

**PAAVAI ENGINEERING COLLEGE (AUTONOMOUS)**

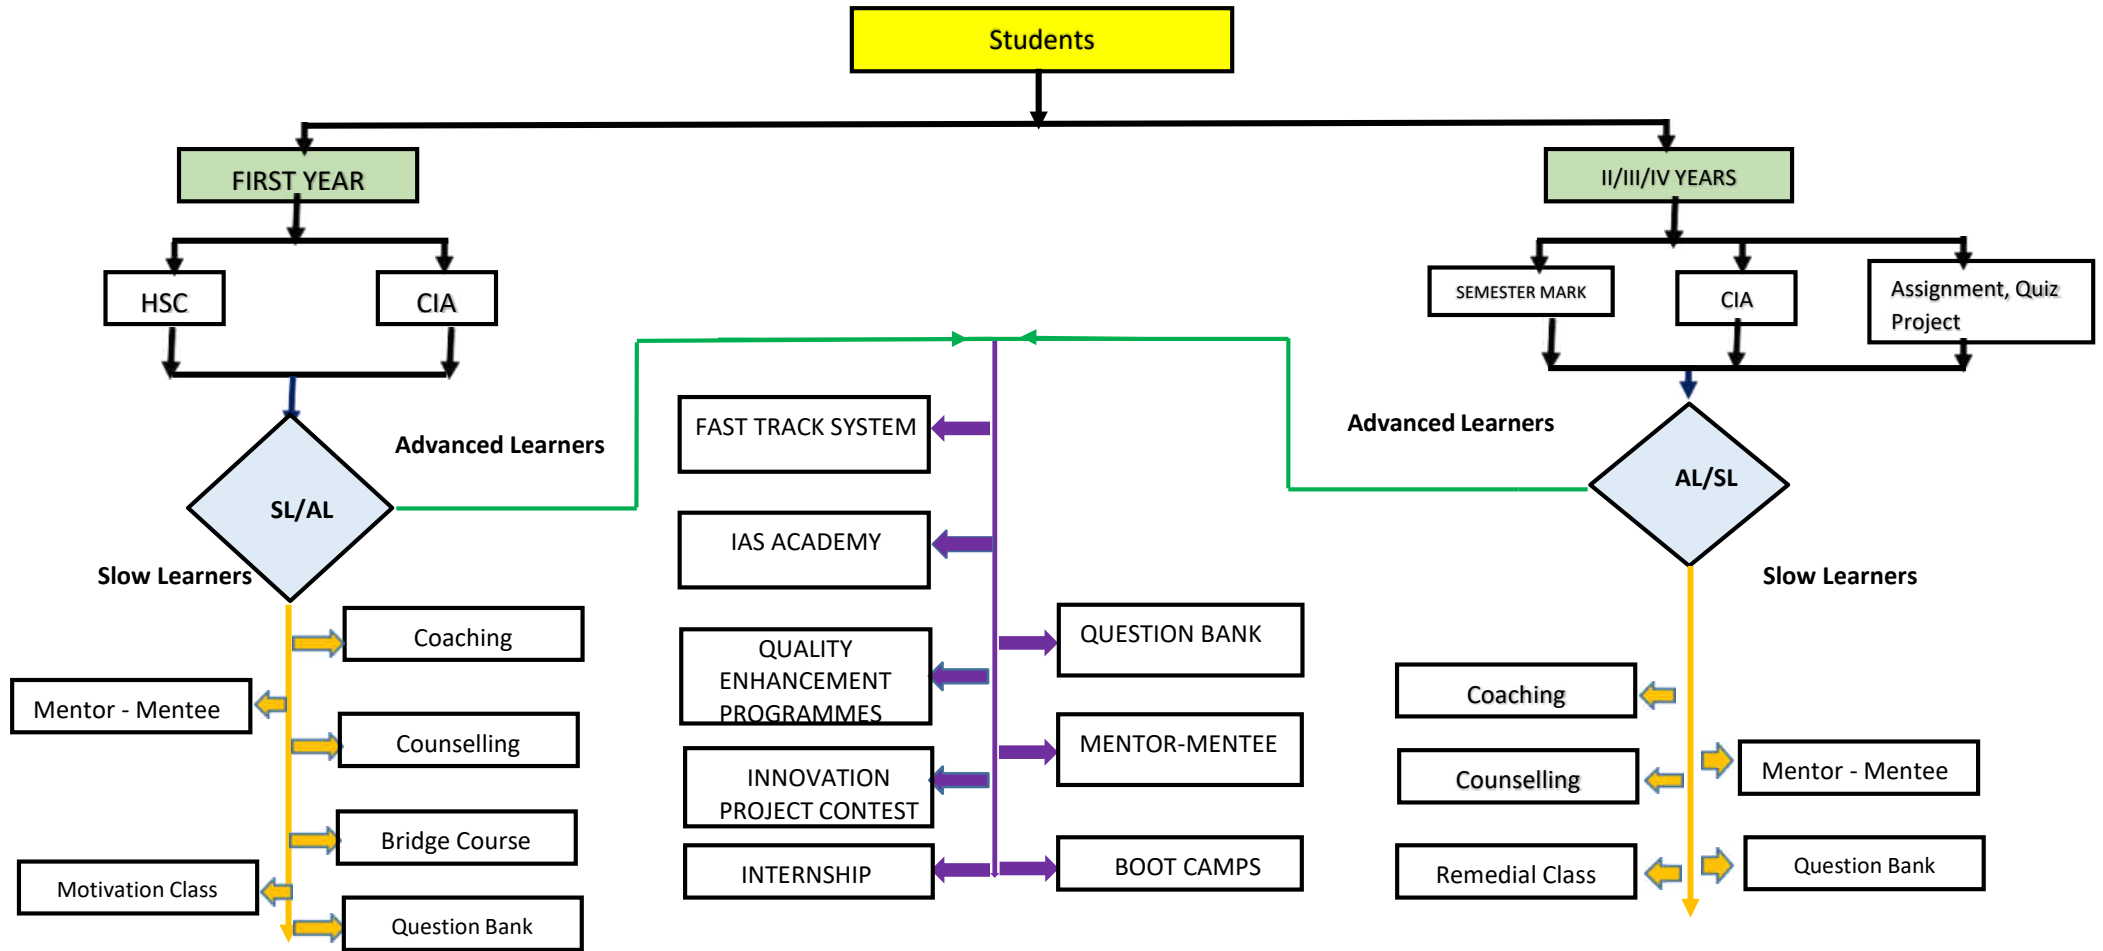

**Pachal, Namakkal – 637018.**

**2.2.1: The institution assesses students' learning levels and organises special programmes for both slow and advanced learners:**

1. Assessment flow diagram of slow and advanced learners
2. Remedial and coaching class reports
3. Fast Learner activity report

**PAAVAI ENGINEERING COLLEGE (AUTONOMOUS)**  
**Pachal, Namakkal – 637018.**

**2.2.1 ASSESMENT FLOW OF SLOW LEARNERS AND ADVANCED LEARNERS**

**SLOW LEARNERS AND ADVANCED LEARNERS**

Date: 20.12.2023

The coaching class for the students who scored less than 50% of mark and absentees in the Continuous Assessment I in the course MA20302 - LINEAR ALGEBRA AND PARTIAL DIFFERENTIAL EQUATIONS has been conducted as per the coaching schedule. After completion of the coaching class, it is notice that the students that some students shown the considerable performance increase in Continuous Internal Assessment I result publish, have also shown the considerable performance increase in Continuous Internal Assessment II (CIA II). The rich effectiveness of conducting the coaching class is inferred as a whole for test result. Here with the coaching class comparison report is enclosed.

Date: 20.12.2023

The coaching class for the students who scored less than 50% of mark and absentees in the Continuous Assessment I in the course MC20301- VALUE EDUCATION has been conducted as per the coaching schedule. After completion of the coaching class, it is notice that the students that some students shown the considerable performance increase in Continuous Internal Assessment I result publish, have also shown the considerable performance increase in Continuous Internal Assessment II (CIA II). The rich effectiveness of conducting the coaching class is inferred as a whole for test result. Here with the coaching class comparison report is enclosed.

**Coaching Class Report**

**Date: 21.12.2023**

The coaching class for the students who scored less than 50% of mark in the Continuous Assessment I in the course IT20302 - Design and Analysis of Algorithms has been conducted as per the coaching schedule. After completion of the coaching class, it is notice that the students that some students shown the considerable performance increase in Continuous Internal Assessment I result publish, have also shown the considerable performance increase in Continuous Internal Assessment II (CIA II). The rich effectiveness of conducting the coaching class is inferred for test result. Here with the coaching class comparison report is enclosed.

