day, he cleared the doubts of our students regarding general topics. Then he explained about DOL starter and gate simulation. In the afternoon session, he was given tasks related to the morning session.

DAY 03:23.09.2022 (FRIDAY)

On the third day, students were assembled in the canteen hall for a conceptual presentation. In the morning session, he narrated about the basic learning such as technical words and its applications, electrical measuring instruments interfacing with live examples, interaction about various facilities and opportunities available for the stream of EEE.

DAY 04:24.09.2022 (SATURDAY)

On this day, our trainer cleared the doubts of our students about the previous topics. He started his session about timer circuits using LD and given related tasks. In the afternoon session, he taught about counter circuits using LD like up-down counters, up-counters and its related tasks are also given.

DAY 05:26.09.2022 (MONDAY)

On this day, he cleared the queries of our students in the morning and he took off the session with timer-counter combined circuits using PLC. Also, he was given related tasks. In the afternoon session, he explained the title of "How can we do wiring using PLC" with examples.

DAY 06:27.09.2022 (TUESDAY)

On the last day of our training, he cleared the doubts from overall sessions and also given some tasks to the students to work out from their own. Ultimately, the feedback session with our students would become an end of this training successfully!

After completing this training, students are able to create and design new automation models by using PLC programming logic.

Ms.M.Praveena, Energy Club Member (FINAL YEAR EEE) welcomed the gathering, Ms.M.Risheebha, Energy Club Member (FINAL YEAR EEE) introduced the

chief guest and Mr.M.Shathaj, Energy Club Member (FINAL YEAR EEE) proposed the vote of thanks.

THE DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING IN ASSOCIATION WITH IIC HAS CONDUCTED A WEBINAR ON 14.12.2022

16th Dec, 2022

The Department of Electrical and Electronics Engineering in Association with INSTITUTION'S INNOVATION COUNCIL has conducted a webinar entitled 'Industrial Safety in Mining' on 14.12.2022 (Wednesday). The Webinar started with a welcome address by Mr. Kumara Prasad of third year Electrical and Electronics Engineering. Around 90 students participated in the webinar. It was convened by Prof Dr.G Balaji, Head of the Department.

The resource person of the day was Mr. I. A. Sathish, Head Safety Manager, Rampura Agucha Mine, Hindustan Zinc Limited, Bhilwara District, Rajasthan. The resource person enlightened us about the importance of mining safety and how to protect workers in mining. He gave a brief note on a lot of safety tips to reduce mining accidents, and he also discussed following safety procedures with modern safety equipment. He said about the people who are hesitant to work in mining due to unsafe working conditions, a lack of proper inspections, and noncompliance with occupational health and safety measures. The speaker shared about the most common causes of mine accidents, and he covered a wide range of workplace safety topics, identifying workplace hazards, implementing workplace safety programmes and providing proper safety training to employees. The students interacted with the guest speaker with their queries and illuminated themselves. The Webinar ended with vote of thanks Mr. P.VishwaBharath of third year of Electrical and Electronics Engineering.

The Department of EEE organized a webinar on “Hybrid inverter overview and it’s technical Trend”

31st January, 2023

The Department of Electrical and Electronics Engineering of Paavai Engineering College organized a webinar on the topic of “Hybrid inverter overview and it’s technical Trend” on 31st January, 2023 through the Microsoft Teams platform under Energy Club and IIC, ISTE.

The welcome address was given by S.Nathiya, 2nd year Department of Electrical and Electronics Engineering and the introduction of guest speakers were done by N.Pooja, 2nd year Department of Electrical and Electronics Engineering respectively.

Er. Suresh Thangavel, Global Application Manager, Infineon Technologies India Pvt Ltd, Germany was the resource persons. The resource person explained about the significance of Photovoltaic system, advanced Inverter topologies functions and their performance analysis. He also elaborated on choice of topology, Hybrid inverter, and Chip technology for hybrid inverter. Further he provided guidelines to market overview and scope of application.

The Heads of the Departments /EEE, Faculty members and Students participated in the session and benefitted. The Vote of thanks was delivered by R.Sanjay, 3rd year Department of Electrical and Electronics Engineering.