**Date: 14.01.2024**

This is to inform that Students who scored below 50% of marks and absentees in Continuous Internal Assessment II (CIA II), must conduct coaching classes from 19.1.2024 to 30.1.2024 and hereby they are instructed to undergo the coaching classes in the evening (5.00 P.M to 6.30 P.M) as per the schedule. The students are asked to attend the class without fail for their learning and academic performance.

The staff members are requested to conduct the coaching classes for slow learners as per the schedule given below.

**Ref: S&H/CIR/CC/2022-2023/09**

**Date: 18.06.2024**

This is to inform that Students who scored below 50% of marks and absentees in Continuous Internal Assessment II (CIA II), must conduct coaching classes from 21.06.2024 and hereby they are instructed to undergo the coaching classes in the evening (5.00 P.M to 6.30 P.M) as per the schedule. The students are asked to attend the class without fail for their learning and academic performance.

The staff members are requested to conduct the coaching classes for slow learners as per the schedule given below.

**Coaching Class Report**

**Date: 02.07.2024**

The coaching class for the students who scored less than 50% of mark in the Continuous Assessment II in the course MA23202- Differential Equations and Numerical Techniques has been conducted as per the coaching schedule. After completion of the coaching classes, it is notice that the students that some students shown the considerable performance increase in Continuous Internal Assessment I result publish, have also shown the considerable performance increase in Continuous Internal Assessment III (CIA III). The rich effectiveness of conducting the coaching class is inferred for test result. Here with the coaching class comparison report is enclosed.

**Remedial Class Analysis Graph**

The slow learners were observed that the improvement in performance of periodical Continuous Internal Assessment tests. The graph drawn below, based on the remedial classes and timely analysis.

The graph shows in the **CE20604-Design of steel structures** by conducting remedial classes for the slow learners before each Continuous Internal Assessment test, the pass percentage (%) of the students got increased.

Thus the pass percentage of the particular subject is (50%) when compared to the previous academic year (86%).

**Remedial Class Graph Analysis Report**

The slow learners were observed, given practice for all important concepts and their performance was improved in Continuous Internal Assessment Tests during the period. The graph prepared based on the remedial classes.

The graph shows results in the subject CY20504/Design and Analysis of Algorithms. After conducting remedial classes for the slow learners, before each Continuous Internal Assessment test, the pass percentage (%) was increased. To improve the result of end semester exam the remedial class was conducted and the target was achieved. The pass percentage was improved when compared to previous semester. Thus the result was improved to 96.72 % in the particular subject.

The slow learners were observed that the improvement in performance Continuous Internal Assessment Tests during the period. The graph prepared based on the remedial classes.

The graph shows results in the subject CY20403/Python Programming .By conducting remedial classes for the slow learners before each Continuous Internal Assessment test, the pass percentage (%) was increased. To improve the result of end semester exam the remedial class was conducted and achieved the target. So that pass percentage was maintained when compared to previous semester. Thus the result was 86.21 % in the particular subject.

Slow learners are identified by the student's performance in previous semester end examinations. Similarly students having backlogs in their previous semester end examinations can be also considered as slow learners. Special Classes will be conducted after college hours for these students to revise the topics of ongoing semester subjects. Counselors also will maintain special attention on these students.

Remedial class schedule will be announced and attendance of these students for the class work will be monitored.

The following first year students are asked to attend the class without fail. Attendance is compulsory.

**Remedial Class Analysis**

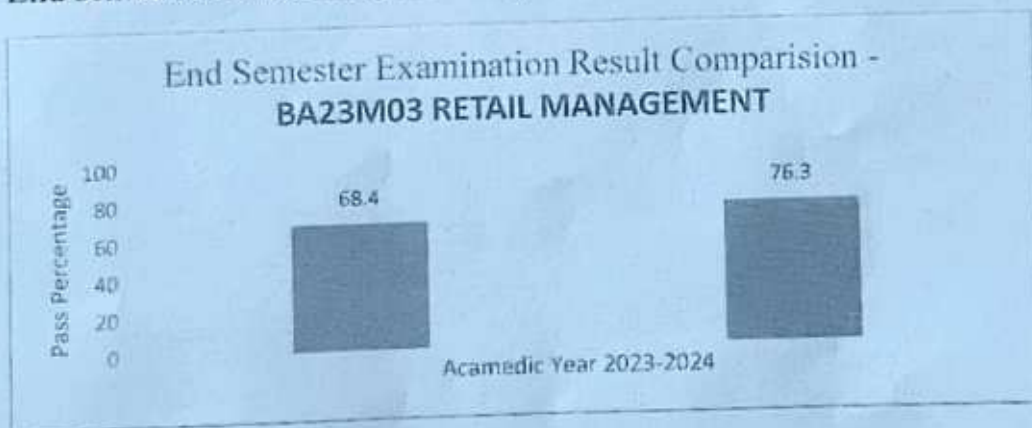

The slow learners were observed by improvement in the performance of periodical continuous improvement assessment tests. The graph that shown below based on the remedial classes for slow learners and their timely analysis.