The resource person enlightened us about the importance of Semiconductor and how to fabrication of semiconductor devices became a viable business. . She gave a brief note on a lot of global semiconductor industry is anticipated to grow to US\$1 trillion in revenues by 2030, doubling in this decade and She also discussed following assembly, testing, marking, and packaging (ATMP) units, plays a crucial role in semiconductor manufacturing as they package and test the silicon chips made at the foundries before they are shipped to the market. She said about the current scenario of India's chip imports in 2021-22 came from China. While Singapore, South Korea, Taiwan, USA, and Japan were other suppliers, China's share comprised more than 50 per cent of the total imports. The speaker shared about the most common causes of Semiconductor Industry, and she covered a wide range of workplace safety topics, identifying workplace hazards, implementing workplace safety programmes and providing proper safety training to employees. The department of EEE in association with Energy club of PEC organized a one day webinar on 14.02.2023

16th Feb, 2023

The Department of Electrical and Electronics Engineering in association with Energy Club of Paavai Engineering College (Autonomous) organized a One Day Webinar on **Measurement Technology and Instrument for Research and Innovation** on 14th February 2023. Dr.M.Premkumar, Principal, presided over the function and insisted the importance of Measurement Technology and Instrument in research work.

The guest speaker was Dr.M.Sangeetha, Professor, Department of Electrical and Electronics Engineering, M.A.M School of Engineering, Trichy. She highlighted the needs of measuring systems with types and the metrics used in measurement system with real time examples. She discussed the difficult terminologies in measurement and the elements used in simple closed loop control systems. She described the importance of measurement technology in all scientific and technical fields (mechanical, electrical, optical and acoustic signals, etc.). She explained how the measurement technology is implemented in artificial intelligence, military test equipment's and about the related instruments. She overviewed the concept of measurement theory that how numbers are assigned to objects and phenomena, and its concerns include the kinds of things that can be measured, how different measures relate to each other, and the problem of error in the measurement process.

The webinar Programme was organized by Professor & Head of the Department Dr.G.Balaji and coordinated by Mrs.S.Suganya and Mrs.G.Uma Maheswari

Earlier G.Emmanuel, II year EEE welcomed the gathering, Mr. Komara Prasad, III Year EEE introduced the chief guest and, K.Sivaranam II Year EEE delivered the vote of thanks.

Totally 150 students benefited from the programme.

ABOUT THE INSTITUTION

Paavai Engineering College established in 2001, is one of the many educational institutions nurtured by Paavai Varam Educational Trust. The college is Self-Financing, approved by AICTE, accredited by NBA, New Delhi and NAAC with "A" grade and affiliated to Anna University Chennai. Our college was granted fresh Autonomous status under UGC Scheme for Autonomous Colleges with effect from the academic year 2015-2016 by UGC, New Delhi. Equipped with latest facility and excellent infrastructure, the college offers a total of 20 full time programmes including U.G, P.G and Ph.D. Currently more than 100 research scholars, both full time and part time, are working for their Ph.D degree. The college has developed five centres of excellence in various disciplines. More research facilities have been created in tie-up with numerous leading industries worldwide.

ABOUT THE DEPARTMENT

The department of Electrical and Electronics Engineering is offering B.E (EEE) and M.E(Power Systems Engineering). The department is enriched with latest lab equipment and promotes R&D activities in related areas in collaboration with industries, wherever possible. The department has well equipped Power Electronics & Drives Lab and Power System Simulation lab with state-of-the-art technology. The faculty members are well experienced and dedicated towards the upliftment of the student community.

The screenshot shows a presentation slide titled "Growth of India's IT Sector" with a timeline from Pre-1990 to 2000-Present. The slide is displayed in a Zoom meeting interface with a sidebar on the left showing participants: NAVANIDHAN and BENTHAMIL. The slide content includes:

- Pre-1990:** By early 1990s, IT based companies began to emerge with low cost and skilled talent pool in India.
- 1990-2000:** A industry started to mature. Increased investment in R&D and infrastructure. India increasingly seen as a product development destination.
- 2000-05:** The number of firms in India grew to over 1000 and started offering complex services such as product management and go-to-market strategies. Western firms set up a number of offices in India.
- 2000-Present:** India is India became BPOs with delivery centers across the globe. India's IT sector is at an inflection point, moving from outsourcing services to enterprise solutions. The country has already become the third largest start-up base.

The slide also features an image of a modern building and a pyramid.

ALUMNI GUEST LECTURE – CARRIER GUIDANCE

Alumni guest lecture titled "CARRIER GUIDANCE" on 11.03.2023 organized by the Department of Mechatronics, Paavai Engineering College, Namakkal.

It was aimed at providing awareness to students about the expectations of Industries. Welcome address was given by Finny Babu, III-MCT. Mr. Suraj K Raghavan, Assistant Manager, Panasonic India Pvt. Ltd., Bangalore and Arjun P, Administration Incharge, Jupitar Speciality Medical Centre, Dubai were the resource speakers. Kamalesh.N, III-MCT introduced the resource speaker.

Mr. Suraj K Raghavan explained about the statistic on the current employability status of engineering students. He highlighted the growth of IOT, Machine Learning, Industry 4.0, which has increased demand for fresh engineers. His talk also focused on the recent industry trends in core engineering field. He listed down more than fifteen roles/designation currently being practiced in the core companies; their skill set requirement, companies name, job responsibilities etc. and explained the career growth ladder.

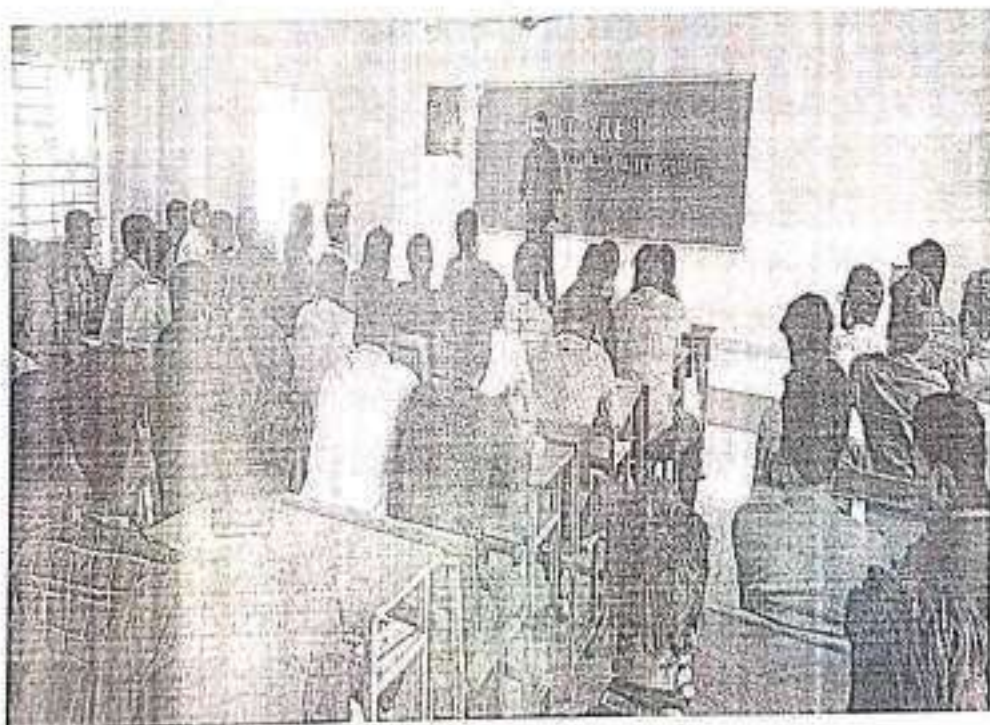

Arju P briefed about the various job opportunities for mechatronics engineer in foreign countries especially in medical field. He also focused on the industries expectations from freshers and what are the additional skills to be required.

Around 90 students participated in the guest lecture. Queries were asked and it was clarified by the resource speakers.

The session ended with a Vote of Thanks by Buvnesh.R, II-MCT. The event was organized by Dr.D.R.P. Rajarathnam, HoD/MCT and Mr.R. Arunbabu, Assistant Professor.