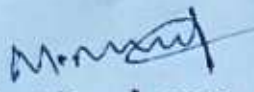

The pass percentage (%) of the students in the subject **BA23M03 RETAIL MANAGEMENT** got increased in the continuous improvement assessment test by remedial class for slow learner.

Thus the pass percentage of the particular subject **BA23M03 RETAIL MANAGEMENT** is 100% when compared to the previous academic year 76.3%

In the previous academic year **2023-2024 odd semester**, **BM20604 - BIOCONTROL SYSTEMS** was identified as result pulling subject and we have plan to conduct remedial class to the slow learners for this subject. Slow learners are identified by the student's performance in previous CIA Marks, activities and those students identified/verified by head of the department. Similarly, students having backlogs in their previous end semester examinations can be also considered as slow learners. Remedial class schedule will be announced and attendance of these students for the class work will be monitored.

The following **Second year students** are asked to attend the remedial class without fail, Attendance is compulsory.

**SUBJECT INCHARGE**

**HoD/ BME**

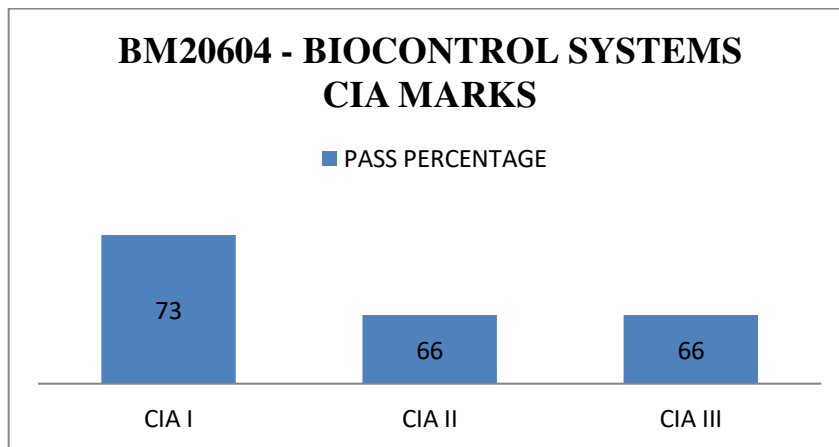

**Paavai Engineering College, Namakkal**

**(Autonomous)**

**Department of Biomedical Engineering**

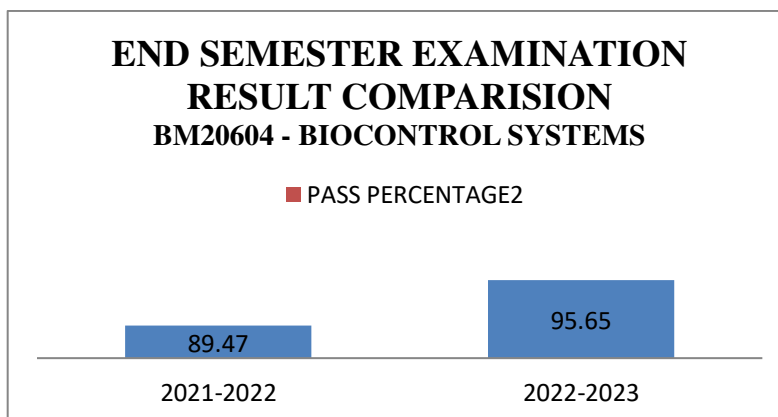

**Remedial Class Analysis -Graph**

The slow learners were observed that the improvement in performance of periodical Continuous Internal Assessment Tests. The graph is drawn below, based on the remedial classes and timely analysis.

The graph shows in the subject BM20604 – Biocontrol Systems by conducting remedial classes for the slow learners before each Continuous Internal Assessment test, the pass percentage (%) of the students got increased.

Thus the pass percentage (%) of the particular subject is 95.65% when compared to the previous academic year 89.47%