DEPARTMENT OF MECHATRONICS IN ASSOCIATION WITH ISTE STUDENT CHAPTER ORGANIZED A WEBINAR ON "INTRODUCTION TO INDUSTRY 5.0 AND ITS APPLICATIONS" ON 9.02.2023

The department of Mechatronics and ISTE student chapter of Paavai Engineering College organized a one-day online webinar through Microsoft Teams Platform titled on "INTRODUCTION TO INDUSTRY 5.0 AND ITS APPLICATIONS" on 9th February 2023. Mr. Ramachandran Sivakumar, Third year B.E/MCT welcomed the participants. Dr.M. Premkumar, Principal, Paavai Engineering College, explained the increase in technological advancements in the areas of artificial intelligence (AI), machine learning (ML) and data analytics has led to the next industrial revolution "Industry 5.0". Mr. Naveen Venkatesh, Third year B.E/MCT introduced the chief guest. Dr.R.Rajkumar, Assistant Professor, Department of Computer Science Engineering, SRM Institute of Science and Technology, Chennai was the guest speaker. He pointed out the application areas of Industry 5.0 such as smart manufacturing, supply chain management, smart textiles, intelligent traffic, innovation ecosystem, cloud manufacturing, digital marketing, real-time productivity optimization, augmented reality and virtual reality, predictive maintenance, smart additive manufacturing. Finally, the vote of thanks was proposed by Mr. Navanidhan, Third year B.E/MCT. The webinar helped the students as well as staff in understanding the concept of Industrial Safety. The session was very informative and interesting. Totally about 82 students got benefited from the session.

The Department of Mechatronics in association with the Institution's Innovation Council organised an online guest lecture titled "Critical thinking and Design thinking in Innovation" on 17.08.2022. It was aimed at disseminating knowledge to the students about the basic details of Critical thinking, Design thinking and Intellectual Property (IP). The welcome address was given by R. Navanidhan III-MCT. Mr.S.Ramprakash, Manager, Integrated Components and Solution, Caterpillar India Engineering Solutions PVT LTD, Chennai was the resource speaker. Naveen V, III-MCT introduced the resource speaker.

In his address, he briefed about the need for Critical thinking and Design thinking in the field of Engineering with various real-time examples. He also explained the various details of Intellectual Property (IP). He stressed the importance of filing Patents and Trademarks that helps the innovators to prevent their innovations from being misused. Around 83 members participated in the online guest lecture. Queries were posted and it was clarified by the resource speaker.

The session ended with a vote of thanks by Harish B, IV- MCT. The event was organized by Dr. D. R. P. Rajarathnam, HOD, Mechatronics and Dr.R.T. Ajaykarthik, Associate Professor, MCT. Institution's Innovation Council Vice President of Paavai Engineering College, Dr. K. Sundara Murthy, Professor, Mechanical, Convenor Dr. R. Mr.G.SHANMUGAM explained how internet of things (IOT) is used for Building Management and Energy Saving Systems by remote controls and automatic monitoring of the facilities through Intelligent Safety Systems such as Closed-Circuit Television, Card Access Control, Smoke detection, Emergency control of elevator, doors, HAVC system along with Data Access Security. In the end of the session, he answered the questions of the participants.

"TRENDS IN HYBRID NATURAL FIBRE COMPOSITES"

The poster is for a webinar organized by the Department of Mechanical Engineering and the Society of Mechanical Engineers at PAAVAI ENGINEERING COLLEGE (AUTONOMOUS), NH - 44, PACHAL, NAMAKKAL, TAMILNADU. The webinar is titled "TRENDS IN HYBRID NATURAL FIBRE COMPOSITES" and is scheduled for Friday, 12.11.21, from 11.15 AM to 12.15 PM. The speaker is Dr. T. RAMESH KUMAR, Associate Prof / MECH at BANNARI AMMAN INSTITUTE OF TECHNOLOGY, SATHY, TAMILNADU. The poster also lists the Convener (Dr. A. P. SIVASUBRAMANIAM, Prof / HEAD), Coordinator (Dr. V. SUBBUEAM, Prof / MECH), and Key Coordinator (Dr. K. SIDDHARA MURTHY, Prof / MECH). The poster is powered by Microsoft Team App.

The Department of Mechanical Engineering in association with the 'Society of Mechanical Engineers' organized a webinar on "TRENDS IN HYBRID NATURAL FIBRE COMPOSITES" on 15.11.2021. The Guest Speaker was from Bannari Amman Institute of Technology, Sathy, Tamilnadu, **Dr. T.Ramesh Kumar**, Associate Professor, Department of Mechanical Engineering and Head - Quality Systems.

Dr. T.Ramesh Kumar clearly explained through PPTs and videos, various aspects of Hybrid Natural Fibre Composites such as types, classification, production methods and application in various fields. The exposure helped students to understand the emergence of Fibre Composites as a replacement of the traditional materials in industries like construction, packaging and others. In the end of the session, there was interaction between the students and the Guest Speaker in which, he answered the questions raised by the students.

The Department of Mechanical Engineering and The Society of Mechanical Engineers jointly organized a webinar on "ADVANCED DESIGN AND MANUFACTURING" on 26.11.2021 to update the students on the latest trends in Mechanical Engineering. Industrial expert **Mr.R.Devaraj**, Product Specialist, Digital Manufacturing Group, Autodesk India Pvt. Ltd, Chennai was the Guest Speaker of the day.

Mr.R.Devaraj, explained how the advent of artificial intelligence and software have made complex designing and manufacturing process simple. He elaborated on the modern aspects of manufacturing through PPTs and videos which included the following highlights: Now in the modernized Industry 4.0 the stages of design and production include visualize-simulate-optimize-automate. The advanced 'Designing process' includes 'i-logic design' by which any customization could be automated, 'generative design' that is used for iterative design and can design exponentially and apart from this 'design styling software' can be used for different styles. Next is the 'Experiencing process' where High Quality Rendering and 'Virtual Reality' tools are used to experience the quality of the product outcome. Design Studio is used for new product development, particularly in automobile industry that involves different stages like "Designing-Styling-Validating-Manufacturing". A German company called Kolb fabricates clay models of car to implement various modifications in the design. unwanted stock from bulk) or Additive Manufacturing (layer by layer addition to get the required form).

At the end, the guest speaker cleared the doubts of the students and provided inputs on skillsets required to get into different types of manufacturing companies during the interaction session.

"SAFETY HAZARDS AND MITIGATION MEASURES"

The poster is a rectangular graphic with a light background and a dark border. At the top left is the college logo, a gear with a sun-like symbol inside. To its right, the text reads: **PAAVAI ENGINEERING COLLEGE** (AUTONOMOUS), NH-44, PACHAL, NAMAKKAL, TAMILNADU. Below this, it says **DEPARTMENT OF MECHANICAL ENGINEERING & SOCIETY OF MECHANICAL ENGINEERS ORGANIZE**. The main title is **WEBINAR ON SAFETY HAZARDS AND MITIGATION MEASURES**. In the center is a circular portrait of a man with glasses and a beard, identified as **SPEAKER Mr. S. Gokul M. E**, Safety Executive at Pon Pure Chemicals Pvt. Ltd., Chennai. Below the portrait, the **DATE** is 12.12.21 and the **TIME** is 11.15 am to 12.15 pm. At the bottom, there are three columns of text: **CONVENOR** Dr. A. V. SUNDARARAMAN, **COORDINATOR** Dr. K. SUDHAKARMOORTHY, and **CO-COORDINATOR** Dr. V. SUNDARAM. The footer text reads: **ORGANIZED BY LED NICKERBY TEAM 2021**.

The Department of Mechanical Engineering and The Society of Mechanical Engineers jointly organized a webinar on "SAFETY HAZARDS AND MITIGATION MEASURES" on 12.12.2021 to make the students to learn about work hazards in industries and the prevention measures. **Mr.S.Gokul**, Safety Executive, Pon Pure Chemicals Pvt. Ltd, Chennai was the Guest Speaker.

Mr.S.Gokul, explained about different safety hazards that prevail in the industries like fire hazards, electrical accidents, falling of objects and release of toxic gases. He also explained how different PPEs (Personal Protective Equipments) are used in industries to protect various body parts of employees during work. He further explained how fires are classified as class A, B, C, D etc. and the availability of different types of fire extinguisher that uses water, powder, CO₂ foam to extinguish particular type of fire. Further more he told that Water extinguishers are not in use today and the CO₂ extinguisher if not handled properly can cause frost bite in the hand as the gas could produce very cold temperature. At the end, the guest speaker cleared the doubts of the students like the significance of ISO 45001:2008, NEBOSH exams and qualifications required to become an industrial safety engineer.

A One Day Seminar on “Futures of Augmented Reality and Virtual Reality”

The department of MCA organized a one day seminar on “Futures of Augmented Reality and Virtual Reality” on 06th May 2023. Paavai Engineering College Alumni Mr.C.Arunkumar, M.Sc. (Software Engineering) 2013 batch, Augmented Reality Designer and Developer, Ekalaivan, Chennai, was the chief guest of the function. The function started with an auspicious note with the prayer song. Ms.R.Neha, I-Year MCA welcomed the gathering. The function was presided over by Dr. P.Muthusamy, Head of the Department, Department of Master of Computer Applications, Paavai Engineering College. Earlier, Introduction of the chief guest was given by Ms.V.Vimala, I-Year MCA.

The chief guest started his speech with an introduction about the “Augmented Reality” which gave everyone a clear view about it. He then elaborated the difference between the virtual reality and the augmented reality which helped the students to differentiate them in real world.

He narrated the new technologies of augmented reality. He demonstrated using some videos which made the students understand the topic very easier. He also showed us the applications of augmented reality in education as well as other fields. He also explained the usage of various tools like ARKit, ARCore, ARtoolkit and EasyAR for augmented reality creation.

The sessions were highly interactive and the queries of the students were clarified in a detailed manner by the resource person. The outcome of the one day seminar was that the students were able to understand augmented reality concepts and help them develop applications using augmented reality.

The function concluded with the vote of thanks by Ms.M.Lavanya, First year MCA. The Heads of various Departments, The Professors, and the Faculty members actively participated in the programme and made it a grand success. The Students from MCA department, participated with full zeal to get benefitted by this programme.

A One Day Seminar on “Evolution of Web Designing and it’s Applications”

The department of MCA organized a one day seminar on “Evolution of Web Designing and its Applications”. On 09th May 2023, Mr.Rajkumar Kalaimani, Senior Engineer, Product and Platform, Chennai, was the chief guest of the function. The function started with a divine note along with the prayer song. Ms.R.Neha, I-Year MCA, welcomed the gathering. The function was presided over by Dr. M.Premkumar, Principal, Paavai Engineering College. Earlier, Introduction of the chief guest was given by Ms.V.Kalpana, I-Year MCA.

Dr.M.Premkumar, in his presidential address, insisted the importance of Seminars and Workshops to enhance the knowledge of the students and also, advised them to involve in all the activities to get the maximum benefit. Finally, he motivated the students to focus on the research to create new innovations.

The chief guest, Mr.Rajkumar Kalaimani, in his keynote, addressed the students to be well versed in the fundamentals of programming and computer science field, so that they could update any latest technology in their respective field. He gave a detailed information about Client Side Scripting, Server Side Scripting, HTML5, CSS-3 (Cascading Style Sheet) and Java Script. Then, he narrated the Web application Development Concepts, Types of Web applications, Process of Web Development and Environment Setup for web application programs on Visual studio IDE (Integrated Development Environment) environment lively.

The session was an interactive one and helped the students to clear their queries by the resource person. The outcome of this one day seminar was that the students were able to understand the concept of web designing and developing web applications with the latest web technology.

The function concluded with the vote of thanks by Ms.R.Pushparagini, I-year MCA. The Heads of various Departments, The Professors, and the Faculty members actively participated in the progamme and made it a grand success. The students from MCA department participated with full motivations and got benefitted by this programme.

The **Internal Quality Assurance Cell, Paavai Engineering College** in association with Department of Biomedical Engineering organized a motivational workshop on “**Avenues for the Research proposals in India**” on 13th May, 2023 with Dr.A.Arokiarajan, **Solid Mechanics Division, Department of Applied Mechanics, Indian Institute of Technology, Chennai**, as the resource person. This session was coordinated by Professor Dr.K.Sundara Murthy along with Dr.T.Arunkumar, HOD / BME and other faculty members. Dr.M.Premkumar, Principal, Paavai Engineering College delivered the Presidential Address on the occasion. The guest speaker shared his knowledge on **Avenues for the Research proposals in India** among the faculty members in detail about the Government organizations, Government grants and schemes for the Research Proposal. He further explained how to get a patent from idea pitching and then convert a prototype. He also clearly explained about the SERB power grant (Especially only for Women) and also about Equity Grant. He also gave examples how to write the paper in right manner and in brief. The session was very informative and interactive. He clarified all the queries raised by the faculties. The program came to an end with the vote of thanks. The Management, Director-Admin, Principal and Staff members provided all the support to make the event a very successful one.

LECTURE REPORT

The guest lecture comprises the Innovation in Biomedical Technology. The responsibilities of biomedical engineers can be explained as follows: Healthcare systems are vast and complex, biomedical engineers can work on any of a number of necessary tasks, such as developing artificial organs, building machines to aid in diagnosis, providing technical support for medical technology, training clinicians in machine use, and even studying the engineering aspects of biological systems, like the endocrine system, in humans and animals. Most biomedical engineers claim a concentration in specific professional field. Biomedical engineering studies are broad, encompassing biology, chemistry, math, physics, computer science, and more, so biomedical engineers can apply any of this knowledge to benefit the medical community.

REPORT:

Conducting a guest lecture in the field of biomedical science can be an exciting opportunity to share knowledge, insights, and advancements with students or professionals. Below is a suggested outline for a guest lecture in biomedical science. Keep in mind that the specifics may vary based on the level of the audience (undergraduate, graduate, or professional) and the particular focus of the lecture. Clearly state the objectives and what participants can expect to learn. Highlight the interdisciplinary nature of biomedical science, involving biology, medicine, chemistry, physics, and engineering. Discuss some recent groundbreaking discoveries or advancements in Biomedical Engineering.

ABOUT WEBINAR

The guest lecture comprises the future scope of biomedical engineer in different specialized fields like sales executive, service executive, field service engineer, application specialist. The opportunities available for biomedical engineers in different areas like in hospital, manufacturing companies and which are all the companies suited for biomedical engineer has been explained. Research in biomedical engineering involves both discovery and invention. Clinical advances provide input for further improvements in methodology and for generating hypotheses to be tested in the laboratory; and conversely, the results of fundamental advances in biology, medicine, materials and physicochemical and engineering processes can lead to the development of therapy and technology that may reach the clinic. Indeed, major inventions of biomedical engineering such as artificial joints, magnetic resonance imaging, heart pacemakers, heart–lung machines and angioplasties are built on findings stemming from basic research and have enabled further discoveries.

ABOUT WEBINAR

The guest lecture comprises the role of biomedical engineer in hospitals. The responsibilities of biomedical engineers can be explained as follows: Healthcare systems are vast and complex, biomedical engineers can work on any of a number of necessary tasks, such as developing artificial organs, building machines to aid in diagnosis, providing technical support for medical technology, training clinicians in machine use, and even studying the engineering aspects of biological systems, like the endocrine system, in humans and animals. Most biomedical engineers claim a concentration in specific professional field. Biomedical engineering studies are broad, encompassing biology, chemistry, math, physics, computer science, and more, so biomedical engineers can apply any of this knowledge to benefit the medical community.

About webinar

He taught about basic respiratory function for understanding of ventilator inhalation and exhalation process like mechanical ventilation helps move air into and out of the lungs, with the main goal of helping the delivery of oxygen and removal of carbon dioxide. Reason for using mechanical ventilation including to protect the airway due to mechanical or neurologic cause, to ensure adequate oxygenation, or to remove excess carbon dioxide from the lungs. Various healthcare providers are involved with the use of mechanical ventilation and people who require ventilators are typically monitored in an intensive care unit were explained in detailed manner. Also he taught about sensors which are used in ventilators. Under which conditions the ventilators needed for the patients. He explained about the basic modes of operation of mechanical ventilation.. One of the main reasons why a patient is admitted to an ICU is for delivery of mechanical ventilation to enhance understanding of pathophysiology, aid with diagnosis, guide patient management, avoid complications and assess trends had been explained. He also delivered the risks and complications of ventilators and also explained about how to overcome the problem occurrence in ventilators.
